ACCOUNTING

Amended Date/s: Amended 12 March 2002
Amended 24 April 2006 – Minute No. 137/06
Amended 21 September 2009 – Minute No. 255/09
Amended 19 January 2015 – Minute No. 13/15
Amended 12 December 2016 – Minute No. 364/16

Applicable Legislation: Local Government Act 1993 – Section 84

Objective
The general purpose financial report will be prepared in accordance with Australian Accounting Standards, including Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Local Government Act 1993 (as amended).

Administration: Corporate Services
Review Cycle/Date: Next review 2020

1. BASIS OF ACCOUNTING

Council’s financial report is a general purpose financial report that consists of the Statements of Comprehensive Income, Financial Position, Changes in Equity, Cash Flows, and notes accompanying the financial statements. The general purpose financial report will comply with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, and the Local Government Act 1993 (as amended).

The general purpose financial reports of Council will be prepared under the historical cost convention, as modified by the revaluation of certain classes of property, plant and infrastructure.

Management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgements. Actual results may differ from these estimates.

The estimates and underlying assumptions will be reviewed on an ongoing basis. Revisions to accounting estimates will be recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by Council that have significant effects on the Financial Report will be disclosed in the relevant notes as follows:

- **Fair Value of Property Plant & Infrastructure**
  Assumptions and judgements are utilised in determining the fair value of Council’s property, plant and infrastructure including useful lives and depreciation rates. These assumptions are discussed at Points 5 and 6.

- **Defined benefit superannuation fund obligations**
  Actuarial assumptions will be utilised in the determination of Council’s defined benefit superannuation fund obligations.

- **Employee entitlements**
  Assumptions will be utilised in the determination of Council’s employee entitlement provisions. These assumptions are discussed at Point 11.
• **Investment in Water Corporation**
  Assumptions utilised in determination of Council’s valuation of its investment in TasWater are discussed at Point 9.

2. **LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which Council controls resources to carry out its functions have been included in the financial report.

In the process of reporting on the Northern Midlands Council as a single unit, all transactions and balances between those funds (e.g. loans and transfers) will be eliminated. The recording of transactions and balances for internal borrowings will be eliminated.

3. **DEFINING ACTIVITIES**

Activities of Council are classified into the following functions:

**I) Governance**

The provision of elected representation, executive support, strategic planning and public relations.

**II) Infrastructure & Works**

The provision of engineering, waste management, maintenance and construction works of Council infrastructure and facilities.

**III) Corporate Services**

The provision of financial and information management to other functional areas of Council.

**IV) Planning & Development**

The provision of:
- Land Use Planning
- Building Services
- Public and Environmental Health
- Urban Design
- Environmental & Natural Resources

**V) Economic & Community Development**

The provision of:
- Economic & Tourism Development
- Education
- Social (Human) Services
- Recreation

4. **REVENUE RECOGNITION**

Revenue is measured at the fair value of the consideration received or receivable. Revenue is measured on major income categories as follows:

**I) Rates, Grants and Contributions**

Rates, grants, donations and other contributions (including developer contributions) will be recognised as revenues when Council obtains control over the assets comprising these receipts.

Control over assets acquired from rates will be obtained at the commencement of the rating period or, where
earlier, upon receipt of the rates.

Control over granted assets will be normally obtained upon their receipt or upon prior notification that a grant has been secured.

Donations and other contributions that are not subject to accompanying conditions that they be expended in a particular manner or for a particular purpose will be recognised as revenue in the reporting period when Council obtains control over the assets comprising the contributions and donations.

Non-monetary contributions (including developer contributions) with a value in excess of the recognition thresholds’, will be recognised as revenue and as non-current assets. Non-monetary contributions below the thresholds will be recorded as revenue.

II) **User Charges**

User charges and fines will be recognised as revenue when the service has been provided, the payment is received, or when the penalty has been applied, whichever first occurs. A provision for impairment of debts is recognised when collection in full is no longer probable.

III) **Sale of Property, Plant and Infrastructure**

The profit or loss on sale of an asset is determined when control of the asset has irrevocably passed to the buyer.

IV) **Interest and Rents**

Interest and rents will be recognised as revenue on a proportional basis when the payment is due, the value of the payment is notified, or the payment is received, whichever first occurs.

V) **Dividends**

Dividend revenue will be recognised when Council’s right to receive payment is established.

5. **Expense Recognition**

Expenses will be recognised in the Statement of Comprehensive Income when a decrease in future economic benefits related to a decrease in asset or an increase of a liability has arisen that can be measured reliably.

(I) **Employee Benefits**

Employee benefits include, where applicable, entitlements to wages and salaries, annual leave, sick leave, long service leave, superannuation and any other post-employment benefits.

II) **Depreciation of Property, Plant & Infrastructure**

Buildings, land improvements, plant, infrastructure and other assets having limited useful lives will be systematically depreciated over their useful lives to the Council in a manner which reflects consumption of the service potential embodied in those assets. Estimates of remaining useful lives and residual values will be made on a regular basis with major asset classes reassessed annually. Depreciation rates and methods will be reviewed annually.

Where assets have separate identifiable components that are subject to regular replacement, these components are to be assigned distinct useful lives and residual values and a separate depreciation rate is determined for each component.

Road earthworks are not to be depreciated on the basis that they are assessed as not having a limited useful life.

Land is not depreciated.

Straight line depreciation will be charged based on the residual useful life as determined each year.
Major depreciation periods to be used are listed below:

**III) Repairs & Maintenance**

Routine maintenance, repair costs, and minor renewal costs will be expensed as incurred. Where repair relates to the replacement of a component of an asset and the cost exceeds the capitalisation threshold the cost is capitalised and depreciated. The carrying value of the replaced asset is expensed.

**6. Recognition and Measurement of Assets**

**I) Assets**

The Council controls and owns assets that are required to provide the services for which it has responsibility. These assets include:
- land,
- buildings,
- fleet,
- plant and infrastructure; i.e. roads, bridges and stormwater.

**II) Acquisition and Recognition**

The cost method of accounting will be used for the initial recording of all acquisitions of assets.

‘Cost’ represents the fair value of these assets given as consideration plus costs incidental to their acquisition (including architects fees, engineering design fees, and administration charges and all other costs incurred) in getting the asset ready for use.
Property, infrastructure, plant and equipment received in the form of contributions, will be recognised as assets and revenues at fair value by Council valuation where that value exceeds the recognition thresholds for the respective asset class. Fair value is the price that would be received to sell the asset in an orderly transaction between market participants at the measurement date.

In determining the cost of non-current assets constructed by the Council, ‘Cost’ includes all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. The cost of all materials includes all consulting and engineering fees.

Non-monetary assets received in the form of grants or donations will be recognised as assets and revenues at their fair value at the date of receipt.

‘Fair value’ means the amount for which an asset could be exchanged between a knowledgeable, willing buyer and a knowledgeable, willing seller in an arms length transaction. In relation to infrastructure assets it is represented by depreciated replacement cost.

Council applies a capitalisation threshold and assets purchased or constructed with a value less than this threshold will be charged to the Statement of Comprehensive Income in the year of purchase (Other than where they form part of a group of similar items which are material in total).

The following classes of assets are to be recognised in the general purpose financial reports of Council, the threshold limits detailed below will be applied when recognising assets within an applicable asset.

(iii) **Valuation of Non-Current Assets**

Subsequent to the initial recognition of assets, non-current physical assets, other than asset categories listed in the table below as at cost, will be measured at their fair value in accordance with AASB 116 Property, Plant and Equipment and AASB 13 Fair Value Measurement. At balance date, Council will review the carrying value of the individual classes of assets measured at fair value to ensure that each asset class materially approximated its fair value. Where the carrying value materially differs from the fair value at balance date the class of asset will be revalued.

In addition, Council undertakes a formal revaluation of land, buildings and infrastructure assets on a regular basis to ensure valuations represent fair value. The valuation is performed either by experienced Council officers or independent experts.

Where the assets are revalued, the revaluation increments will be credited directly to the asset revaluation surplus except to the extent that an increment reverses a prior year decrement for that class of asset that had been recognised as an expense in which case the increment is recognised as revenue up to the amount of the expense.
Revaluation decrements will be recognised as an expense except where prior increments are included in the asset revaluation surplus for that class of asset in which case the decrement is taken to the reserve to the extent of the remaining increments. Within the same class of assets, revaluation increments and decrements within the year are to be offset.

Council has adopted the following valuation basis for its non-current assets:

IV) IMPAIRMENT OF ASSETS

At each reporting date, Council will review the carrying value of its assets to determine whether there is any indication that these assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset’s fair value less costs to sell and value in use, is compared to the asset’s carrying value. Any excess of the asset’s carrying value of its recoverable amount is expensed to the Statement of Comprehensive Income, unless the asset is carried at the revalued amount in which case, the impairment loss is recognised directly against the revaluation reserve in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same class of asset.

Assets that have an indefinite useful life will not be subject to amortisation and will be tested annually for impairment. Assets that are subject to amortisation will be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset’s carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset’s fair value less costs to sell and value in use.

For non-cash generating assets of Council such as roads, bridges, stormwater & drainage and the like, value in use is represented by the deprival value of the asset approximated by its written down replacement cost.

V) MAINTENANCE VS CAPITALISATION

Officers of the Council will determine at the occurrence of an event whether to capitalise or expense costs incurred in property, plant and infrastructure. The following formula is provided as a guide, “maintenance, repair costs and minor renewals will be charged as expenses as incurred unless their total value exceeds 10% of the written down current value and increases the economic life by more than 10%”.

7. CASH & CASH EQUIVALENTS

Cash and cash equivalents includes cash on hand, deposits at call with financial institutions, other short-term, highly liquid investments with maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value. Cash equivalents are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.
8. **INVENTORIES**

Inventories held for distribution will be measured at cost adjusted when applicable for any loss of service potential.

9. **INVESTMENT IN WATER CORPORATION**

Council’s investment in TasWater will be valued at its fair value at balance date. Fair value will be determined by using Council’s ownership interest against the water corporation’s net asset value at balance date based on the Final Treasurer’s Allocation Order in 2011. Council has an ownership interest of 2.52% in the corporation.

Council’s Investment is not traded in an active market and is only sensitive to fluctuations in the value of TasWater’s net assets.

Any unrealised gains and losses on holdings at balance date will be recognised through the Statement of Comprehensive Income to a Financial assets available for sale Reserve each year.

Council classifies this asset as an Available-for-Sale financial asset as defined in AASB 139 Financial Instruments: Recognition and Measurement and follows AASB 132 Financial Instruments: Presentation and AASB 7 Financial Instruments: Disclosures to value and present the asset in the financial report.

10. **TRUST FUNDS**

The financial reports of the Council will incorporate only those items over which the Council has control.

Amounts received as tender deposit and retention amounts controlled by Council will be included in the amount disclosed as creditors with current liabilities until they are refunded or forfeited.

11. **EMPLOYEE BENEFITS**

i) **SHORT TERM OBLIGATIONS**

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be wholly settled within 12 months after the end of the period in which the employees render the related service will be recognised in respect of employees’ services up to the end of the reporting period and will be measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave will be recognised in the provision for employee benefits. All other short-term employee benefit obligations will be presented as payables.

ii) **OTHER LONG TERM EMPLOYEE BENEFIT OBLIGATIONS**

The liability for long service leave and annual leave which is not expected to be wholly settled within 12 months after the end of the period in which the employees render the related service will be recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is to be given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments will be discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

The obligations will be presented as current liabilities in the statement of financial position if Council does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur.
III) Retirement Benefit Obligations

All employees of the Council are entitled to benefits on retirement, disability or death. Council contributes to various defined benefit plans and defined contribution plans on behalf of its employees.

Defined Benefit Plans

A liability or asset in respect of defined benefit superannuation plans would ordinarily be recognised in the statement of financial position, and measured as the present value of the defined benefit obligation at the reporting date plus unrecognised actuarial gains (less unrecognised actuarial losses) less the fair value of the superannuation fund’s assets at that date and any unrecognised past service cost. The present value of the defined benefit obligation is based on expected future payments which arise from membership of the fund to the reporting date, calculated annually by independent actuaries using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. However, when this information is not reliably available, Council accounts for its obligations to defined benefit plans on the same basis as its obligations to defined contribution plans i.e as an expense when it becomes payable.

Council makes superannuation contributions for a number of its employees to the Quadrant Defined Benefits Fund, which is a sub fund of the Quadrant Superannuation Scheme. The Quadrant Defined Benefits Fund has been classified as a multi-employer sponsored plan. As the Fund’s assets and liabilities are pooled and are not allocated by employer, the Actuary is unable to allocate benefit liabilities, assets and costs between employers. As provided under paragraph 32(b) of AASB 119 Employee Benefits, Council does not use defined benefit accounting for these contributions.

Defined Contribution Plans

Contributions to defined contribution plans will be recognised as an expense as they become payable. Prepaid contributions will be recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

IV) Sick Leave

Council does not recognise a liability for sick leave because such leave is non-vesting and because it is probable that sick leave expected to be taken in future reporting periods will be less than entitlements which are expected to accrue in those periods. Employees receive 10 days sick leave per year.

V) Rostered Days Off

A liability for accrued rostered days off is recognised at the current rates of pay including related oncosts, for expected future payments to be made in respect of accruals by employees of the Council.

12. Accruals/Prepayments

Accruals and Prepayments will be recognised in accordance with generally accepted accounting practices with materiality a major factor in determining their applicability.

Net fair values of financial instruments will be determined on the following basis:

- **Monetary financial assets and liabilities** - carrying amounts of trade debtors, trade creditors and accruals (which approximates net market value).

- **Interest bearing loans** – will be carried at their principal amount, which represents the present value of future
14. **SIGNIFICANT BUSINESS ACTIVITIES**

The Local Government Act requires the reporting of operating capital and competitive neutrality in respect of each significant business activity undertaken by Council.

Council has determined, based upon an assessment of the activities it undertakes that it has no significant business activities.

15. **LEASES**

**Operating Leases as Lessee**

Leases in which a significant portion of the risks and rewards of ownership are not transferred to Council as lessee will be classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) will be charged to the income statement on a straight-line basis over the period of the lease.

Council leases several parcels of Crown land under lease agreements with the State Government. These leases, in general, do not reflect commercial arrangements, are long-term and have minimal lease payments. Crown land is recognised as an asset in the Statement of Financial Position and carried at fair value when Council establishes that (i) it has control over the land and (ii) it will derive economic benefits from it.

**Operating Leases as Lessor**

Council is a lessor and enters into agreements with a number of lessees. These include commercial and non-commercial agreements.

Where leases are non-commercial agreements, these are generally with not for profit, such as sporting, organisations. In these cases subsidised or peppercorn rents are charged because Council recognises part of its role is community service and community support. In these situations, Council will record lease revenue on an accruals basis and the associated properties as part of land and buildings within property, plant and equipment. Buildings will be recognised at depreciated replacement cost.

Where leases are commercial agreements, but properties leased are part of properties predominantly used by Council for its own purposes, Council will record lease revenue on an accruals basis and will record the associated properties as part of land and buildings within property, plant and equipment. Buildings will be recognised at depreciated replacement cost.

16. **TAXATION**

Council is exempt from all forms of taxation except Fringe Benefits Tax, Payroll Tax and Goods and Services Tax.

Revenues, expenses and assets will be recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Tax Office (ATO). In these circumstances the GST will be recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables will be stated with the amount of GST included.

The net amount of GST recoverable or payable to the ATO will be included as a current asset or current liability in the statement of financial position.

Cash flows will be included in the statement of cash flows on a gross basis. The GST components of cash flows arising from
investing and financing activities which are recovered from, or paid to, the ATO will be classified as operating cash flows.

17. CONTINGENT ASSETS, CONTINGENT LIABILITIES AND COMMITMENTS

Contingent assets and contingent liabilities will not be recognised in the Statement of Financial Position, but will be disclosed by way of a note and, if quantifiable, will be measured at nominal value. Contingent assets and liabilities will be presented inclusive of GST receivable or payable respectively.

Commitments will not be recognised in the Statement of Financial Position. Commitments will be disclosed at their nominal value inclusive of the GST payable.

To achieve this, Assets must be planned, delivered, maintained and refurbished so that they continue to meet this Vision.

Administration: Corporate Services

Review Cycle/Date: Every 4 years. Next review September 2020

1. PURPOSE
To set guidelines for implementing consistent asset management processes for Northern Midlands Council.

This policy only considers physical or infrastructure assets. In accordance with the ‘International Infrastructure Asset Manual’ an infrastructure asset is ‘a physical component of a facility which has value, enables services to be provided and has an economic life of greater than 12 months’.

The infrastructure assets to be considered include such assets as Roads, Footpaths, Kerb and Channel, Bridges, Buildings, Stormwater, Plant and Equipment.

2. OBJECTIVE
To ensure adequate provision is made for the long-term replacement of major assets by:

- Ensuring that Council’s services and infrastructure are provided in a sustainable manner, with the appropriate levels of service to residents, visitors and the environment.
- Safeguarding Council assets including physical assets and employees by implementing appropriate asset management strategies and appropriate financial resources for those assets.
- Creating an environment where all Council employees take an integral part in overall management of Council assets by creating and sustaining an asset management awareness throughout the organisation by training and development.
- Meeting legislative requirements for asset management.
- Ensuring resources and operational capabilities are identified and responsibility for asset management is allocated.
- Demonstrating transparent and responsible asset management processes that align with demonstrated best practice.

3. SCOPE
This policy applies to all Council activities.
4. POLICY

4.1 BACKGROUND

4.1.1 Council is committed to implementing a systematic asset management methodology in order to apply appropriate asset management best practices across all areas of Council. This includes ensuring that assets are planned, created, operated, maintained, renewed and disposed of in accordance with Council’s priorities for service delivery.

4.1.2 Council owns and uses approximately $330m of non-current assets to support its core business of delivery of service to the community. As a result of its long history and continued growth, these assets vary in age and include heritage registered facilities.

4.1.3 Asset management practices impact directly on the core business of Council and appropriate asset management is required to achieve our strategic service delivery objectives.

4.1.4 Adopting asset management principles will assist Council in achieving its Strategic Plan and Long Term Financial Plan objectives.

Asset management

Vision:
To provide the highest level of service for current and future generations which is a balance between responsible management of assets, meeting the community’s expectations and affordability. To achieve this assets must be planned, delivered, maintained and refurbished so that they continue to meet this vision.

Goal:
To provide the highest level of infrastructure to meet the service delivery requirements of the Northern Midlands community, and its many visitors, now and for future generations.

Revised 17 July 2017 – Min. No. 235/17

Applicable Legislation:

Objective To provide a work environment which aims to ensure the health, safety, respect and productivity of all employees

Administration: Corporate Services

Review Cycle/Date: Next review 2021

1. SCOPE

1.1 This Policy applies to the Mayor and all staff of the Northern Midlands Council who are assigned a Business Credit Card.

1.2 Conditions set out in this Policy and Procedure, the Northern Midlands Council’s Procurement Policy, Fraud & Corruption Policy, and Delegations of Authority.

1.4 Commonwealth Bank of Australia is the exclusive supplier of Business Credit Cards to the Northern Midlands Council. The arrangements with the Bank cover all of the Northern Midlands Council’s Business Units. No other provider’s card will be approved for the duration of our agreement with the Commonwealth Bank.

1.5 Cardholders and their managers and supervisors are responsible for ensuring that they adhere to the Business Credit Card policy, thereby ensuring adequate controls are exercised to minimise the risk that Business Credit Cards are used for fraudulent or corrupt purposes. Cardholders and their managers and supervisors are referred to the Northern Midlands Council’s Fraud & Corruption Policy for further information on their role in relation to fraud and corruption prevention.

2. ELIGIBILITY

2.1 Only the Northern Midlands Council Mayor, senior executive staff, or staff holding a supervisory position can apply for a Business Credit Card.

2.2 Staff are eligible to be issued with only one (1) Business Credit Card at a time.

2.3 To be eligible for a Business Credit Card, a staff member must meet one or more of the following criteria:

2.3.1 Hold a senior management position within Northern Midlands Council;

2.3.2 Travel frequently in the course of his/her duties either within Tasmania or interstate;

2.3.3 Purchase minor goods and services for use by Northern Midlands Council;

2.3.4 Incur regular frequent expenses of a kind appropriately paid by credit card.

3. LIMITS

3.1 The Business Credit Card issued to the Northern Midlands Council General Manager (or delegate) and Corporate Services Manager will be limited to a maximum of $5,000 and be for business expenditures only.
3.2 The Business Credit Card issued to the Northern Midlands Council Mayor will be limited to a maximum of $2,500 and be for business expenditures only.

3.3 Business Credit Cards issued to senior management or other staff apart from the General Manager will be limited to a maximum of $2,000 and be for business expenditures only.

3.4 Exceptions to these limits and usage rule will be made on a case by case basis by the General Manager, Northern Midlands Council.

4. **CONDITIONS OF USE**

4.1 The Business Credit Card cannot be used:

   4.1.1 For purchasing fuel for Council or privately owned vehicles. (See Section below concerning Fuel Purchases).

   4.1.2 To obtain cash advances.

   4.1.3 For expenses other than those incurred by the assigned officer named on the Card or on behalf of another staff member.

4.2 The Business Credit Card is to be used only for official Northern Midlands Council business and not personal expenses. Charging personal transactions to Business Cards is not acceptable under any circumstances. Cardholder transactions will be scrutinised to ensure compliance with this policy.

4.3 Infractions of the conditions of this Policy will result in cancellation of the card and withdrawal of Business Credit Card privileges.

4.4 Breaching of this policy can lead to disciplinary action against the staff member concerned. In all cases of misuse, the Northern Midlands Council reserves the right to recover any monies from the cardholder. Cardholders will be required to sign a declaration authorising the Northern Midlands Council to recover from their salary any amount incorrectly claimed.

4.5 Cardholders may not use their Business Credit Card to obtain cash advances from banks, building societies, credit unions nor automatic teller machines. This prohibition similarly extends to cash equivalents such as bank cheques, traveller’s cheques and electronic cash transfers.

5. **FUEL PURCHASES**

5.1 Fuel for Council owned vehicles must be purchased using a Caltex Fuel card and not the Business Credit Card.

5.2 An exception to the above rule is where the vehicle is at risk of running out of fuel and there is no Caltex Service Station available. In this case, the Business Credit Card may be used to purchase fuel from a non-Caltex service station.

5.3 If fuel purchases are made on the Business Credit Card, these must immediately be brought to the attention of the Council’s General Manager.

6. **MONTHLY BUSINESS CARD STATEMENTS**

6.1 The Commonwealth Bank issues statements on a monthly basis, normally on the 15th day. Business Credit Card expenditures must be reconciled with Corporate Services by the last day of each month. Reconciliation by month end allows for a period of two weeks by which time the Mayor and all staff should have submitted documentation for reconciliation. Cardholders who have not acquitted their monthly expenditure within this period will be asked to reconcile their monthly expenditure immediately to avoid having their cost-centre debited for the outstanding statement amount. This procedure will ensure that cost-centre accounting records maintain an accurate and meaningful balance.
6.2 Cardholders who do not acquit their monthly expenditures by month end will be sent a reminder of their obligations under this Policy. Continued or repeated non-conformance to this Policy will result in cancellation of the Card and such other actions as appropriate.

6.3 If Card expenditures are not reconciled or acquitted within two months of the normal month end reconciliation date and a plausible explanation has not been received by Corporate Services, the Business Credit Card will be cancelled and the Cardholders' Business Unit account debited for the amount outstanding. Note that further action may also be taken against the Cardholder.

7. **CARDHOLDER RESPONSIBILITIES**

Cardholders are responsible for the following security measures for the use of their Card:

7.1 Cardholders must retain transactional evidence to support all charges. An acceptable receipt for reimbursements of claimable business expenses on the Business Credit Card is an original receipt.

7.2 Card purchases without receipts are ultimately the responsibility of the user and his/her Unit. A failure to provide receipts or credible explanation for the unsupported expenditure will result in an automatic debit from the Business Unit’s account after two months of the original reconciliation month end date.

7.3 Reimbursement for return of goods and/or services must be credited directly to the Card account.

7.4 Cardholders cannot authorise their own statements or have a subordinate counter-sign for them; however, the expenditure of the Mayor is to be authorised by the General Manager.

7.5 Lost or stolen Cards must be reported immediately to the Commonwealth Bank Lost/Stolen Cards unit (telephone 13 22 21) and cancelled immediately. Corporate Services must be notified within 2 business days of this activity.

7.6 Persons issued with a Business Credit Card are in a position of trust in regard to use of public funds. Improper or unauthorised use of the Card may result in the Cardholder being held liable for expenditures, legal/disciplinary action being brought against the Cardholder, termination of Card-use and/or termination from the Northern Midlands Council.

7.7 Cardholders are responsible for ensuring that their purchases meet the Northern Midlands Council’s purchasing criteria outlined in the Northern Midlands Council’s Procurement Policy.

8. **MANAGEMENT AND SUPERVISORY RESPONSIBILITIES**

The transactions of the General Manager are to be verified by the Corporate Services Manager and all other transactions are to be verified by the General Manager, Northern Midlands Council each month.

In verifying the transactions, the General Manager and Corporate Services Manager are to ensure the transactions are business related and the cardholder has supplied supporting documentation. Any unusual transactions must be followed up with the cardholder immediately. Suspected breaches of policy must be referred to Corporate Services without exception.

9. **RECORDS MANAGEMENT**

9.1 All documentation associated with the application for a Business Credit Card will be maintained within the Northern Midlands Council’s electronic records management system.

9.2 Receipts for all Credit Card transactions will be retained locally within the Corporate Services Unit. Cardholders must be able to produce receipts on-demand for audit purposes. Where electronic document management systems are available to record receipts and/or other evidence of business transactions, this is the preferred medium for storage.
10. **AUDIT**

10.1 Audit of cardholder purchases will occur by the General Manager on a monthly basis as part of the approval process for purchases.

10.2 The Council retain the right to query any purchases and investigate those that are deemed inappropriate with business use.

Purpose
This Code of Conduct sets out the standards of behaviour expected of the councillors of the Northern Midlands Council, with respect to all aspects of their role.

As leaders in the community, councillors acknowledge the importance of high standards of behaviour in maintaining good governance. Good governance supports each councillor’s primary goal of acting in the best interests of the community.

Councillors therefore agree to conduct themselves in accordance with the standards of behaviour set out in the Code of Conduct.

This Code of Conduct incorporates the Model Code of Conduct made by Order of the Minister responsible for local government.

Application
This Code of Conduct applies to a councillor whenever he or she:
- conducts council business, whether at or outside a meeting;
- conducts the business of his or her office (which may be that of mayor, deputy mayor or councillor); or
- acts as a representative of the Council.

A complaint or failure to comply with the provisions of the Code of Conduct may be made where the councillor fails to meet the standard of conduct specified in the Model Code of Conduct.

Standards of Conduct
The model code of conduct provides for the following eight standards of conduct:
**DEcISION MAKING**

A councillor is to bring an open and unprejudiced mind to all matters being considered in the course of his or her duties, so that decisions are made in the best interests of the community.

**Conflict of Interest**

A councillor effectively manages conflict of interest by ensuring that personal or private interests do not influence, and are not seen to influence, the performance of his or her role and acting in the public interest.

**Use of Office**

A councillor uses his or her office solely to represent and serve the community, conducting himself or herself in a way that maintains the community’s trust in the councillor and the Council as a whole.

**Use of Resources**

A councillor uses Council resources and assets strictly for the purpose of performing his or her role.

**Use of Information**

A councillor uses information appropriately to assist in performing his or her role in the best interests of the community.

**Gifts and Benefits**

A councillor adheres to the highest standards of transparency and accountability in relation to the receiving of gifts or benefits, and carries out his or her duties without being influenced by personal gifts or benefits.

**Relationships with Community, Councillors and Council Employees**

A councillor is to be respectful in his or her conduct, communication and relationships with members of the community, fellow councillors and Council employees in a way that builds trust and confidence in the Council.

**Representation**

A councillor is to represent himself or herself and the Council appropriately and within the ambit of his or her role, and clearly distinguish between his or her views as an individual and those of the Council.

4. **Principles of Good Governance**

By adopting this Code of Conduct, councillors commit to the overarching principles of good governance by being:

**Accountable**

Explain, and be answerable for, the consequences of decisions made on behalf of the community it represents and serves.

**Transparent**

Ensure decision making processes can be clearly followed and understood by the community.

**Law-Abiding**

Ensure decisions are consistent with relevant legislation or common law, and be within the powers of local government.

**Responsive**

Always try to represent and serve the needs of the entire community while balancing competing interests in a timely, appropriate and responsive manner.
**EQUITABLE**

Provide all groups with the opportunity to participate in the decision making process and treat all groups equally.

**PARTICIPATORY AND INCLUSIVE**

 Ensure that anyone affected by or interested in a decision has the opportunity to participate in the process for making that decision.

**EFFECTIVE AND EFFICIENT**

Implement decisions and follow processes that make the best use of the available people, resources and time, to ensure the best possible results for the community.

**CONSENSUS ORIENTED**

Wherever possible, take into account the different views and interests in the community, to reach a majority position on what is in the best interests of the whole community, and how it can be achieved.

6. **COMPLYING WITH THE CODE OF CONDUCT**

Tasmanian councillors are required to comply with the provisions of the Council’s Code of Conduct while performing the functions and exercising the powers of his or her office with the Council.

The Code of Conduct incorporates the Model Code of Conduct (made by order of the Minister responsible for local government) and may include permitted variations included as attached schedules to the Model Code of Conduct.

7. **MAKING A CODE OF CONDUCT COMPLAINT**

A person may make a code of conduct complaint against one councillor in relation to the contravention by the councillor of the relevant council’s code of conduct.

A person may make a complaint against more than one councillor if the complaint relates to the same behaviour and the same code of conduct contravention.

Code of conduct complaints are lodged with the general manager of the relevant council and must comply with legislative requirements, as outlined below.

A complaint may not be made by more than two complainants jointly.

A code of conduct complaint is to –

- be in writing;
- state the name and address of the complainant;
- state the name of each councillor against whom the complaint is made;
- state the provisions of the relevant code of conduct that the councillor has allegedly contravened;
- contain details of the behaviour of each councillor that constitutes the alleged contravention;
- be lodged with the general manager within six months after the councillor or councillors against whom the complaint is made allegedly committed the contravention of the code of conduct; and
- be accompanied by the code of conduct complaint lodgement fee.

Once satisfied that the code of conduct complaint meets prescribed requirements, the General Manager forwards the complaint to the Code of Conduct Panel.

The code of conduct complaint lodgement fee is prescribed under Schedule 3 (Fees) of the
8.  DISPUTE RESOLUTION

Councillors commit to developing strong and positive working relationships and working effectively together at all times.

Prior to commencing a formal code of conduct complaint, the councillors who are parties to any disagreement should endeavour to resolve their differences in a courteous and respectful manner, recognising that they have been elected to act in the best interests of the community.

A council’s internal dispute resolution process should be the first step that is taken when there is a dispute between councillors.

A councillor who is party to any disagreement should request the Mayor (or Lord Mayor) or the General Manager to assist that councillor in resolving the disagreement informally.

If the informal assistance does not resolve the disagreement, the General Manager may, with the consent of the parties involved, choose to appoint an external mediator to assist in the resolution of the disagreement. If an external mediator is appointed, councillors who are party to the disagreement must strive to cooperate with the mediator and use their best endeavours to assist the mediator and participate in the mediation arranged.

Where a matter cannot be resolved through internal processes, the next step may be to lodge a formal code of conduct complaint.

Councillors should only invoke the provisions of the Code of Conduct in good faith, where it is perceived that another councillor has not complied with the provisions or intent of the Code of Conduct.

The Director of Local Government is responsible for the investigation of complaints regarding alleged breaches of the Act.

Any person can make a complaint to the Director, via the Local Government Division (contact details below), in accordance with section 339E of the Act, where it is genuinely believed that a council, councillor or general manager may have committed an offence under the Act or failed to comply with the requirements of the Act.

To make a complaint, it is recommended that you first contact the Local Government Division to discuss whether the matter is something that the Division can assist with.

9.  PUBLIC INTEREST DISCLOSURE

Any instances of suspected corrupt conduct, maladministration and serious and substantial waste of public resources or substantial risk to public health or safety or to the environment should be reported in accordance with the Public Interest Disclosures Act 2002. Disclosures may be made to the Tasmanian Ombudsman or the Tasmanian Integrity Commission.

9.1 Any variation of this model code of conduct is to be in accordance with section 28T of the Local Government Act 1993.
Objective
This Code of Tendering and Procurement (Code) provides a policy framework on purchasing and tendering requirements for Council.

Administration:
Corporate Services

Review Cycle/Date:
At least every 4 years. Next review 2022

1. PURPOSE
The Code aims to:

a) ensure compliance with relevant legislation;
b) enhance value for money through fair, competitive, non-discriminatory procurement;
c) promote the use of resources in an efficient, effective and ethical manner;
d) encourage probity, accountability and transparency in decision making;
e) provide reasonable opportunity for competitive local businesses to supply to Council;
f) minimise the cost to suppliers of participating in the tendering process;
g) allow Council to appropriately manage risk;
h) promote Council’s economic, social and environmental plans and policies.

2. SCOPE

2.1 Policy vs. Procedures
The Code essentially provides a high level overview of Tender and Contract requirements as they apply to Council. Although some procedural detail associated with Council tender and contract management systems and processes is included in this document, additional lower level detail is held in Council procedure documents.

Consistent with the requirements specified in regulation 28, Council will establish and maintain local level procedures to:

a) ensure all potential service providers are provided with the same information relating to the requirements of an open tender process or contract and are given equal opportunity to meet the requirements;
b) that fair and equitable consideration is given to all tenders or quotations received;
c) deal honestly with and be equitable in the treatment of all potential service providers;
d) ensure a prompt and courteous response to all reasonable requests for advice and information from potential or existing service providers;
e) protect commercial in confidence information; and
f) review each tender process to ensure that each tender is in accordance with the Regulations and this Code.
Council will also establish and maintain procedures for:
   a) amending or extending a tender once it has been released;
   b) opening tenders;
   c) the consideration of tenders that do not fully conform with the tender requirements;
   d) handling complaints regarding processes related to the supply of goods or services.

Refer to Appendix A for Northern Midlands Council local level procedures for tendering.

2.2 EMPLOYEES AND SERVICE PROVIDERS

The Code will apply to Council, council employees and agents and any service provider wishing to compete for Council business or provide goods, services or works to Council (including contractors, subcontractors, consultants and suppliers)

Wherever reasonably possible service providers engaged by Council will also apply the Code when seeking Tenders or Quotations from subcontractors and suppliers.

3. PROCUREMENT PRINCIPLES

Council will have regard to the following principles when acquiring goods and services:

3.1 OPEN AND EFFECTIVE COMPETITION

The Council will ensure that the purchasing process is impartial, open and encourages competitive offers.

In practice this means that Council will:
   a) use transparent and open purchasing processes so that service providers and the public are able to have confidence in the outcomes;
   b) adequately test the market through seeking quotations or via tender as appropriate;
   c) avoid biased specifications;
   d) treat all service providers consistently and equitably;
   e) ensure a prompt and courteous response to all reasonable requests for advice and information from service providers.

3.2 VALUE FOR MONEY

The Council will ensure that it is buying at the most competitive price available, but value for money does not mean buying at the lowest price.

In practice this means that Council will consider
   a) the contribution the good or service makes to achieving Council’s strategic plans or policies;
   b) the value of the acquisition and potential benefits against the costs of that purchase;
   c) an assessment of risks associated with the purchase including the preferred procurement method;
   d) how well goods or services meet needs;
   e) maintenance and running costs over the lifetime of a product;
   f) disposal value;
   g) time constraints;
   h) the impact of the procurement decision on the local economy, such as through industry development and employment creation;
   i) the impact of the procurement decision on the environment, such as through minimising waste and reducing demand for goods and services which have a direct impact on the environment (such as printing, utilities and travel); and
j) the impact of the procurement decision on the society, (social value generated) such as through the elimination of discrimination and the promotion of equal opportunity, training, and other identified social objectives.

3.3 **Enhancement of the Capabilities of the Local Business Industry**

The Council will ensure that where local capacity exists it will seek to engage the local market and encourage participation in tender and quotation processes.

In practice this means that Council will:

a) actively seek quotes from local businesses that are able to provide quality goods and or services;

b) where local capability exists, ensure that discretionary elements of specifications do not prevent local business from competing; and

c) not give preferential treatment to local service providers where it cannot be reasonably justified.

3.4 **Ethical Behaviour and Fair Dealing**

The Council will promote procurement practice that is legal, ethical, fair and unbiased

In practice this means that Council will:

a) comply with legal requirements;

b) conduct all business in the best interests of the Council;

c) be as effective and efficient as possible when sourcing, ordering and paying for goods and services;

d) expect individuals involved in procurement processes to declare and act upon any conflicts of interest that may be seen to influence impartiality;

In practice this means that Council expects service providers to:

a) ensure that they are well acquainted with Council requirements identified in this Code;

b) are familiar with particulars relating to a specific tender and quotation processes including the relevant specifications;

c) not submit a tender or quotation unless they have the financial, technical, physical, management resource or other capabilities to fulfil Council’s requirements;

d) not seek to influence a procurement process by improper means or collude with other service providers;

e) declare and act upon any conflicts of interest that may be seen to influence impartiality;

In practice this means that Northern Midlands Council local level procedures for tendering are identified at Appendix A of this Code of Conduct.
4. PROCUREMENT METHODS

While open and fair competition may often best achieved by undertaking a tender process where all interested parties have an opportunity to bid, there are times when this practice will not deliver the most advantageous outcome for the Council. In such instances, other market approaches may be more appropriate.

The Council will, having regard to the procurement principles and any other factors considered relevant by the Council, in its absolute discretion, determine the appropriate method that will be employed to procure goods and services at any particular time.

An annual purchasing order may be issued for ongoing monthly services (such as electricity, insurance, telecommunications, water & sewer, government levies etc).

Each Council employee has an authorised limit as to procurement expenditure. These limits are reviewed from time to time.

The following table summarises the purchasing method utilised by Council based on the total dollar value of the purchase:

4.1 NON TENDER – PROCESSES FOR ACQUISITION OF GOODS AND OR SERVICES

4.1.1 DIRECT PURCHASING

This is where Council purchases from a single source, without first obtaining competitive bids.

This method will be used only for low value, low risk goods and services where the Service Provider already has a successful history with the Council.

4.1.2 PURCHASE ORDERS

Purchase Orders usually have limited terms and conditions and detail specific items that are to be purchased.
This method may be used for low value, low risk goods and services and will not be used for non routine, high value and high risk goods and services.

An example of a good that may be purchased via purchase order is a new TV. An example of a service that may be purchased via purchase order is design work for a new sign.

4.1.3 QUOTATIONS (INFORMAL)

This is where Council will only enter into a contract where 2 quotations from suitable service providers able to provide the goods or services have been sought.

Records must be kept of quotations received and quotations approved. If written quotations cannot be obtained Council must keep detailed written records of the oral quotation obtained including details of the commercial terms of the quotation.

This method may be used for low value, low risk goods and services.

4.1.4 REQUEST FOR QUOTATIONS (RFQ)

This is a more formal quotation process. Council will enter into a contract where 3 written (including email) quotations from suitable service providers able to provide the goods and or services have been sought. Where less than 3 suitable service providers are reasonably available, records outlining this circumstance will be kept.

Council must keep detailed written records of the quotations obtained including details of the commercial terms of the quotation.

This method may be suitable for simple, largely price based purchases.

Purchasing goods and or services through the National Procurement Network (NPN) is an option for Councils. Purchasing through this mechanism involves an RFQ process. Items with a financial value above the prescribed amount may be legitimately purchased through the Network RFQ process. Use of the Network as a purchasing option for Councils is justified under the Regulations. See section 8 - Exemptions.

An example of a service that may be purchased via RFQ’s is engaging a contractor to conduct road works.

4.2 TENDER - PROCESSES FOR ACQUISITION OF GOODS AND OR SERVICES

The Act and Regulations require that Council invite Tenders for any Contract it intends to enter into for the supply or provision of goods or services valued at or above a prescribed amount. The prescribed amount is $250,000 (GST exclusive).

4.2.1 OPEN TENDERS

An open tender process is an invitation to tender by public advertisement. There are generally no restrictions regarding who can submit a tender, however, service providers are required to submit all required information and will be evaluated against stated selection criteria.

General Manager - responsibilities

Consistent with the Regulations (Regulation 24) Council will ensure that when open tenders are used as a method of procurement; the General Manager will invite tenders.

The General Manager will advertise the tender locally via the daily newspaper circulating in the municipal area and on via Councils website – making the tender available to all qualified and interested bidders.

The public notice will identify:
a) clearly the nature of the goods and or services the Council requires;
b) the period within which the tender must be lodged (must be at least 14 days after the date on which the notice is published);
c) where the tender must be lodged; and
d) details of a person from whom more detailed information relating to the tender may be obtained.

The General Manager will ensure that prospective tenderers are provided with details regarding:
a) the specifications of the goods and or services required;
b) the duration of the contract, including any extensions that are specified in the contract;
c) any mandatory tender specifications and contract conditions;
d) objective criteria for evaluating the contract; and
e) must make reference to the Council Code for Tenders and Contracts.

Service Provider – responsibilities

A person submitting a response in relation to a Council public tender must do so in writing.

The Service Provider must specify the goods and or services tendered for, provide details of the goods and or services being offered and must lodge the tender within the period specified in the public notice.

Refer to Appendix A for Northern Midlands Council procedures relating to tender process.

4.2.2 Multi Staged Tender

There are occasions – although usually limited (because the process can be resource intensive), where Council may use a multi stage tender process. Reference is made to this process in the Regulations at Regulation 26.

This tender method will be used by Council to gain knowledge about the market, obtain industry input – where it is unclear what goods and services are available or to shortlist appropriate suppliers before seeking offers.

At each stage in this process, service providers may be culled to those who are most suited to the specific contract requirements. Service providers will be evaluated against criteria determined by Council.

Once a short list of potential service providers is developed, these service providers may be invited to participate in an open tender process.

General Manager - responsibilities

As a first stage in this process, the General Manager will request – expressions of interest from prospective tenderers.

The General Manager will advertise the expression of interest locally via the daily newspaper circulating in the municipal area and via Councils website.

The public notice will identify:
a) clearly the nature of the goods and or services the Council requires;
b) contract identification details;
c) the period within which the expression of interest must be lodged;
d) where the expression of interest must be lodged; and
e) details of a person from whom more detailed information relating to the expression of interest may be obtained.

The General Manager will ensure that prospective tenderers are provided with details regarding:
a) the specifications of the goods and or services required;
b) objective criteria for evaluating the expression of interest;
c) the method of evaluating expressions of interest against the criteria;
d) details of any further stages in the tender process; and
e) must make reference to the Council Code for Tenders and Contracts.

At the final stage of a Multi Staged Tender process, the General Manager will invite all service providers who have met the criteria determined by the Council, to tender for the supply of goods and or services.

If only one service provider meets the criteria determined by Council, the Council may contract with that supplier after:
a) a tender from that Service Provider; or
b) a decision by the absolute majority of the council to do so.

**Service Provider – responsibilities**

A person submitting a response in relation to a Council expression of interest must do so in writing.

The service provider must specify the goods and or services the expression of interest relates to, provide details of the goods and or services being offered and must lodge the expression of interest within the period specified in the public notice.

Refer to Appendix A for Northern Midlands Council procedures for tenders.

4.3 **ONGOING SUPPLY ARRANGEMENTS - GOODS AND SERVICES**

4.3.1 **STANDING CONTRACT**

A Council, through an open tender process, may establish a standing contract in which a single tenderer or multiple tenderers may be contracted for a specified period to provide specified goods or services during that period without the need for a further tender process. Reference is made to this process in the Regulations at Regulation 23.

Service providers listed on a standing contract panel will be selected following an evaluation process.

Council may legitimately purchase directly from a service provider listed on a standing contract panel.

Council may implement its own standing contract arrangements or may make use of goods and or services panels that have been negotiated for example for Tasmanian Councils via LGAT as a member of the National Procurement Network or via similar arrangements through State Government.

The way in which a standing tender is established is the same as for an open tender process where the specification and description of the tender describe the intent of the standing contract and the conditions of its use.

4.3.2 **MULTIPLE USE REGISTER**

A multiple use register is a list, intended for use in more than one procurement process, of pre qualified providers, who have satisfied the conditions for participation or inclusion on the register. Reference is made to the multi use register process in the Regulations at Regulation 25.

Council may establish a multi use register of service providers who meet criteria established by the Council in respect to the supply of particular categories of goods and services.

Inclusion on a multi use register provides certainty for potential service providers that they have been recognised as meeting conditions for participation.

Council will invite tenders for a contract for the supply of goods and or services from all service providers included on a multiple use register for a particular category of goods and or services.
General Manager - responsibilities

As per Regulation 25, Council will establish and maintain procedures for the use of multiple use registers for contracts valued at under the current prescribed amount, excluding GST.

Essential procedural requirements include that, the Council will invite applications from service providers for inclusion on a multiple use register by advertising locally via the daily newspaper circulating in the municipal area and via Council’s website.

The public notice will identify:

a) the nature of the goods and or services the Council requires;
b) any identification details associated with the register;
c) the period within which the application must be lodged;
d) where the application must be lodged; and
e) details of a person from whom more detailed information relating to the multiple use register may be obtained.

The General Manager will ensure that applicants are provided with information regarding:

a) the specifications of the goods and or services required;
b) the criteria for evaluating the applications;
c) the method of evaluating applications against the criteria; and
d) must make reference to the Council Code for Tenders and Contracts.

Council may accept an application for inclusion on the multiple use register or reject an application.

If Council rejects the application, the General Manager will advise the applicant of the reasons for rejection.

If Council accepts the application the General Manager will advise the applicant of the category their application will be included on the multiple use register.

The multiple use register will be reviewed by Council at least every 2 years.

Council will allow a service provider to apply for inclusion on the multiple use register at any time unless the service provider has made an application in the previous 12 months and the application has not been accepted.

Refer to Appendix B for Northern Midlands Council local level procedures for multiple use registers.

4.3.3 Strategic Alliances

Council may choose to procure goods and or services through contract arrangements already established and administered by other organisations, including:

a) LGAT through the National Procurement Network;
b) State Government Contracts; and
c) any other purchasing group of which Council is a member.

5. Calculating the Value of a Purchase

5.1 Price

The dollar value of the purchase may be calculated as follows:

a) single one-off purchase – the total amount, or estimated amount, of the purchase (excluding GST);
b) multiple purchases – the gross value, or the estimated gross value, of the purchases (excluding GST); or
c) ongoing purchases over a period of time – the annual gross value, or the estimated annual gross value, of the purchases (excluding GST).
As per Regulation 23, Council will not split a single procurement activity into 2 or more separate contracts for the primary purpose of avoiding the requirement to publicly invite tenders.

5.2 **Non Price Considerations**

Council will ensure that it is buying at the most competitive price available, but quantifying the value of a purchase does not simply mean buying at the lowest price. Specific issues that will be taken into account by Council that relate to non price related matters are identified in the Principles section at 5.2.

6. **Goods and Services Tax (GST)**

All procurement thresholds are GST exclusive

Tenders and quotations must be sought on a GST exclusive basis.

7. **Extension of Contracts Entered Into**

Consistent with Regulation 23, Council may extend a contract entered into:

a) as specified in the contract or

b) if the contract does not specify extensions, by an absolute majority.

8. **Exemptions**

The Regulations identify circumstances where Council is not required to issue a public tender process.

The exemption circumstances identified in Regulation 27 – Non application of the public tender process are:

a) an emergency if, in the opinion of the general manager, there is insufficient time to invite tenders for the goods or services required in that emergency;

b) a contract for goods or services supplied or provided by, or obtained through, an agency of a State or of the Commonwealth;

c) a contract for goods or services supplied or provided by another council, a single authority, a joint authority or the Local Government Association of Tasmania;

d) a contract for goods or services obtained as a result of a tender process conducted by another council, a single authority, a joint authority, the Local Government Association of Tasmania or any other local government association in this State or in another State or a Territory;

e) a contract for goods or services in respect of which a council is exempted under another Act from the requirement to invite a tender;

f) a contract for goods or services that is entered into at public auction;

g) a contract for insurance entered into through a broker;

h) a contract arising when a council is directed to acquire goods or services due to a claim made under a contract of insurance;

i) a contract for goods or services if the council resolves by absolute majority and states the reasons for the decision, that a satisfactory result would not be achieved by inviting tenders because of—

   i) extenuating circumstances; or

   ii) the remoteness of the locality; or

   iii) the unavailability of competitive or reliable tenderers;

j) a contract of employment with a person as an employee of the council.

**General Manager - responsibilities**

The General Manager will authorise non use of the public tender process in accordance with the exemption directions identified above.
9. **Engaging a Third Party to Manage a Procurement Process**

Council may engage third parties to manage the procurement process for individual projects. The use of a third party as an agent or consultant to advise on, arrange or manage a procurement process does not exempt Council from complying with Council procurement policy and procedures.

Should Council engage a third party to manage a procurement process, it will be ensured that material is included in the contractual arrangements with the third party that requires the third party to comply with Council procurement policy and procedures.

10. **Reporting Procedures**

Council is obliged to report at a minimum on a series of procurement matters.

10.1 **Procurement at or Above the Prescribed Amount**

As per Regulation 29, Council will report in its Annual Report details of any contract for the supply or provision of goods and or services valued at or above the currently legislated prescribed amount of $250,000.

As per Regulation 29, Council will report in its Annual Report details of any contract for the supply or provision of goods and or services valued at or above $100,000, but below the prescribed amount of $250,000.

- the business name of the successful contractor; and
- the business address of the successful contractor.

10.3 **Emergency Provision**

As per Regulation 27 Council will report in its Annual Report, the details of all instances where non application of the public tender process has been applied as a result of an emergency, where in the opinion of the General Manager, there was insufficient time to invite tenders for the goods and services required in that emergency.

Detail that will be reported for 10.3 at a minimum as required under the Regulations is:

- a brief description of the reason for not inviting public tenders;
- a description of the goods or services acquired;
- the value of the goods or services acquired; and
- the name of the supplier.
10.4 Other Circumstances

As per Regulation 27 Council will report in its Annual Report, the details of all instances where non application of the public tender process has been applied because Council agreed by absolute majority, that a satisfactory result would not have been achieved if tenders were invited because of

i) extenuating circumstances;
ii) the remoteness of the locality;

d) the name of the supplier.

In addition to ensuring the above reporting occurs, as per Regulation 28(j), the General Manager will establish and maintain procedures for reporting to Council circumstances where a public tender or quotation process was not used and reasonably should have been.

Refer to Appendix C for Northern Midlands Council reporting procedures.

11. Work Health and Safety

All tenderers are to comply with the Northern Midlands Council Work Health & Safety Policy, a copy of which is to be supplied to tenderers with the tender documentation.

All contractors engaged by the Council are required to complete an induction with the Council and provide copies of appropriate insurances, Safe Work Methods Statements and a list of training and competencies.

12. Delegation

13. Complaints

The Council will deal promptly with any complaints about its tendering process. Each complaint will be recorded in writing and the complainant given an opportunity to discuss his or her complaint with the General Manager or a delegated senior officer.

Consistent with the requirements identified in Section 333B of the Act, Council will formally review this Code at least every 4 years.

The Code may be modified on an as needs basis from time to time by Council to reflect changed operational requirements.

15. Breach of the Code

Council will take all reasonable steps to comply with this Code.

c) publish a copy of the Code on the Council’s internet site – free of charge.

17. CONFIDENTIALITY

Council treats information provided by suppliers as confidential and will not provide this information to unauthorised persons.
APPENDIX A

TENDERING PROCESS

1. SPECIFICATIONS

Council will develop specifications for tenderers, clearly setting out Council’s expectations. Most specifications will focus on outcomes and quality requirements, rather than particular ways of delivering a service. Some specifications may include both input and output requirements for a service.

The tender documents will require tender proposals to indicate how the performance standards will be met, and how the tenderer would measure the satisfaction levels of service users.

The tender documents will require the tenderers compliance with Council’s Work Health & Safety Policy, as well as any other applicable Council Policies, Codes of Conduct, legislation or Australian Standards.

In developing specifications, the Council will consider the requirements of service users and may seek the views of the providers of the existing service and others providing similar services, whether in the public or private sector.

The Council will identify in the specifications any Council assets to be made available to tenderers, whether in-house or external, and may set costs, terms and conditions for the use of the assets.

No potential tenderer, in-house or external, will have access to the final specifications prior to their formal approval and public release by the Council.

2. ADVERTISING

Public notice is required under the Act to start a tender process. The Council will advertise in the Public Notice Section of the Saturday edition of the Examiner Newspaper and may advertise in other newspapers or publications where appropriate. The Council will also place information on the tender on its website.

When advertising the Council will specify:

1) The nature of the goods or services required;
2) Any identification details allocated to the contract;
3) Where the tender is to be lodged;
4) Particulars identifying a person from whom further or detailed information relating to the tender can be obtained; and
5) The period within which the tender is to be lodged.

3. VARIATIONS TO A TENDER

Where the Council seeks to amend or extend the closing date for a tender it will advertise the variation/s in the Examiner newspaper and on its website. If tender documents have been issued or a written tender has already been received then the General Manager will notify the recipients of the tender documentation and any tenderer in writing of the variation/s to the tender.

4. EXPRESSION OF INTEREST

The Council may use an “expression of interest” process before it invites tenders. If so, it will advertise publicly the purpose and nature of the contract or project and the date by which it will invite tenders. The aim at the expression of interest stage is not to elicit tenders, but rather to assess the capacity of the respondents to undertake the work or project, and to refine the specifications. The Council will make the evaluation criteria for registration available to all respondents.
The Council will seek tenders from local business and industry if available. The Council may invite tenders from some, all or none of the registrants, by the advertised date. If the Council does not invite tenders by that date, it will write to all registrants advising when tenders are to be invited. Respondents who are not invited to tender will be advised in writing. The Council will use this list of registrants to invite tenders for the advertised contract or project only.

5. INVITATION TO TENDER

The Council will offer the same tender documents to all those who respond to an invitation to tender. A copy of this Code will be attached to all tender documents.

The Council may impose a fee for tender documentation related to the cost of printing the tender documentation. The Council will not impose any additional fee for tender documentation unless it refunds the fee to each tenderer who submits a conforming tender.

The Council will not request a tender deposit. In all cases the Council will seek to minimise the cost to suppliers of participating in the tender process.

The tender documents will include the tender evaluation criteria and identify the order of importance accorded to the criteria.

In addition, the Council will ensure that prospective tenderers are provided with all relevant information, including:

1) Details of the goods or services required;
2) Details of the duration of the contract, including extensions;
3) The criteria for evaluating tenders;
4) The method of evaluating tenders against the evaluation criteria;
5) Any mandatory tender specifications and contract conditions; and
6) A reference to the Council’s code of tendering.

If the Council gives advice, written or verbal, to a respondent clarifying the meaning of the tender documentation, it will give the same information to all other respondents in writing. The Council will keep a written record of any other verbal advice. The Council will respect the confidentiality of a respondent who discloses information which has commercial or intellectual property value. The Council will consider conducting a pre-tender briefing and may determine not to give additional information apart from the briefing.

Tenderers will generally be given a minimum of 21 days from the date on which tenders were invited in which to submit tenders. All tenders must be in writing. The submission period is determined by the nature of the tender and the Council will advise respondents in writing when it invites tenders if a longer or shorter submission period is to apply.

LATE TENDERS WILL NOT BE ACCEPTED.

Any proposal that does not conform to the tender conditions may be rejected as non-conforming. The General Manager will notify any tenderer of the rejection and the reasons for the rejection.

The Council will acknowledge receipt of all tenders in writing.

6. IN-HOUSE TENDERS

As an employer, the Council will assist its staff to become more competitive. At the same time, the Council is aware that competition must be fair, and be seen to be fair, to all parties.

Accordingly, the Council will treat an in-house tenderer on the same terms as an external tenderer. The Council will ensure there is a clear separation between the in-house tenderers and those who have responsibility for evaluating the tenders.
In-house tenders will be prepared on the basis that all direct costs and indirect or overhead costs attributable to the tender are included.

In allocating overhead costs to in-house tenders, a Council will only exclude those costs which it would continue to incur even if all its services were contracted out. The excluded overhead costs are limited to:

1) **governance costs**: conduct of elections; administrative support for Councillors; Council meetings; making and enforcing local laws; property valuations; making and levying rates and charges; other statutory duties not related to the tender;

2) **strategic management of services costs**: long term planning and supervision of all services, including tendering and contract administration costs;

3) **core corporate costs**: administrative support for the governance and strategic management of services functions.

### 7. TENDER EVALUATION

Council officers will evaluate tenders according to the tender evaluation criteria outlined in the tender documentation, the requirements of the *Local Government (General) Regulations 2015* and the Northern Midlands Council Code of Tendering and Procurement.

Council officers will provide a written tender evaluation report to Council on its reasoning behind awarding/recommending a particular tender.

All tenders, quotations or any form of competitive bidding be treated in confidence and considered by Council ‘In Committee’.

### 8. AWARD OF CONTRACT

The Council may negotiate with tenderers to determine the award of the contract but must have regard to the scope of the invitation to tender at all times. The Council will not trade the price of one tenderer against that of another tenderer.

The Council will exhaust negotiations with one tenderer before beginning negotiations with another tenderer.

The decision to award a contract will be made by the Council or its delegated officer. If there is an in-house tender, the written report on the award of the contract prepared by the tender evaluation panel will be presented to an open meeting of the Council. The Council will award the contract on the basis of the best quality and value for money for the community.

The Council will have regard to the written tender evaluation report and may also have regard to other factors impacting on the best quality and value for money outcome.

The Council will promptly notify the successful tenderer by telephone and in writing, and unsuccessful tenderers will be notified in writing. It will advise them of the reasons for the award of the contract.

Also see Minute No. 294/06 – Ownership of Intellectual Property – the following clause is to be incorporated into all Agreements and/or the Terms of Engagement of Consultants:

>"The Consultant, ……………………., agrees with the Northern Midlands Council to grant to the Council an irrevocable licence to use and to reproduce any reports, recommendations or associated material (including photographs, charts and electronic data) for purposes related to the engagement of the consultant without the payment of any fee. The Council acknowledges that when it does reproduce any of the material produced by the consultant it will, in so doing, recognise the consultant as the copyright owner.”

### 9. NOTIFICATION OF UNSUCCESSFUL TENDERERS

Once the successful tenderer has been notified the Council will promptly advise the unsuccessful bidders in writing of:

1) The tender outcome; and

2) The successful contractor.
Details of the tenders awarded will be displayed on the Council's public notice board and on Council's website for 14 days. All unsuccessful tenderers will be offered the opportunity of attending a debriefing session, and document the proceedings of the debriefing sessions.
MULTIPLE USE REGISTERS

From time to time the Council may utilise a multiple-use register process to establish a register of suppliers that Council has determined satisfy the conditions for participation in that register, and that Council intends to use more than once.

If it is determined that a such register will be established, the General Manager will invite expressions of interest from prospective applicants for inclusion on a register by publishing at least once in the Examiner Newspaper and on its website a notice specifying:

a) a description of the goods and services, or categories thereof, for which the register may be used;

b) the name and address of the council and other information necessary to contract the entity and obtain all relevant documents relating to the register; and

c) any deadlines for submission of application for inclusion on the register.

The General Manager will advise all prospective tenderers of the results of their application including all categories for which they are registered and the reasons for rejection of inclusion on the register as soon as practicable.

When Council wishes to use the register, the General Manager will invite all successful applicants that are registered for the relevant category to tender for the provision of the required good or service, and the tender process as outlined in this policy will be utilised.

Council will review any established register at least once every 2 years.
REPORTING PROCEDURES

Council will publish in its Annual Report in relation to all contracts for the supply or provision of goods and services valued at or above $100,000 (excluding GST), awarded or entered in the financial year, including extensions granted:

a) a description of the contract;
b) the period of the contract;
c) the periods of any options for extending the contract;
d) the value of any tender awarded or, if a tender was not required, the value of the contract ex. GST;
e) the business name of the successful contractor; and
f) the business address of the successful contractor.

Where an exemption has been granted from a tender process the following details will be reported in Council’s Annual Report:

a) a brief description of the reason for not inviting public tenders;
b) a description of the goods or services acquired;
c) the value of the goods or services acquired; and
d) the name of the supplier.

The General Manager will provide Council with a quarterly report of any instance where a purchase of a good or service is made where a public tender or quotation process is not used where an exemption applies from the tender process.

Administration: Governance
Review Cycle/Date: Next review 2019

1. OBJECTIVES

Good governance relies on successful working relationships between all parties and a sophisticated understanding of role differences.

Communities expect their Councils to be well managed and run in a cost-effective manner. If elected members are to provide the necessary assurance to their communities about the performance of the Council, they must be kept appropriately informed by the General Manager.

Elected members need access to information on a wide range of subjects, and often need to discuss ratepayer issues with members of staff. The General Manager needs to ensure elected members have appropriate access to such information, and that they are readily able to raise any concerns they may have about the administration of the Council.

It is also important that there is ongoing communication between elected members, the General Manager and the Administration to ensure that the Council’s goals, policies and strategies are implemented and objectives met.

However, certain protocols and procedures are necessary to ensure accountability, and a Communication Policy is essential to set out these guidelines to avoid confusion and misunderstandings, and to facilitate communication and understanding between the respective parties and the roles they play.

Councillors need to understand that accountable advice needs to go through an organisational process, and that staff have work priorities and reporting responsibilities.

Officers need to understand that they are accountable, through the management structure, to the whole Council, but also that elected members need prompt and reliable advice to perform their duties.

Protocols and procedures assist both elected members and Council’s employees to understand the nature of these interactions and communications.

This policy has been put in place to ensure a co-operative working relationship between Councillors and officers is maintained. The guidelines are designed to assist Councillors receive prompt attention in the execution of their duties as well as enabling officers to manage work demands and allow the tracking of requests through to completion.

This policy also aims to assist officers in fulfilling their obligations to act at all times with integrity and in a way that shows proper concern for the public interest.

The policy also aims to ensure that due process is followed and that all Councillors and officers are accorded procedural fairness in their dealings with each other.
2. **ROLES**

2.1 **COUNCILLORS**

Councillors have a number of roles to fulfil and they must do this with the support of the General Manager and Administration that is available.

Councillors represent and promote the interests of the community as a whole. Councillors, as the governing body of the corporation, have the responsibility of directing and controlling the affairs of the Council, setting goals, policies and strategies in accordance with the Local Government Act and monitoring and evaluating the performance of the Council against its own policies and plans.

2.2 **MAYOR**

The Mayor has a distinctive role within the Council, incorporating many facets of local government as set out in the Local Government Act. These include governance, chairing council meetings, external relations, supporting the community, spokesperson, media relationships and ceremonial.

The Mayor is in a position to facilitate good relationships with and between Councillors, between Councillors and the Administration, and between the Mayor and the General Manager.

2.3 **GENERAL MANAGER**

The General Manager has a statutory responsibility to manage the organisation in the implementation of the goals, policies and strategies endorsed by the Council. The General Manager is responsible for staffing, including the organisational structure, and resources and all matters relating to the operational management of the Northern Midlands Municipal Area. The General Manager is the link between the elected members and the Administration.

2.4 **ADMINISTRATION**

The role of the Administration is to implement Council’s goals, policies and strategies, and to advise and support Council. They may also assist an elected member with advice or information.

3. **RELATIONSHIPS**

3.1 **COUNCILLORS/GENERAL MANAGER**

The relationship between Council and the General Manager should be based on mutual trust and respect. The General Manager has a formal accountability to the elected members sitting as Council. The General Manager and the Councillors are likely to be in regular contact about issues, problems and information, in both formal and informal settings. The General Manager must thus accommodate Councillors who have different objectives and ways of working.

The General Manager is also an adviser to the Council, providing accurate and timely reports as required by the Council. The Council should seek and consider the General Manager’s advice on matters of policy.

The General Manager will also have a close working relationship with the chairperson of any Council committees.

3.2 **MAYOR/GENERAL MANAGER**

This relationship is crucial if the good relationships are to be maintained between elected members and the Administration. A good relationship can result in good planning, identification and resolution of issues, good communication between all parties, and thus promote good governance.

Both parties are in a position to inform the other of issues and matters relevant to the other’s performance of their duties. Regular meetings are necessary to enhance communication and planning, and to prevent the other being caught off guard or not fully informed.

A clear understanding of their different roles is essential and should be the subject of ongoing discussion.
3.3 **Council/Administration**

The relationship between Council and its Administration is critical to achieving good governance and the objectives of Council.

**The Administration is accountable to the Council through the General Manager. Council is responsible, through the General Manager, for Administration.**

Both parties need to understand, respect and support the other’s roles. Administration needs to respect the complex political environments in which Councillors operate. Councillors need to understand the complexity for the Administration in providing quality advice and service on a very wide range of issues.

4 **Protocols and Procedures**

4.1 The General Manager shall ensure that Councillors are given access to the information requested, that is in the possession of the Council, considered necessary for them to properly perform their functions and fulfil their responsibilities as elected members.

4.2 Councillors should, when receiving approaches from members of the community, encourage them to use the formal channels of access to information through the Customer Service Request system.

4.3 All aspects of communications from and between Councillors and officers should reflect the status and objectives of the Council.

4.4 Communications should be accurate, polite and professional.

4.5 Councillors should provide Customer Service Requests directly to the Customer Service Officers for processing. Confidential issues, such as set out in Section 10 of Schedule 4 of the Local Government Act, 1993, should be referred directly to the General Manager. These issues shall be recorded but not listed in the Customer Service Requests circulated to Councillors for information.

4.6 Councillors should, if at all possible, approach the General Manager or relevant Managers for help or advice on matters, other than customer service requests, in the first instance.

In any other case, if a Councillor wishes to meet with an officer about a particular matter the Councillor shall advise the General Manager and inform the officer of

4.6.1 the purpose of the meeting,

4.6.2 the subject matter of the meeting, and

4.6.3 the parties that will be present at the meeting;

and the officer shall be entitled to

4.6.4 refer the matter to the respective Manager,

4.6.5 have a person of their choosing attend the meeting with the Councillor.

4.7 Councillors may deal directly with a particular officer on a matter of continuing concern where the matter has previously been brought to the attention of the relevant Manager or where an arrangement has been made to the satisfaction of the Manager.

4.8 If a Councillor has raised an enquiry that is likely to be ongoing and/or unreasonably extend the resources of the Council, the Councillor shall be advised of the situation and the request may be reported to the Council for direction.

4.9 If a Councillor asks for help or advice from an officer other than under these guidelines then the employee concerned shall inform the General Manager of the request as soon as possible.

4.10 Officers are not permitted to contact Councillors outside of formal meetings to discuss council business unless authorised to do so by the General Manager.
4.11 Councillors should not contact officers outside of formal meetings to discuss council business unless the officer’s manager and/or the General Manager are aware of the contact.

4.12 These Guidelines do not apply to social or casual contact between Councillors and Council Officers, whether during or outside of formal work hours, other than where Council business discussed.

These guidelines have been put in place to ensure a co-operative and beneficial working relationship between Councillors and officers is maintained. These guidelines are designed to assist Councillors receive prompt attention in the execution of their duties as well as enabling Officers to manage work demands and allow the proper tracking of requests to completion.

These guidelines are also designed to assist officers in fulfilling their obligations to act at all times with integrity and in a way that shows proper concern for the public interest.

3. REVIEW

The Council will review this policy at least every four years.
**1. POLICY STATEMENT**

The purpose of this Policy is to outline responsibilities and procedures regarding the use of third party copyright material, with the objectives of:

a. reducing staff and Council exposure to the risks associated with the use of third party copyright material;

b. assisting staff to make full legal use of the materials at their disposal by clearly identifying responsibilities; and

c. promoting copyright compliance.

**2. DEFINITIONS**

What individuals can do with copyright protected materials depends upon who owns copyright, whether the use of the material is the subject of an agreement, the type of material used, how the material is used, how much material is used, and the purpose for which the material will be used. Consequently, the following definitions are necessarily detailed.

All copyright material will fall under the definition of either "first party copyright material", "unlicensed third party copyright material", or "licensed third party copyright material":

<table>
<thead>
<tr>
<th>Word/Term</th>
<th>Definition (with examples if required)</th>
</tr>
</thead>
<tbody>
<tr>
<td>First party copyright material</td>
<td>Any material created by staff as part of their employment, in which copyright has not been transferred or exclusively licensed to a third party.</td>
</tr>
<tr>
<td>Third party copyright material</td>
<td>Includes both unlicensed and licensed third party copyright material.</td>
</tr>
</tbody>
</table>
| Unlicensed third party copyright material | Any copyright protected material not governed by an agreement between the copyright owner and the user. Consequently, allowable uses are determined by the Copyright Act 1968.  
The term "unlicensed third party copyright material" includes material copied in reliance upon Parts VA or VB of the Copyright Act 1968 (that is, material copied for teaching purposes in reliance upon statutory licence). 
The term "unlicensed third party copyright material" does not refer to the circulation of original published copies. For example, the act of loaning an original purchased copy of a book is not covered by this Policy. However, the act of loaning photocopies of the purchased book to students would be covered by this Policy. |
| Licensed third party copyright material | Any copyright protected material for which the terms of use are governed by licence, or any other form of agreement.  
Licensed third party copyright material does not include material copied in reliance upon Part VA or VB of the Copyright Act 1968 (that is, material copied for teaching purposes in reliance upon statutory license). |
| Use                              | Includes the following acts: copying; communicating (electronically transmitting); adapting; publishing; performing in public; causing to be seen or heard in public; entering into a commercial rental arrangement; rebroadcasting; or any other copyright as defined by law. |
3. **ROLES AND RESPONSIBILITIES**

All staff must ensure that they understand and comply with the legal restrictions and obligations regarding the use of third party copyright material.

All managers must ensure that they have covered the policy to all staff within their departmental control.

All managers must ensure that the appropriate permission to use forms have been completed and filed on Council's Dataworks software.

4. **COPYRIGHT PROTECTION IS AUTOMATIC**

A creator has copyright protection as soon as he / she sets their vision down in a particular creative expression. So as soon as a singer records a song or a writer writes a paragraph of his novel, he has copyright in that creative expression.

**INSTRUCTIONS**

Avoid copyright infringement lawsuits by not stealing other artists / professional’s audio, video, or written material. The information or produced media may be solicited as free online but in many cases the information is stolen illegally and attempted to be resold for a profit. Do a search for the content or piece before using it.

The best way to avoid copyright legal problems is by creating your own media from scratch. Don’t copy other work and you should be fine. If you do find yourself being prosecuted for taking credit for someone else’s work you should assist the original producer in removing the publication, or, if they allow you, just add in credit to the original producer of the material.

Avoid copyrighted content usage. You should not use a song you download and pay for from ITunes or other online music downloading sites to make videos or slide shows. Although many people do it online, technically the artist can sue you if they so choose.

Copyrighted work gives the original author or the holder of the copyright of a specific work control over how it is distributed, where it is published, and how it may be adapted for a specified period of time. After that time, works become the property of the public domain.

Copyrighted work includes expressible forms of any idea ranging from texts (such as literature and articles) to audio (music, interviews) to video (film, television programs) to images (graphic designs, animations).

5. **COPYRIGHT PROTECTION PHOTOGRAPHERS**

*With the prolific use of digital cameras, photo sharing websites, and social networks online, the copyright rules on photography become more important each day. Some people mistakenly think that if a photo is found online or through a search engine, then it must be copyright free. In reality, however, this is far from the truth.*

**PHOTOGRAPHERS**

By default and with a few notable exceptions outlined below, photographers own the full copyrights to photos they take. As the copyright holder, they can authorize or restrict usage of the photos in any manner they please.

Since they own all rights to their photos, photographers can sell the copyright to those photos outright if they'd like, but that would mean they’d be releasing all rights to it themselves, so this is done rarely.

Instead, photographers usually license the use of the photos. There are a wide variety of ways photographer’s license photos, including payment for each use; licenses to specific magazines for one article; product licensing where royalties are paid as products are sold; commercial use for advertisements. The type of license agreement designates how the photos can and cannot be used, but the copyrights to those photos remain with the photographer.
Some photographers work on assignment for one or more clients in a work for hire capacity. Photos that are taken on a work for hire assignment are not owned or controlled by the photographer. In those cases, all copyrights are owned by the company, organisation, or individual who hired the photographer. The photographer is not allowed to do anything with those photos—even display them in his or her portfolio—unless the use is specified as allowed in the work for hire contract.

**Model Releases**

Photos that have recognisable people in them fall into a more complicated area of copyright law. The photographer has the copyrights to the photos they've taken, but they are limited in what they can do with those photos, because the people in them hold rights to their own identifiable images.

For photographers to have extra rights to the photos, such as displaying them in a portfolio or licensing them to clients for editorial or commercial purposes, the people shown in the images must sign a model release.

A model release is a legal form that gives photographers the right to use the photos of the person in specified or general ways. How the photos can legally be used depends upon the wording of the model release that is signed.

**Property Releases**

In certain circumstances, photos that have property in them—including animals, real estate, and personal possessions—sometimes fall under similar copyright situations to those photos with people in them.

Some buildings are trademarked, for example, and photos of them cannot be sold for commercial purposes without a signed property release that legally authorises it. The Sears Tower and the Seattle Needle are two famous examples, but this copyright complication can arise with photos of race horses, show dogs, and even the interior of a friend's home.

**Release Form**

The Council permission to use Photographic Image or Video Footage form must be completed by the owner and/or the identifiable individual in the image before use by Council is considered.

COUNCIL’S CCTV PROGRAM AND CODE OF PRACTICE

Originated Date: Adopted 17 February 2014 – Min. No. 44/14 (as Policy 72)
Amended Date/s: Reviewed 21 March 2016 – Min. No. 61/16
(adopting Local Business & community Organisations Participation in Council’s CCTV Program
(adopted 17 February 2014 – Min. No. 44/14 (as Policy 73)
Reviewed 20 August 2018 – Min. No. 232/18

Applicable Legislation: Tasmanian Personal Information Protection Act 2004

Objective
The objective of Council’s CCTV Program is to reduce personal and property crime, deter anti-social behaviour, and promote public safety in association with a range of other crime prevention strategies. The Code of Practice contains standards to guide the operation of the CCTV Program.

Administration: Governance
Review Cycle/Date: Within 2 years of adoption. Next review 2020.

1 BACKGROUND
Council is committed to taking action to reduce crime and increase public safety in the Northern Midlands. Council’s CCTV Program is one of a number of initiatives designed to facilitate greater community safety by preventing and reducing crime. It assists Council and Tasmania Police to work together to help provide a safer environment, reduce criminal and anti-social behaviour levels by deterring potential offenders, and aid in crime detection, apprehension and prosecution of offenders.

2 STRATEGY
The CCTV Program has two key components:
2.1 Council purchasing cameras for use in public places and in Council buildings and facilities.
2.2 Council providing financial assistance to businesses and community organisations in Northern Midlands towns to assist with the purchase and installation of CCTV cameras that will provide surveillance of their premise’s frontage and agreed aspects of the surrounding public area.

The CCTV Program is only one of a range of strategies that Council utilises to prevent or reduce crime and anti-social behaviour. Other strategies include designing out crime through urban environmental design, effective street lighting, access control and signage.

3 POLICY STATEMENT:
The Code of Practice has been developed in consultation with Tasmania Police and complies with:
• Australian Standard Closed Circuit Television (CCTV) AS 4806.1-2006/ AS 4806.2-2006.
• The Tasmanian Personal Information Protection Act 2004
• The Tasmanian Crime Prevention and Community Safety Council’s “Policing Requirements for Closed Circuit Television”.

4 COMPLAINTS
Complaints are to be considered through Council’s customer request system.

5 CODE OF PRACTICE: KEY PRINCIPLES

5.1 Principle 1: Purpose, Privacy and the Public Interest
The CCTV Program will be operated fairly, within applicable law, and only for the purposes for which it is established
or which are subsequently agreed in accordance with this Code of Practice. The purposes of the CCTV Program are to:

- Assist in reducing personal and property crime levels;
- Assist in the detection and prosecution of offenders;
- Promote a safer and more liveable environment in the Northern Midlands.

The CCTV Program will be operated with due regard to the privacy and civil liberties of individual member of the public, and particularly with a view to minimising false association.

The public interest in the operation of the CCTV Program will be recognised by ensuring the security and integrity of operational procedures.

It must be accepted that CCTV cameras cannot be placed to cover all conceivable areas. Rather, Council will install, or assist with the funding of, cameras at ‘priority’ locations.

*The definition of priority locations includes those areas in a Northern Midlands town where there is a recent or regular history of criminal and/or anti-social behaviour.

Council owned CCTV cameras installed in locations that are later deemed to be non-priority locations, or not assisting Council achieve the objectives of this policy, will be removed and reallocated as required.

5.2 PRINCIPLE 2: OWNERSHIP OF THE PROGRAM, RESPONSIBILITIES AND ACCOUNTABILITY

Council is responsible for compliance with the objectives of the CCTV Program and the protection of the interests of the public in relation to the Program.

Council is accountable for the effective operation and management of the CCTV Program.

5.3 PRINCIPLE 3: PUBLIC INFORMATION AND COMMUNITY CONSULTATION

Council will provide the public with clear and easily accessible information in relation to the CCTV Programs’ objectives, operation and outcomes.

Copies of this Code of Practice will be made available to the public at the Council Offices and on the Council’s website.

Where appropriate signs advising that CCTV cameras are operating will be conspicuously displayed at the location of the CCTV camera. These signs will clearly:

- Inform the public that the area is under video surveillance;
- Identify Council as the responsible body for the CCTV Program.

5.4 PRINCIPLE 4: INSTALLATION, CONTROL AND OPERATION OF CAMERAS

Council staff responsible for installing CCTV cameras must follow the requirements of the Work Place Health and Safety Act, and AS1657: Fixed platforms, walkways, stairways and ladders.

Information recorded will not exceed that necessary to fulfil the purposes of the CCTV Program, and will be obtained fairly and in accordance with the privacy provisions in this Code of Practice.

Council owned cameras will not be used to look onto adjacent premises, buildings, commercial premises or private residences unless requested by Tasmania Police.

The cameras will only be controlled and operated by authorised Council officers. These officers must act in accordance with the highest standard of probity and must control cameras to record subjects or particular places strictly in accordance with the purposes of the CCTV Program, this Code and applicable legislative requirements.
5.5 PRINCIPLE 5: RETENTION AND ACCESS TO RECORDED MATERIAL

Council owned, and wherever possible – cameras Council provides funding towards - will comply with the attributes of a good CCTV system as documented in the Tasmanian Crime Prevention and Community Safety Council’s “Policing Requirements for Closed Circuit Television”.

The retention of, and access to, recorded material will be only for the purposes provided by this Code of Practice and will not be kept any longer than is necessary for the purposes of the CCTV Program. Recorded material no longer required will be disposed of in a manner which protects the privacy of persons identified in the material.

Recorded material will be treated according to all relevant and appropriate legislation and standards.

Subject to the concurrence or request of Tasmania Police, the release of material recorded on Council owned cameras to the media may be referred to Council for approval. Use of recorded material by the media must only occur to gain public information with respect to the identity of a person/s wanted. The recognisable characteristics of other people in the footage must be obscured.

Authorised Council Officers are to access video footage at the request of Tasmania Police and provide Tasmania Police with requested footage. Council Officers providing images to Tasmania Police may be called as witnesses in a court of law, and they must have a thorough understanding of the operation of the CCTV system, how the images were recorded and the process followed to download the images from the camera.

It is acknowledged that only Tasmania Police has the authority to take action to identify and prosecute an offender detected via the Council’s CCTV Program.

Council’s disciplinary procedures will be activated in the event of unauthorised access to, alteration, disclosure, accidental loss or destruction of recorded material.

Council will generally retain images for not more than 30 days, and they will thereafter be deleted, unless they are required to be retained in relation to the investigation of crime, or for Court proceedings notified to Council, or for ongoing intelligence and investigation.

If in the rare circumstances that IT hardware fails and the current recorded images of up to 30 days are deleted, Council will take all reasonable efforts to repair or replace equipment and retrieve images.

Council retains ownership of and has copyright in all recordings, photographs and documentation relating to the Council owned CCTV system.

5.6 PRINCIPLE 6: EVALUATION OF THE PROGRAM

Evaluation of the CCTV Program will be undertaken to identify whether the purposes of the Program are being complied with. The evaluation will extend to whether Council’s Policy and Code of Practice are being adhered to. Council will evaluate the CCTV Program at least once every four years. The evaluation scope and the person/s to perform the evaluation will be agreed by the Council’s General Manager and the District Superintendent of Tasmania Police.

At a minimum the evaluation will:

- Identify and report any changes required to the Policy and Code of Practice;
- Recommend actions that will safeguard and enhance the CCTV Program.

5.7 PRINCIPLE 7: COMPLIANCE AND BREACHES OF THE CODE

Responsibility for ensuring the Code of Practice is adhered to rests with the Council. This responsibility includes ensuring breaches of the Code are investigated and remedied to the extent that the breaches of the Code are within the ambit of Council’s power to remedy.

Where surveillance is required for the security of employees or Council assets, such surveillance devices will only
be used in accordance with Council’s Work Health & Safety Policy.

6 **GRANTS TO LOCAL BUSINESS AND COMMUNITY ORGANISATIONS PARTICIPATING IN COUNCIL’S CCTV PROGRAM**

The rationale behind this Council CCTV Grants Program is that good quality, colour CCTV systems that are well installed and maintained can provide footage of offenders of a quality admissible as evidence in a court of law.

If such evidence is obtained from a poor quality, incorrectly installed, poorly maintained and malfunctioning CCTV system it is highly unlikely to be accepted as evidence in a court of law. Therefore, Council seeks to assist local businesses and community organisations in priority locations to purchase good quality, colour CCTV systems.

Offering a grant encourages community organisations in priority locations to purchase, install and operate high quality, colour CCTV systems to provide surveillance of their premise’s frontage and agreed aspects of the surrounding public area.

6.1 **AVAILABLE FUNDING:**

Council will make an allocation for the CCTV Grants Program in each annual budget. Council will fund up to 75% of the cost of purchasing and installing a CCTV system at a business or community organisation’s premises; with an upper cap of $1,000. This is a one-off grant. The CCTV system is owned by the business/community organisation which will be responsible for funding the maintenance, operation and insurance of the CCTV system, as well as any future upgrades/replacement of the system.

If the Grants Program allocation is fully committed during a financial year, Council has the option of reviewing the budget allocation and providing further funding into the Grants Program, or holding applications for consideration at the commencement of the next financial year.

6.2 **APPLICATION PROCESS:**

Council will accept completed Grants Program Application Forms from businesses and community organisations in Northern Midlands towns on a rolling basis.

Each application will be assessed by Council Officers in collaboration with Tas Police with selection criteria including:

- Whether there has been a recent or regular history of criminal and/or anti-social behaviour in the public space adjacent to the premises;
- The quality of the proposed CCTV system;
- The applicant’s level of commitment to installing, maintaining and operating the CCTV system at a high standard.
- The applicant’s level of commitment to meeting all relevant legislation and standards.
- The level of pedestrian traffic flow through the area;

All applicants will be informed in writing of the outcome of their application.

Successful applicants will enter into a Service Agreement with Council.

Unsuccessful applicants have the right of appeal as per the Council’s Customer Charter.

7 **POLICY REVIEW**

This policy shall be reviewed within two years of the date of it being adopted.

Objective

The objectives listed in this section have been developed to guide the Dog Management Policy and to ensure that Council consistently and effectively fulfils its responsibilities under the Dog Control Act 2000, particularly with regard to the protection of residents’ rights.

The objectives of the Policy are:

1. To ensure that owners of dogs comply with their obligations under the Dog Control Act 2000.
2. To prevent the danger caused by dogs to the public and to other dogs and animals.
3. To minimise the distress and nuisance caused by dogs to the public.
4. To actively promote the responsible ownership of dogs.
5. To provide for the reasonable exercise and recreational needs of dogs.
6. To provide routine patrols during normal business hours.
7. To provide an emergency after-hours dog management service to collect dogs at large provided that the dog has been secured.
8. To provide an emergency after-hours dog management service if a dog attack occurs.

The Policy must include at a minimum:

- A code relating to responsible ownership of dogs.
- The provision of declared exercise areas.
- A fee structure.

Administration:

Community and Development

Review Cycle/Date:

Every 5 years. Next review 2024

CODE OF RESPONSIBLE DOG OWNERSHIP

Council is committed to the objective of promoting responsible dog ownership and has adopted the following code which requires dog owners to:

- Ensure that the dog is kept under control at all times and when in a public place it must be on a lead not exceeding 2 metres.
- Ensure that the dog is registered in accordance with the Dog Control Act 2000, with a financial incentive provided for owners to de-sex dogs that are not being kept for intentional breeding purposes.
- Ensure that the dog receives necessary care and attention in accordance with good veterinary practice, and is supplied with adequate food, clean water and shelter.
- Ensure that the dog receives adequate exercise.
- Ensure the dog, by age 6 months, has an approved microchip implanted.
- Take all reasonable steps to ensure that a dog does not cause a nuisance to any other person, whether by persistent or loud barking/howling or by any other means.
• Take all reasonable steps to ensure that a dog does not injure, endanger, intimidate, or otherwise cause distress to any person.
• Take all reasonable steps to ensure that a dog does not injure, endanger, or cause distress to any stock, poultry, domestic animal, or protected wildlife.
• Take all reasonable steps to ensure that a dog does not damage or endanger any property belonging to any other person.
• Comply with all regulations under the Dog Control Act 2000, including the requirement for the person in charge of a dog to immediately remove and dispose of faeces left by the dog in a public place or in a place not owned by the person.

EDUCATION
Council makes available a pamphlet which includes information on:
• the requirements of the Dog Control Act 2000;
• the code of responsible dog ownership;
• the role and function of Council and Council’s responsibilities to the community regarding dog management;
• services available to assist community members to be responsible dog owners.

Council Officers will, upon request, visit local schools to make presentations to students on dog ownership issues and responsibilities.

FEES
Council strives to set dog registration fees that are affordable for dog owners, yet provide a return for the costs associated with the delivery of dog control services.

Dog owners are encouraged to register their dogs early in the financial year. Encouragement in this regard is offered by the way of a discount if registration fees are paid prior to the 31st of August each year.

In developing registration fees each year Council utilises the following principles:
• Owners of de-sexed dogs are levied an amount as affordable as possible.
• Owners who choose to keep entire dogs (either male or female) are required to pay a higher level of fees.
• Pensioners are provided with an opportunity to register their first dog at a discounted rate.
• Owners with disabilities who keep either guide dogs or hearing dogs are not charged.
• Owners of dogs kept for breeding purposes and registered with the Tasmanian Canine Association are levied a fee that recognises the purpose for which they are kept. The fee will, however, be discounted from that which would normally apply to an entire animal.
• Owners of Greyhounds registered with the Tasmanian Greyhound Racing Board are provided with an opportunity to register the animal at a discounted rate.
• Owners of working dogs are provided with an opportunity to register the animal at a discounted rate.
• Owners of certified hunting dogs are provided with an opportunity to register the animal at a discounted rate.
• Failing to provide evidence of microchipping at time of registration incurs an additional fee.

Owners seeking concessional registration need to produce written evidence of eligibility as prescribed in the Act. In the case of working dogs, a demonstration of working stock may be required. Breeders must produce a current Stud Prefix issued by the TCA.

Council sets its dog fees at its ordinary Council meeting held in May of each year. The fees are advertised and standard renewal notices are provided to all those who have registered a dog previously.

DECLARED AREAS – OFF LEAD
Under the Act, Council can declare dog exercise areas on land solely under the jurisdiction of the Council, where dogs can be exercised off the lead if under effective control at all times. (You must be able to demonstrate that your dog is
immediately responsive to your commands in an off leash area.)

The following areas have been declared:

**Evandale:**
- Honeysuckle Reserve (off Leihlands Road)
- Saddlers Court Reserve

**Longford:**
- Union Street (fenced area between Union Street and Railway line)
- Coronation Park (Catherine Street)

**Perth:**
- Mulgrave Street Reserve (fenced land between Mulgrave Street and Arthur Street)

**Cressy:**
- Stock Route

**Ross:**
- Community Sports Ground

**Campbell Town:**
- Open area to North of Blackburn Park

**Avoca:**
- Area near river- Storys Creek Road

Council will continue to investigate the suitability of these and other areas and their facilities for this purpose and undertake upgrades or declare new sites as needed.

**MUNICIPAL DOG POUND**

Council operates a Municipal dog pound in accordance with the requirements of the *Dog Control Act 2000*. After 3 days, if the owner cannot be identified, every effort is made to secure an alternative home for dogs which are impounded and have not been claimed. However, dogs will be euthanised as a last resort when required.

The information pamphlet includes encouragement for dog owners to contact Council in person, by phone, email or Council’s fac book page in the event of losing their dog. Such action aims to facilitate the re-uniting of impounded dogs with owners.

**KENNEL LICENCES**

Under the *Dog Control Act 2000*, a person must apply to Council’s General Manager for a kennel licence if more than two dogs over the age of six months, or more than four working dogs over the age of six months, are to be kept on their premises.

Council requires a kennel licence applicant to advertise the licence application, including the specific number of dogs and their breed/kind, in a Wednesday edition of the Examiner newspaper, and any person residing within 200 metres of the boundary of the premises may object against the granting of the licence. Council also will letterbox drop all residences within 200 metres of the premises applying for the licence and will inform by letter owners of properties within the 200 metre range who do not live at the property.

Council, upon payment of the required fee, renews kennel licences on an annual basis. Council requires the holder of a kennel licence to apply for a new kennel licence if significant change in the breed/kind and/or number of dogs has occurred since the last licence was issued.

Kennel licences are required to be renewed annually at the start of the financial year. During the period of the licence, Animal Control Officers will perform random inspections to ensure that the licence conditions are being met.

**COMPLAINTS AND NUISANCE PROVISIONS**

Council considers every complaint received.

Issues raised are investigated in a pro-active manner which ensures that all facts are considered and the rights of the dog owner and the general public are balanced.

Council makes every effort to ensure vexatious and false complaints are avoided and/or promptly managed.
Council will not act on anonymous complaints

It is essential that Council has access to the Complainant’s name, address and contact details as well as the details of the complaint. This information is strictly confidential, unless the matter goes to Court. The Complainant must be prepared to lodge a formal complaint (if required) and/or appear as a witness in any court proceedings.

Animal Welfare issues are to be directed to the RSPCA

Where necessary, Council institutes proceedings against a dog owner for an offence under the Dog Control Act 2000:

**DOG AT LARGE**

It is a requirement of the Dog Control Act 2000 that a dog be under effective control at all times whilst in a public place. This means on a lead held by a person able to control the dog or, if in an area where a lead is not required, the dog is within sight of the person and is immediately responsive to the person's commands.

A dog that is not under effective control within a public place or is in or on premises without the consent of the occupier is considered a 'dog at large'.

Whilst Council will, on first offence, seek to reunite dogs at large with their owners with no penalty, fees and charges will apply where after hours call out or impounding are required. Subsequent offences may incur further penalties in accordance with the regulations to the Act.

**DANGEROUS DOGS**

The Dog Control Act 2000 makes specific provision for dogs that may be considered a danger to other animals or persons within the community. A dog may be declared dangerous by the General Manager if it has caused serious injury to a person or another animal or there is reasonable cause to believe that the dog is likely to cause such injury.

Council’s Animal Control Officer will undertake an investigation of any alleged incident or assertion that such an incident is likely. Matters such as the temperament of the dog, physical evidence, witness and participant statements and past history will inform the investigation. Based on the investigation, the Animal Control Officer will make a recommendation to the General Manager in regard to the making, or otherwise, of a dangerous dog declaration and the application of any other penalties.

If a dog is declared dangerous, the General Manager will serve a notice on the owner of the dog advising of the declaration, the reasons for it and the owners appeal rights before the Magistrates Court.

When a dog is declared dangerous, the owner or person in charge of the dog has to meet strong control provisions.

Animal Control Officers will perform random inspections each year to ensure a declared dog is being kept in accordance with the requirements of housing a dangerous dog.

**POLICY REVIEW PERIOD**

This dog management policy will be reviewed in accordance with the Dog Control Act 2000 Section 7(4). Council is to review its dog management policy at least once every 5 years.
The donations policy is to be implemented within the allocation provided in the annual budget. Any additional expenditure to be specifically authorised by Council.

To gain consistency when considering requests for donations, the following guidelines are proposed:

A) **NON-PROFIT/WELFARE/COMMUNITY GROUPS**

The Mayor or General Manager be authorised to grant donations of an amount not exceeding $150 in any one case for any recognised welfare, community service group or individual he/she may consider worthy of support.

Groups who conduct annual appeals will not be given donations by Council as residents have an opportunity to donate on an individual basis.

B) **YOUTH, AGED AND DISABLED**

The following groups are to be allocated annual donations:

1. OBJECTIVE
In order to meet the obligations of their Oath of Office, taken upon election, Councillors are to engage in ongoing professional development in order to maintain and improve their skills and effectiveness.

Council will develop and adopt a Professional Development Plan so as to ensure that activities available to all Council Members contribute to the achievement of the strategic and good governance objectives of Council.

Particular emphasis will be given in the Professional Development Plan of new Members joining Council following an election.

2. SCOPE
In considering professional development requirements, it should be noted that as decision and policy makers, Councillors are not expected, or required to hold specialist technical knowledge regarding Council activities, as the provision of qualified advice is the responsibility of the General Manager, in accordance with section 65 of the Local Government Act 1993.

Council recognises that some of the training needs of elected members will be specific to their roles and functions such as:
- Role and function of elected members
- Relationship between elected members, the General Manager and employees
- Meeting Procedures
- Conflict of Interest
- Code of Conduct
- Media Training

Other training issues will emerge that are directly related to specific service areas and other community issues and address environmental, social, cultural, community and economic challenges facing the community.

It is recognised that a range of delivery methods will be required to support the training needs of Council Members, including:
- Seminars and informal (briefing) sessions conducted by Council with appropriate guest speakers and trainers;
- Attendance at seminars and conferences offered by organisations such as the Local Government Association of Tasmania, Australian Local Government Association, Local Government Managers Association and other private providers that provide an opportunity for elected members and employees from within and outside of Tasmania;

Following their election Councillors will be supported in their roles through access to a comprehensive induction program which will be offered as soon as possible after the induction of a new Council, and normally occur during the first months of office.

An effective induction program provides the opportunity for Councillors to become familiar with the structure of the organisation and how it interacts with its community and assists the newly elected Council build effective working relationships.

Induction programs are normally delivered in-house by Council, local government related entities such as the Local Government Association of Tasmania, Local Government Office; or subject matter specialists such as the Integrity Commission.

3.2 ONGOING IN-HOUSE TRAINING & AWARENESS ACTIVITIES

The legislative provisions of the Local Government Act 1993 provide the formal framework for the presentation and discussion of the business of Council, via an approved schedule of meetings.

In addition to the formal legislative structure which governs the flow of Council business through meetings of the Council and its appointed committees, there is a need for Councillors to be aware of a wide range of issues relating to their roles as elected representatives of Council.

Matters may include legislative updates, Council specific projects and inter-government matters, as well as refresher training and awareness on issues including WH&S responsibilities, ethical decision making and Code of Conduct.

Information on such matters will be presented to Councillors as the need arises, using the most appropriate forums, including training sessions, briefings, presentations and workshops.

In keeping with the Oath of Office, ongoing professional development will involve participation by Councillors in training and development activities to improve their knowledge, competence and effectiveness.

Activities may be provided through a number of avenues which suit individual needs, including:
• formal study;
• workshops; briefings, seminars and business forums;
• peer programs;
local government sector activities; and
conferences.

All professional development activities must be conducted within Australia.

It is the responsibility of the Mayor to oversee the performance of the Councillors in accordance with section 27 of the Local Government Act 1993.

Accordingly the Mayor* will approve an annual professional development plan for the Council, having discussed individual needs with Councillors, in accordance with the policy guidelines.

*In all instances involving elective professional development planning for the Mayor, the Deputy Mayor will act in lieu of the Mayor.

In support of individual planning, Councillors may access a training needs facilitator should they so wish, in accordance with the policy guidelines.

In determining individual requirements for professional development, the Mayor will be mindful of the available budget; equity of expenditure and distribution of activities; and any other issues considered to be relevant at the time.

The Mayor will inform the Council of the annual professional development plan, for noting purposes only, together with any approved variations as they occur.

Councillors will be required to report to the Council on their professional development training and development activities, in accordance with the policy.

The total cost of Councillor participation in professional development activities will be attributed to individual Councillors under this specific category.

4. Funding

An annual budget allocation will be provided to support the training and development activities undertaken by Council, and progress against expenditure of the budget allocation will be reported on an annual basis.

Council will determine the size of its annual budget allocation at budget time, which may change annually, depending on the nature of issues for which training and development activities may be required to be offered. For example, when a new Council is elected there may be specific issues and costs required to be incorporated.

The General Manager has delegated authority to approve training courses that are within the budget, any expenditure in excess of the budget must be approved by the Council.

5. Attendance at Training Programs/Activities

Following attendance at an external training program or activity, individual Council Members are required to prepare a report outlining the nature of the training program/activity and the benefits gained through attendance along with feedback on ideas to enhance the program/activity.

Such reports are not required for ‘in house’ training programs or activities.

6. Payments/Reimbursements

Where approval has been granted by Council for attendance at a training program/activity an elected member may seek reimbursement of expenses in accordance with the relevant provisions of the Local Government Act and Regulations using the Council Member Reimbursement form attached to Council Policy - Councillor Allowances, Travelling and Other Expenses.

FIRE ABATEMENT

Originated Date: Adopted 18 February 2013 – Min. No. 50/13 (as Policy 69)
Amended Date/s: Amended 21 November 2016 – Min. No. 311/16
Amended 23 January 2017 – Min. No. 07/17

Applicable Legislation: Local Government Act 1993

Objective Provide a fair and consistent approach to the reduction of potential fire risk within the settlement areas of the Northern Midlands.

Administration: Community and Development

Review Cycle/Date: Next review 2021.

INTRODUCTION

Wildfire is a natural hazard throughout Tasmania and it is the ongoing responsibility of all land owners to take reasonable measures to minimise the risk to their own property and that of their neighbours.

The Local Government Act 1993 at part 12, division 6, defines a nuisance to include anything that is, or is likely to be, a fire risk. Further, the Act requires that, where Council is satisfied that a nuisance exists the General Manager must serve a notice requiring abatement of the nuisance.

Council’s authorised officers have the training and authority to inspect properties and when a fire risk is identified, prepare the relevant abatement notices to be issued by the General Manager.

Council recognises that different fire risks exist on individual properties depending upon matters such as the location of the land, its terrain and vegetation cover.

OPERATION

1 EXPECTATION

Rural Properties

It is expected that owners and occupiers of rural properties will manage their risk of fire transfer, either to or from their properties, through the use of fire breaks at their boundaries. Depending on the slope and potential fuel load, fire breaks should be between 10m and 20m wide and should be cut to a height not exceeding 10cm or be ploughed. Fire breaks should be regularly inspected and maintained to ensure the fuel load is at a minimum.

Urban Fringe – Low Density Residential

It is expected that owners and occupiers of properties on the urban fringe or in designated low density residential or rural living areas will manage their risk of fire transfer, either to or from their properties, through the use of fire breaks at their boundaries. Depending on the slope and potential fuel load, fire breaks should be between 5m and 20m wide and should be cut to a height not exceeding 10cm or be ploughed. Fire breaks should be regularly inspected and maintained to ensure the fuel load is at a minimum.

Urban areas

It is expected that owners of vacant lots within urban areas will maintain a 5m wide fire break, at a height of not more than 10cm, with all shrubs and lower (less than 1m) limbs of trees removed. Grass throughout the balance of the property should be maintained at approximately 10cm, trees and shrubs may be retained. Debris fuel load should be removed annually.
Grazing to abate risk

The use of sheep, or other stock, to graze vacant land and so keep the grass short and thus abate potential fire risk can be effective if commenced early enough and if weeds – particularly thistles and gorse - are additionally dealt with. Placing sheep onto vacant land once an abatement notice has been served, or after significant growth, is unlikely to produce a satisfactory result. In many cases, the trampling, by stock, of the fuel load may simply make its removal more difficult.

2 Inspection

Council does not provide a comprehensive property inspection service as it is the responsibility of individual land owners to assess their own risk and take appropriate action.

However, Council’s authorised officer will respond and inspect all sites where a fire risk concern is brought to Council’s attention.

In addition, in spring of each year Council’s authorised officer will conduct inspections of the residential areas in the municipality, for potential fire hazards.

3 Process

i Friendly Reminder: following the initial inspection, the authorised officer will send a reminder letter to the owner or occupier of all properties where, in the opinion of that officer, a fire risk may eventuate if the existing fuel load is not reduced.

ii Advertise: Council will place fire season hazard advertisements in newspapers circulating in the municipality, in early October and November each year. The advertisements are also to be shared on Council’s Facebook page.

iii Inspection: the authorised officer will conduct a follow up inspection of all properties identified from the inspection referred to in clause 2, and of any other properties brought to Council’s attention, prior to the Fire Permit Period or fire restrictions commencing.

iv Abatement Notice: where, in the opinion of the authorised officer, there is, or is likely to be a fire risk, a notice will be served upon the owner or occupier of the land requiring the risk to be abated within fourteen days.

v Appeal or carry out work: the owner or occupier of the land must abate the risk or appeal to a magistrate within 14 days of the service of the notice, in accordance with the provisions of the Local Government Act 1993.

vi Risk not abated: if the owner or occupier does not abate the risk or lodge an appeal within the prescribed 14-day period, a letter will be sent to the owner or occupier advising that Council will carry out the works at the owner or occupier’s expense.

vii Send Contractor: once the letter referred to in step (vi) is sent, the authorised officer will engage a contractor to enter the land and do anything reasonably necessary to abate the fire risk. The contractor will cut locks or remove gates etc. if necessary to gain entry.

viii Charge to owner: all costs associated with the contractor, plus and administration fee, will be invoiced to the owner or occupier. This cost will be incurred even if the owner or occupier abates the risk, after the expiry of the prescribed period, but prior to the arrival of Councils contractor.
1. INTRODUCTION

This policy is to ensure that any fireworks displays within the built-up and rural residential areas of the Northern Midlands are conducted in such a manner to minimise any impact on residential amenity and the safety of horses and domestic animals.

This policy is intended to qualify Council’s blanket objection to all fireworks displays within built-up and rural residential areas.

2. DEFINITIONS

- **Act** means the Explosives Act 2012
- **Regulations** means the Explosives Regulations 2012
- **Type 1 fireworks** means a cap, party popper, snap for bonbon or sparkler as defined in the Regulations.
- **Type 2 fireworks** means fireworks that are Shopgoods fireworks within the meaning of AS 2187.3 and are not Type 1 fireworks.

- **Fireworks display permit** means a permit issued under regulation 88 of the Regulations.
- **Residential area** Includes rural residential areas.
- **Secretary** means the Secretary of the Department administering the Explosives Act and Regulations (Department of Justice).

3. BACKGROUND

The Northern Midlands Council respects the concerns of residents that fireworks displays, involving fireworks with a report, are potentially disturbing to domestic animals and horses. Such displays are generally discouraged within residential (including low density) areas.

The Northern Midlands Council endorses the RSPCA document “Fireworks are no Fun for Animals” attached to this policy.

4. OPERATION

Where complaints are made to Council about a fireworks display, Council will review the complaint and decide whether to lodge an objection against the display with the Secretary.
Where Council becomes aware that a fireworks display was conducted within 5.5 km of the Launceston Airport, it will lodge an objection against the display with the Secretary.

5. **PROPOSED DISPLAYS**
   
   - Displays, within residential areas, involving rockets and/or other air burst style fireworks are considered inappropriate and likely to distress domestic animals. Such displays shall not be supported;
   - Council shall forward an objection in response to all applications including rockets and/or other air burst style fireworks in residential areas;
   - Displays, within residential areas, not including rockets or other air burst fireworks and displays not within residential areas will not be opposed, provided:
     - Neighbours and pet owners in the immediate vicinity are given appropriate notification;
     - Previous displays for the site, or by the applicant, have been satisfactory (i.e. have not resulted in multiple complaints).

6. **APPROPRIATE NOTIFICATION**

   In accordance with WorkSafe Tasmania’s Application for Type 2 Fireworks Permits, a person issued a permit must give at least 7 clear days’ notice of the display to the council’s general manager and the owner or occupier of each property adjoining the site, **OR** give public notice of the display in a daily newspaper published and circulating generally in the region that the display is to be held in.

7. **FAILURE TO NOTIFY**

   If Council becomes aware that notification was not given as required, it will lodge an objection with the Secretary.
The sight and sound of a fireworks display can pose a serious risk to your animal’s safety. Many animals are terrified by fireworks. Unfortunately our celebrations can inspire fear and distress in animals, so it’s essential responsible pet owners adequately prepare their animals for fireworks displays in their area.

Animal behaviorists believe that animals become fearful during fireworks displays because the sights, sounds and smells are extreme and unfamiliar to them. Animals not accustomed to fireworks are likely to react in a negative way, and sadly, it is common for pets to panic and escape during suburban fireworks displays.

In their panic, these animals may become disoriented and/or lost, and some may be killed or severely injured.

Horses and other livestock may panic and try to escape the overwhelming impact of a fireworks display.

It is a condition of Fireworks Permits issued in Tasmania that surrounding residents are notified of your intention to use fireworks.

Noise generated from fireworks has the potential to cause conflict and concern to people in the immediate area of the display, as well as frighten pets and other animals such as horses and other farm animals. At least 48 hours prior to the date of your fireworks display please ensure that you properly inform residents in the surrounding area of the display, as well as inform property owners who have animals. The timing of this notice must be such so as to allow sufficient time for persons to manage their pets and animals. In any event at least 48 hours prior notice of the intended fireworks display must be given to people in the immediate area.

If you are planning a fireworks display on your property,

Please be a Good Neighbour and give surrounding residents as much notice as possible to allow them to make adequate arrangements for their pets.
To keep your animals safe and calm during a fireworks display, it is essential to take precautionary steps:
The RSPCA recommends that pet owners stay home with their pets.
If your pet begins to show signs of distress, encourage calm behaviour with praise and attention. Do not pat and comfort a scared dog, it will only increase the problem.
Instead be calm, cheerful and in control.
If someone cannot be at home, ensure your pets are indoors in a room that is safe and familiar.
Leave a radio on and some of their favorite things, or some old clothes with the your scent on them in the room for added comfort.
In case of escape, make sure your pets are well-identified with a microchip and collar and tag.
Make sure you leave plenty of water.
It can also help take your dog out on a lead for plenty of exercise well before the fireworks start, but dogs that panic can choke themselves on a collar or lead, so never use a check chain or slip collar to restrain your dog.

OTHER ANIMALS
Rabbits, guinea pigs, birds and other small animals should be safely secured in a garage or outbuilding, away from the sight and sound of fireworks.
As an alternative, making sure there is sufficient ventilation, you can cover the cage with thick fabric to help muffle the sounds.
Horses, goats and other livestock should be securely stabled or moved to a different location during fireworks displays in their immediate area.

DO NOT TETHER YOUR ANIMALS
Tethered animals are likely to feel trapped and will panic even more. They can seriously injure themselves (and others), become entangled, or even choke in their efforts to escape.

If you build a bonfire remember that it may of attracted small animals and birds looking for food or shelter during the day, so be sure to give it a good shake and make some noise before you light it.

Desensitisation may help to calm pets afraid of loud noises.
By regularly exposing animals to small samples the kind of sounds that frighten them, you may begin to desensitise them.
Start very quietly. Play the recorded sound just loud enough that you begin to notice some irritation, such as ear-twitching. Attract your dogs attention. Play, act as if everything is normal, and reward calm behaviour with praise and attention. Keep this up for a few minutes at a time, and try to leave the sounds on after you leave the room.
Repeat the process on a daily basis, gradually increasing the volume over the course of a few months. You will need to allow three to six months in advance to complete this kind of training, and with some animals you will need to continue it indefinitely or they will become sensitive again in between fireworks displays.

Unfortunately for some pets the fear of loud noises is completely overwhelming.
When pets have this kind of abnormal and excessive fear, it may feel like there is nothing you can do to calm them down.
If your pet suffers from an unmanageable phobia of fireworks or thunder, then it is at risk of injury when it panics.
To help keep your pet safe, you should take the time to make an appointment with your vet well before the date of the fireworks display. Discuss the problem with your vet or an animal behaviourist, who may recommend behavioural therapy, and in some cases may prescribe some calming medication.

1. **OBJECTIVE**

Northern Midlands Council (Council) is committed to acting in the best interest of the community and to upholding the principles of honesty, integrity and transparency, which are all key components of good governance. Council does not tolerate fraudulent and/or corrupt activity of any kind.

Council’s Fraud and Corruption Control Plan is designed to reduce the overall risk of fraud and corruption and reflects Council’s commitment to promoting ethical and honest behaviour in the workplace.

The purpose of this plan is to:

- outline management’s key leadership responsibilities in regard to fraud and corruption;
- inform all employees and Councillors of their responsibilities regarding fraud and corruption, and detail the actions required when fraud and corruption is suspected; and
- summarise Council’s anti-fraud strategies.

2. **SCOPE**

The Fraud and Corruption Control Plan has been developed in accordance with the Australian Standards on Fraud and Corruption Control 8001-2008 and applies to Councillors, employees and any external party involved in providing services to any part of Council, for example, contractors, consultants, outsourced service providers and suppliers.

Employees and Councillors are expected to perform their duties for, and on behalf of Council legally, ethically and with integrity and professionalism. Embedding these requirements into day-to-day operations will protect Council by reducing the likelihood of financial loss or reputational damage as a result of misconduct by employees and others.

3. **DEFINITION OF FRAUD AND CORRUPTION**

The Australian Standard on Fraud and Corruption Control AS 8001-2008 defines fraud as:

“Dishonest activity, causing actual or potential financial loss to any person or entity including theft of moneys or other property by employees or persons external to the entity and where deception is used at the time, immediately before or immediately following the activity. This also includes the deliberate falsification, concealment, destruction or use of falsified documentation used or intended for use for a normal business purpose or the improper use of information or position for personal benefit. The theft of property belonging to an entity by a person or persons internal to the entity but where deception is not used is also considered ‘fraud’ for the purposes of this standard.”

The Australian Standard on Fraud and Corruption Control AS 8001-2008 defines corruption as:

“Dishonest activity in which a director, executive, manager, employee or contractor of an entity acts contrary to the interests of the entity and abuses his/her position of trust in order to achieve some personal gain or advantage for him or herself or for another person or entity. The concept of ‘corruption’ within this standard can also involve corrupt conduct by the entity, or a person purporting to act on behalf of and in the interests of the entity, in order to secure some form of improper advantage for the entity either directly or indirectly.”

Please refer to Appendix B for an example of activities that would be viewed as fraud or corruption that relate specifically to Council, Councillors, employees and third party providers.

4. **RESPONSIBILITIES**

4.1 **COUNCILLORS**

Collectively, as the decision making body, Councillors are responsible for ensuring that Council:

The Fraud Control Officer has responsibility for the development and review of Council’s Fraud and Corruption Control Plan and ensuring that the Plan requirements are implemented and functioning at Council. The Fraud Control Officer will conduct preliminary investigations into reports of fraud or corruption, for the purpose of deciding further action.

5. Prevention

Council recognises that the most effective way to prevent the occurrence of fraud and corruption is to promote an ethical environment fully supported and demonstrated by management and in which internal control mechanisms have been implemented. Council’s fraud and corruption prevention strategies include the following elements:

• A Code of Conduct which outlines a statement of values and details unacceptable behaviour;
• Recognition from Management who adhere to, promote and maintain an ethical culture and actively promote such a culture;
• A program for communicating Council’s Code of Conduct through regular dissemination of material;
• Ongoing training in the use of codes of behaviour and ethical standards; and
• A mechanism to report ethical complaints or concerns inside and outside the normal channels of communication.

5.1 Ensuring Management Commitment to Controlling the Risk of Fraud and Corruption

Management must have a high level of commitment to controlling the risk of fraud and corruption. Management should maintain an understanding of the types of fraud and corruption common within local Government and any types of fraud and corruption that have been detected in Council within the last five years.

Management should have strong knowledge of the internal control environment and its ability to prevent and detect the types of fraud and corruption likely to occur.

Management (including any person supervising employees or contractors) have a responsibility to be aware of their accountabilities for the prevention and detection of fraud and corruption. In order to reinforce this, Council’s Fraud and Corruption Control Plan includes the following elements:

• The responsibility to implement policies and procedures, including the Fraud and Corruption Control Plan, is incorporated within managers position descriptions; and
• Managers receive appropriate training on fraud and corruption control and during this training are informed of their specific fraud and corruption accountabilities.

5.2 Maintaining a Strong Internal Control System and Internal Control Culture

Internal controls are often the first line of defence against fraud and Council will ensure the maintenance of a strong internal control system that addresses all business processes, particularly those assessed as having a higher predisposition to the risks of fraud and corruption. In respect to the internal controls, Council will:

• document internal controls;
• communicate internal controls effectively to all employees. The level and means of communication will be based on level of responsibility and position of each employee;
• provide access to documented internal controls to appropriate and relevant employees;
• regularly review internal controls and documentation to ensure continuous improvement at least every 3 years; and
• regularly review adherence to internal controls.
Council aspires to achieve a strong culture in which all employees understand the importance of adhering to internal controls and will implement appropriate compliance assessments including regular performance review programs to measure and monitor adherence.

5.3 Fraud and Corruption Risk Assessment

Focused fraud risk assessment will be undertaken at least annually as part of a structured risk management process or when there is significant change to operations.

Council’s main objective in the prevention and control of fraud and corruption is to minimise the occurrence of fraud and corruption within Council. This objective is generally achieved by:

- identifying and assessing fraud and corruption risks;
- determining strategies to control those risks; and
- defining responsibility for and, the timeframe within which the strategies will be implemented.

Controlling strategies that result from a fraud risk assessment will be monitored and reported to the General Manager via the Fraud Control Officer in accordance with developed risk management strategies.

To assist with the identification of fraud and corruption risks Managers must be alert to the potential of fraud and corruption to occur and remain aware of factors which may leave Council vulnerable to fraud and corruption, including:

- changes to Council delegations;
- implementation of cost cutting measures;
- contracting out and outsourcing;
- the impact of new technology; and
- changes to risk management practices.

Refer to Appendix B – Examples of activities considered Fraudulent or Corrupt and Appendix C – Fraud and corruption Risk Indicators for items to be considered during the performance of fraud and corruption risk assessments.

5.4 Communication and Awareness of Fraud and Corruption

Council recognises that the success and credibility of this Plan will largely depend upon how effectively it is communicated throughout the organisation and beyond.

5.4.1 Community Awareness

Council will take proactive steps towards ensuring that the wider community is aware of the zero-tolerance stance towards fraud and corruption.

Council will increase community awareness by:

- promoting Council’s initiatives and policies regarding the control and prevention of fraud and corruption on Council’s website and at Council offices;
- making reference to Council’s fraud and corruption initiatives in the Annual Report; and
- facilitating public access to all policy documents that reflect Council’s governance and probity framework.

• Verification of identity;
• National police check;

Employment screening will be undertaken in line with the Australian Standard on Employment Screening AS 4811-2006 (or relevant standard, regulation, Act).

5.6 Policies Dealing With Annual Leave

Reluctance to take regular leave may increase the risk of occupational injury or disease due to exhaustion or fatigue. It is also a possible indicator that a person may be concealing evidence of fraud or corruption. Where possible Council may address this by limiting the amount of leave an individual can accrue at any one time in accordance with the Enterprise Agreement.

5.7 Supplier Vetting

Managers and other appropriate employees who are responsible for purchasing goods and services on behalf of Council are to undertake all transactions in accordance with Council’s approved Procurement Policy whereby effective vetting of suppliers is required.

These processes have been established to ensure transactions are undertaken in an open, honest and ethical manner, promotes fair and open competition, and seek value for money for Council, whilst supporting measures aimed at controlling the risks of fraud or corruption.

6. Detection and Reporting

6.1 Fraud and Corruption Detection Strategies

Council has established systems that enable post-transaction review and monitoring to identify suspicious transactions and/or instances of fraud or corruption by analysing and matching data extracted from computer
systems and through review and analysis of management accounting reports.

These systems increase the level of monitoring and control over transactions, thereby reducing the likelihood of fraudulent and corrupt activity. Overall responsibility for developing the systems to detect fraud and corruption rests with the Fraud Control Officer who will work with Management in applying the findings from the fraud and corruption risk assessment process to formulate effective fraud and corruption detection systems and procedures.

Management must ensure that all employees are made aware of this policy through training and communication programs and will promote and support Council’s commitment to the policy content.

7. Responding

7.1 Procedures for the Investigation of Detected or Suspected Incidents

All allegations or suspicions of internal or external fraud or corruption raised must be reported by the notified person to the General Manager or Fraud Control Officer or their delegates immediately. No attempt should be made by any other employee to conduct any formal investigations or interviews in order to determine if fraudulent and/or corrupt behaviour has occurred or is suspected.

An investigation into apparent or suspected fraud and corruption shall be conducted by appropriately skilled and experienced personnel who are independent of the business unit in which the alleged fraudulent or corrupt conduct occurred.

This independent party can be an external law enforcement agency, a manager or other senior person within

A reference to any legislation includes all delegated legislation made under it and amendments, consolidations, replacement or re-enactments of any of them.

A reference to a Policy or procedure means any approved policies or procedures of Council unless otherwise stated.

‘Including’ and similar expressions are not words of limitation.

A reference to a document (including this document) is to that document as amended, novated or replaced unless otherwise stated.
Where a word or expression is given a particular meaning, other parts of speech and grammatical forms of that work or expression have a corresponding meaning.

Examples used in this Policy are for illustrative purposes only and are not intended to be exhaustive.

Unless expressly provided for, this Policy is not in any way incorporated as part of any enterprise agreement and does not form part of any employee’s contract of employment and any applicable enterprise agreement or contract of employment will prevail over this Policy to the extent of any inconsistency.

It is not intended that this Policy impose any obligations on the Council or those covered by it that are unreasonable or contrary to the operation of applicable laws. Any obligation, direction, instruction or responsibility imposed by this Policy must be carried out in a manner that an objective third party would consider to be fair and reasonable taking into account and in the context of all the relevant applicable laws, operational and personal circumstances.

Questions relating to the interpretation, application or enforcement of this Policy should be directed to the person’s manager/supervisor or the People & Culture Business Partner.

**Reporting of Breaches**

Persons covered under the paragraph ‘Coverage’ must reasonably report breaches of this Policy.

For breaches by:
- A Council Official (other than the General Manager) the report must go to the reporting person’s applicable manager/supervisor
- the General Manager the report must go to the Mayor (or if unavailable to the next appropriately delegated Councillor) and
- as otherwise required or permitted by applicable laws.

**Breach of this Policy**

Persons covered under the paragraph ‘Coverage’ who breach this Policy may (as is appropriate) be subject to appropriate disciplinary action in accordance with the Disciplinary Policy and Procedure or removal from the workplace or termination of services (contractors and sub-contractors).

**2. Purpose**

The purpose of this Policy is to provide a framework and guidelines for Council Officials when in receipt of gifts, benefits or donations during the course of their position at the Northern Midlands Council.

This Policy will also outline the obligations and responsibilities of Council Officials when dealing with offers of gifts, benefits or donations and assist Council Officials in making an appropriate judgement in relation to the same. This is to minimise Council Officials being placed in a situation where they may feel vulnerable or where community confidence in the impartiality and integrity of Council may be in questioned.

**3. Coverage**

This Policy applies to all gifts, benefits and donations offered to or received by Council Officials in their role as officers of the Council.

**4. Guidelines**

In a private context gifts, benefits and donations are usually unsolicited and when given, are meant to convey gratitude in the donor. Gifts given in this context are not the focus of this Policy.

Gifts and benefits may also be offered to individuals during the course of business relationships. Such gifts and benefits are often given for commercial purposes and the receiver may feel obligated to accept the gift or benefit. Gifts and benefits
given in the course of business relationships is the focus of this Policy.

**GENERAL**

Council Officials must at all times and in all circumstances be seen to be fair, impartial and unbiased.

Council Officials must not take advantage of their local government position to solicit gifts or benefits or to secure an unreasonable personal profit or advantage.

People doing business with the Council should be encouraged to understand that they do not need to give gifts or benefits to Council Officials to receive high quality service.

From time to time Council Officials may be offered gifts or benefits. In some circumstances gifts and benefits may be accepted. Token gifts of nominal value may generally be received. However, non-token gifts of a significant value, as a general rule, should not be accepted.

Council Officials should at all times be aware of the broader picture in which an offer of a gift, benefit or donation is being made. For example, Council Officials should consider whether the donor is involved in or may be seeking to enter into a business relationship with Council.

Council Officials must avoid situations that suggest that a person or body, through the provision of gifts, benefits or donations is attempting to secure favourable treatment from Council.

When deciding whether to accept or decline a gift or benefit, consideration should be given to both the value of the gift or benefit and also the intention behind the giving of the gift or benefit being offered.

**ACCEPTABLE GIFTS AND BENEFITS & TOKEN NOMINAL VALUE**

Gifts or benefits of a token nature at or below nominal value may generally be accepted by Council Officials without disclosing details to a manager/supervisor, General Manager or Mayor and without recording the details of the gift or benefit on the Gifts, Benefits and Donations Declaration Form or Register.

That said, Council Officials who receive more than the specified number of token gifts of a nominal value from the same person or organisation, in a specified period must disclose this in the Gifts, Benefits and Donations Register.

Gifts or benefits of a token nature that do not create the appearance of a conflict of interest include:

- Items with a company logo on them, ties, scarves, coasters, diaries, chocolates, flowers
- Books given to individuals in recognition of exceptional work done
- Gifts of single bottles of reasonably priced alcohol in recognition of exceptional work done
- Free or subsidised meals of a modest nature and/or beverages provided infrequently (and or reciprocally) that have been arranged for or in connection with the discussion of official business
- Free meals of a modest nature and or beverages provided to Council Officials who formally represent Council at work related events
- Invitations to approved social functions organised by groups such as Council Committees and community organisations

For the purpose of this Policy the current nominal value limit is $50.00.

Council Officials who receive more than three nominal gifts of a token nature from the same person or organisation, in a six-month period must disclose this in the Gifts, Benefits and Donations Register.

If a Council Official has any doubt if a gift or benefit is token or of nominal value they should discuss it with their manager/supervisor, the General Manager or Mayor.

**NON-ACCEPTABLE GIFTS AND BENEFITS**

Accepting gifts of money is prohibited.
Council Officials should generally not accept gifts or benefits that appear to be non-token in nature or more than the nominal value of $50.00.

Some examples of gifts or benefits of a non-token nature include:

- Free or discounted travel
- Use of holiday homes
- Tickets to major sporting events
- Corporate hospitality at a corporate facility or sporting venue
- Free training excursions
- Access to confidential information
- Discounted products for personal use
- Goods and services provided via a determination in a Will

At times a gift of a non-token nature may be given from one authority to another. Such gifts are often provided to a host authority. These gifts may be given as an expression of gratitude without obligation on the receiver to respond. The gratitude usually extends to the work of several people in the authority and therefore the gift is considered to be for the authority, not a particular individual.

If a gift or benefit of a non-token nature or above the nominal value is offered and cannot reasonably be refused (as this action may cause embarrassment or offence), the gift or benefit must be declared on a Gifts, Benefits and Donations Declaration Form, as well as recorded on Council’s Gift, Benefits & Donations Register.

If a Council Official refuses a gift or benefit because they believe that the gift was a deliberate attempt to receive ‘special treatment’, then such instances are to be reported to a manager/supervisor, the General Manager or Mayor.

**Actual or Perceived Effect of the Gift or Benefit**

Where it is suspected that a gift or benefit has been offered for the purpose of influencing the behaviour of someone acting in their official capacity, the gift or benefit must be declined, and the matter should be reported immediately to the relevant manager/supervisor, General Manager or Mayor.

**Bribes**

Council Officials must not offer or seek a bribe. A person offered a bribe should refuse it and report the incident as soon as possible to their manager/supervisor, General Manager or the Mayor. Council will take the appropriate steps to report the matter to the Police.

Receiving a bribe is an offence under both common law and Tasmanian Legislation.

Council Officials must take all reasonable steps to ensure that their immediate family members do not receive gifts or benefits of a non-token nature or gifts or benefits above the nominal value. For the purpose of this Policy, immediate family members include parents, spouses, children and siblings.

**5. Records: Gifts, Benefits and Donations Register**

Council Officials, who receive more than the specified number of token gifts or benefits near the nominal value limit from the same person or organisation, (cumulative gift) must disclose this on a Gifts, Benefits and Donations Declaration Form and also on the same named Register.

If an Official of the Council receives a non-token gift, benefit or donation in circumstances where it cannot reasonably be refused or returned, the receipt of the gift, benefit or donation should be disclosed, and the details recorded on the Gifts, Benefits and Donations Declaration Form and in the Gifts, Benefits and Donations Register. Whilst it is not a requirement for the Register to be made public, for transparency reasons, Council has elected to make this available for public inspection as and when requested.
The content of the Register will be monitored and reviewed by the General Manager on a quarterly basis.

6. **DISPOSAL OF GIFTS**

In some instances, gifts are accepted by Council Officials as it may not be appropriate to refuse the same. For example, it is protocol and an accepted practice for some nationalities and religions to offer gifts. Similarly, a gift or benefit could not be reasonably refused where it was likely to cause embarrassment or offence to the person offering the gift. The other option is when a gift is received anonymously, without any return address. Further, if a gift, benefit or donation of significant value is provided to a Council Official through a Will, where the relationship between the giver and recipient was essentially a Council related business relationship.

In these cases, a manager/supervisor, the General Manager or Mayor will determine whether a gift or benefit of a non-token nature should be disposed of. The options for disposal of such gifts, benefits of donations include:

- Surrendering the gift to Council for retention
- Distributing the gift or benefit amongst a selection of Council officials - where a reasonable person would agree that the allocation was appropriate
- Donating the gift to an appropriate charity.

- The impact on the NMC network in terms of bandwidth, security and ongoing maintenance requirements.
- Other considerations such as may be required under NMC’s BYOD/IoT policy.

On granting approval for the BYOD/IoT device, staff may be required to sign an acceptance to comply with NMC’s BYOD/IoT device policy. A copy of this policy document may be requested from the IT Systems Officer.

**APPROPRIATE USAGE**

Electronic communications have been provided to facilitate Council related communications with clients, suppliers, ratepayers, other agencies, co-workers and colleagues and should never create either the appearance or the reality of inappropriate use. As electronic communications can be copied, forwarded, saved and intercepted and archived, your selection of words and attachments should be chosen carefully.

When using e-mail and faxes remember you are sending/receiving information on behalf of the Council. The Council’s electronic communication system must not be used in a manner that could adversely impact on the reputation of Council.

The following Notice and Disclaimer will be attached to all outgoing e-mails:

**Confidentiality Notice and Disclaimer**

The information in this transmission, including attachments, may be confidential (and/or protected by legal professional privilege), and is intended only for the person or persons to whom it is addressed. If you are not such a person, you are warned that any disclosure, copying or dissemination of the information is unauthorised. If you have received the transmission in error, please advise this office by return email and delete all copies of the transmission, and any attachments, from your records. No liability is accepted for unauthorised use of the information contained in this transmission. Any content of this message and its attachments that does not relate to the official business of the Northern Midlands Council must be taken not to have been sent or endorsed by it or its officers unless expressly stated to the contrary. No warranty is made that the email or attachment(s) are free from computer viruses or other defects.

Council’s electronic communications system generally must be used only for business activity. Occasional or incidental personal use is permissible so long as, in the Council’s estimation:

- It does not consume more than a trivial amount of resources;
- It does not result in disruption to any systems;
- It does not harm the Council’s reputation;
- It does not represent personal opinions as those of the Council;
- It does not interfere with employee productivity; and
- It does not pre-empt, interfere or conflict with any business activity.
However, ‘personal messages’ will be treated no differently than other messages, and may be accessed or reviewed by council as described above.

Users are forbidden from using council’s electronic communications systems for soliciting, for charitable endeavours, for private business activities or personal financial gain, gaining unauthorised access to a computer system, or other non-council activities. Council also prohibits the unauthorised distribution of copyrighted information through electronic communication. In addition, electronic communications may not be used for knowingly transmitting, retrieving or storage of any communications of a discriminatory, harassing or defamatory nature, which are derogatory to any individual or group, which are obscene or threatening, for chain letters, or any other purpose which is illegal or against council policy or contrary to council’s interest.

Our ratepayers, customers and suppliers have the right to communicate with the Council without being exposed to words or images which may be considered confronting or offensive.

When composing electronic communications, choose your words carefully. Do not engage in inappropriate exchanges. Keep in mind that, unlike telephone or face-to-face conversations, participants cannot rely on tone of voice, gesture or verbal feedback to clarify meaning. Unless cautiously composed, messages can be interpreted as rude or offensive.

Any employee found to be abusing the privilege of council facilitated access to electronic communications will be subject to disciplinary action, up to and including immediate dismissal for major abuse, or having the access privilege removed for minor abuse.

Councillors found to be abusing the privilege of council facilitated access to electronic communications may have the access privilege removed.

**USER ACCOUNTABILITY**

Many of the threats to information security occur due to ordinary lapses of security in the workplace rather than planned attacks on the Council. Common events are: the loss of work that has not been backed up or stored correctly on the Council’s electronic document management system, Technology One ECM; leaving a logged in computer unattended; sharing passwords; and the introduction of viruses via e-mail and USB drives.

Where USB drives/external hard drives are required to perform business functions, these must be supplied or approved by the IT Officer before use. Under no circumstances should users bring in hard drives or USB drives from external sources and connect them to council devices without prior approval from the IT Officer.

Regardless of the circumstances, individual passwords must never be shared or revealed to anyone outside of council. To do so exposes the authorised user to responsibility for actions the other party takes with the password.

If users need to share information, they should utilise authorised information sharing mechanisms. To prevent unauthorised parties from obtaining access to electronic communications, users must choose passwords that are difficult to guess.

All employees shall ensure that all correspondence (including e-mail and attachments) and any other data, graphics and other council related documents or information is properly entered and recorded into Council’s electronic document management system, ECM.

**INFORMATION SENSITIVITY**

Users are reminded that most electronic communication systems are not encrypted by default. If sensitive information must be sent by electronic communication systems, encryption or similar technologies to protect the data must be employed. Unless you are using a data encryption technique or are specifically authorised to do so, at no time should you use electronic communications to forward confidential Council, financial or employee information.
The Council’s electronic communication system must not be used for the provision of personal, sensitive or confidential information to unauthorised persons.

Please refer to the Information Technology Officer for further information in regards to encryption.

When communicating using electronic communications, identify yourself clearly. This is critical especially when emailing to people outside council through the Internet. For example, where necessary, clarify for recipients that you represent only yourself, not council opinion. The Council’s Confidentiality Notice and Disclaimer should be attached to all outgoing e-mails.

Delete unneeded messages, sent and received. Maintain your in-boxes and out-boxes so that they contain as few messages as possible.

**MESSAGE PRIVACY**

Except as otherwise specifically or expressly authorised by council, users may not intercept or disclose, or assist in intercepting or disclosing, electronic communications. However, because Council is responsible for servicing and protecting its electronic communications networks and maintaining this policy, it is occasionally necessary for Council’s information technology personnel to intercept or disclose, or assist in intercepting or disclosing electronic communications.

Respect the privacy wishes of others. Messages should not be forwarded or copied for general distribution without the permission of the author/sender. Editing or doctoring messages or the author/sender’s name without the author/sender’s permission is also prohibited. Furthermore, electronic communications can be accessed by council in accordance with this policy.

**MESSAGE FORWARDING AND MASS MAILINGS**

*External message forwarding:*

recognising that some information is intended for specific individuals and may not be appropriate for general distribution, electronic communications users should exercise caution when forwarding messages. Council information must not be forwarded to any party outside council without the prior approval of the business unit manager. Blanket forwarding of messages to parties outside council is prohibited unless the prior permission of the appropriate manager has been obtained.

*Internal mass mailings:*

such messages may be sent on a council wide basis for council business purposes only. Personal messages, advertisements or solicitations are in violation of this policy. Please contact your Business Unit Manager if you require further information or clarification of an issue in relation to this policy.

**COPYRIGHT AND INTELLECTUAL PROPERTY**

Councillors and staff must recognise intellectual property and copyright is an important issue in the digital environment. While it is very easy to copy software, information or graphics electronically, it is against the law unless permission has been granted, and exposes the Council to legal liability risks.

Originated Date: Adopted 21 September 2015 – Min. No. 271/15
Amended Date/s: Reviewed 20 August 2018 – Min. No. 230/18
Reviewed July 2019

Applicable Legislation:
The objective of this policy is to provide guidance and direction on the creation and management of information and records and to clarify staff responsibilities. Northern Midlands Council is committed to establishing and maintaining information and records management practices that meet its business needs, accountability requirements and stakeholder expectations. The benefits of compliance with this policy will be trusted information and records that are well described, stored in known locations and accessible to staff and clients when needed. This policy is written within the context of Northern Midlands Council information and records management framework which is attached as Appendix A. This policy is supported by complementary policies and additional guidelines and procedures which include Appendix B.

Administration: Corporate Services

Review Cycle/Date: Next review 2023.

Policy Statement
Northern Midlands Council’s information and records are a corporate asset, vital both for ongoing operations and also in providing valuable evidence of business decisions, activities and transactions.

All agency records must be managed and maintained regardless of their format in an authorised information management system.

All Council staff are required to create and maintain authentic, reliable and useable information, documents and records, and protect their integrity for as long as they are required through:

- Ensuring that full and accurate records are created and maintained for each business process followed in the Council
- Preserving records, whether hard copy or electronic, safely and securely
- Ensuring that electronic records are saved and stored in the Council’s recordkeeping system, or other approved system, with appropriate metadata captured and naming conventions used to enable their efficient retrieval and use
- Ensuring records are accessible over time to support the conduct of business, and that they are only retained for as long as required by the Council and relevant legislation
- Assigning responsibilities for recordkeeping in the Council.

The agency aspires to proactively implement systems and processes which will enable records and information to be stored in an electronic format wherever possible.

This Policy is to be read in conjunction with the Information Management Framework and Records Management Manual. All practices and procedures concerning records management within the Council must be in accordance with this Policy.

Scope
This policy applies to the management and maintenance of records through their life cycle from creation, receipt or capture, to preservation and disposal under the provision of the Archives Act 1983. It includes records in any format held in the Council’s information systems. This policy covers the work practices of staff and consultants who:
• Create information
• Access information
• Have responsibility for information including storage, retrieval, dissemination and disposal
• Have management responsibilities for officers engaged in any of these activities
• Manage or have design input into information technology infrastructure.

The key distinction between Council records and other types of information is that records provide evidence of business activities.

Records exist in a variety of formats including, but not limited to paper documents, electronic messages, word processed letters, web-pages, information in databases, photographs, film, maps etc.

Regardless of format, records must be created, captured, maintained, secured and disposed of in accordance with the requirements of this Policy.

GOALS
The goals of this Policy are
• to ensure effective Council records management, covering the creation and maintenance of authentic, reliable and useable records.
• to ensure the Council’s records support the accountability and transparency of its business functions and activities for as long as those records are required.
• to provide evidence of the Council’s commitment to best practice records management.
• to set out the responsibilities of staff, clarifying their accountability for records and information management.
• to ensure that records and information management is done in accordance with our business and legislative requirements.

RATIONALE
The Council records are our corporate memory, providing evidence of actions and decisions and representing a vital asset to support our daily functions and operations. Records support policy formulation, decision-making and protect the interests of Council.

In addition to this records help us to make good use of precedents and organisational experience. They support consistency, continuity, efficiency and productivity in program delivery, management and administration.

State legislation and Australian Standards have been adopted as a requirement and code of best practice for the management of information and records within the agency.

They provide details of the conditions and standards by which information management and recordkeeping practices at the agency will be guided.

The following information provides an overview of key standards and legislation applicable to Council.

Archives Act 1983:
establishes the requirement for Tasmanian government agencies to create and keep State records.

AS:ISO-15489.1 – Information and Documentation – Records Management:
provides clear guidelines for the establishment and application of records management practices, procedures and systems that have been incorporated into the agency’s information management program.

Corporations Act 2001:
defines the agency’s responsibilities for keeping financial records which correctly record and explain its transactions and financial position and performance; and that enable true and fair financial statements to be prepared and audited.
Crimes Act 1924: covers criminal activity including fraud.

Electronic Transactions Act 2000: facilitates and promotes business and community confidence in the use of electronic transactions. It recognises the legal validity of transactions carried out electronically, and so permits the “recording and retention of information and documents in electronic form”. Recordkeeping practices should be applied to all records regardless of the format of those records. Where records are created electronically they should be managed appropriately.

Evidence Act 2001: describes the ways in which documents may be admitted as evidence into court. The Act describes the more acceptable formats and the features that would give more value or “weight” to records. Recordkeeping practices must ensure that the more appropriate format of the record is preserved.

Financial Management Act 1990 and Audit Act 2008: cover accounting and auditing requirements. The 1990 Act has since been amended to strengthen the powers of the Auditor-General. *(these Acts are not relevant to Councils)*.

Financial Transaction Reports Act 1988: provides for the reporting of certain transactions and monetary transfers to the Australian Transaction Reports and Analysis Centre (AUSTRAC) and specifies minimum retention periods for account and signatory information.

Income Tax Assessment Act 1997: requires the agency to keep records of income tax returns and assessments, and any related accounting documentation such as calculations, income and expenditure records.

Limitations Act 1974: sets out time periods in which legal action can be taken in various instances. The Act imposes a number of limitations on specific types of actions.

Local Government Act 1993: imposes a duty on Councils to create a wide variety of records.

Personal Information Protection Act 2004: sets out rules about information handling, including how the agency may collect, use, store and disclose personal information.

Right to Information Act 2009: provides for greater access to information held by Tasmanian government bodies and encourages proactive disclosure of information held by the agency as well as giving the public access to information upon request.

State Service Act 2000: provides a legislative framework that has been designed to support a contemporary workforce and to provide the best possible services to the Government, the Parliament and the community *(not relevant to Councils)*.

Tasmanian Government Information Security Policy: is based upon the following information security policy principles:

- Availability: information is accessible and usable to authorised entities.
- Integrity: the accuracy and completeness of information is protected.
- Confidentiality: information is not made available or disclosed to unauthorised individuals, entities or processes.
- Proportionality: measures to protect information are relative to the risk of loss or failure of availability, integrity and confidentiality.
DEFINITIONS

Business Classification Scheme:
A hierarchical model of the relationship between the Council’s functions, activities and transactions. It provides the core foundation for the development of the Council’s recordkeeping tools including a retention and disposal schedule.

Destruction Authority:
A once-off authorisation from the State Archivist that permits destruction for a defined set of records.

Disposal:
Involves either the destruction of records; their transfer to the Tasmanian Archive & Heritage Office for retention as part of the State archives; their transfer to another custodian; or some other process approved by the State Archivist which removes them from the custody of the agency.

Metadata:
Data that describes the context, content and structure of records and their management through time.

Record:
Information created, received and maintained as evidence and information by an organisation or person, in the pursuance of legal obligations or in the transaction of business. (Source: International Standard ISO 15489 – 2002, Records Management, Part 1: General, Clause 3.15)

Retention and Disposal Schedule:
An ongoing authorisation from the State Archivist that specifies minimum retention periods and consequent disposal actions for a defined set of records.

State archive:
State record or any other record which is deposited and preserved permanently in the Tasmanian Archive & Heritage Office.

State records:
Records of State government agencies/departments, State authorities, or local authorities. These public bodies are defined in Section 3 of the Archives Act 1983.

REQUIREMENTS

Creation and Maintenance of Records
Business records must be created and captured by everyone subject to this policy. Business records should provide a reliable and accurate account of business decisions and actions. Therefore it is necessary to include all necessary information to support business needs including the names, dates and time, and other key information needed to capture the business context.

Records can be folders, documents or data created, received or maintained as evidence and information of work done for or on behalf of the Council. Records may be either hard copy or electronic.

Examples of the Council’s records include (but are not limited to):
- Agendas, minutes and papers
- Case files
- Complaint correspondence
- Contracts and agreements
- Correspondence received from members of the public, private and public sector organisations that require action
- Documents related to events organised with or for external organisations, students etc.
• Facilities hire forms and documentation
• Media releases and articles
• Personnel recruitment and appointment documentation
• Policies and guidelines
• Reports and submissions
• Risk management registers and documentation
• Training program documentation
• WorkCover documents and files

Ultimately, if the record contains a business transaction or evidence of any decision that has been made on behalf of the Council it must be kept for the required time as per an approved Retention and Disposal Schedule authorised by the State Archivist.

Where no Retention and Disposal Schedule exists for the records they must be retained until such a time as they can be either destroyed according to a Destruction Authority authorised by the State Archivist, or transferred to the Tasmanian Archive & Heritage Office as State archives.

**Records that do not have to be kept**

Some records do not belong in the Council’s recordkeeping system, including:
• External advertising material
• Externally published newsletters that do not contain material created by or referencing the Council
• Internal e-mails received by “carbon copy” (cc) or “blind carbon copy” (bcc)
• Junk e-mail
• Personal items including e-mail
• Rough notes, working papers and calculations used solely to assist in the preparation of other records such as correspondence, non-auditable reports and statistical tabulations
• Copies of any documents, preserved solely for reference
• Published material preserved solely for reference
• Electronic revisions of documents in the Council’s recordkeeping system which can be purged/deleted when finalising documents

Documents of this nature may be destroyed, as defined by the Tasmanian Archive & Heritage Office *Retention and Disposal Schedule for short-term value records (DA2158)*

**Systems used to maintain records**

Records generated within the Council in the course of normal business practice or received from an external source are to be registered and captured in the agency’s recordkeeping system.

The following business and administrative databases and software applications are endorsed for the capture and storage of specific information and records. These include:
• Information and records management system – Technology One
• Business system – Outlook, Various Registers & User Drive
• Finance system – Open Office
• Payroll - Payroll.net

A full register of endorsed systems used to create or manage information and records can be found at Appendix C. These endorsed systems appropriately support information and records management processes such as creation and capture, storage, protection of integrity and authenticity, security, access and retention, destruction and transfer.
Corporate records must not be maintained in email folders, shared folders, personal drives or external storage media such as USB drives as these lack the necessary functionality to protect business information and records over time.

Records created when using social media applications or mobile devices may need to be captured into an endorsed system.

ACCESS TO RECORDS: SHARING CORPORATE INFORMATION WITHIN COUNCIL

Information is a corporate resource to which all staff may have access, except where the nature of the information requires restriction. Access restrictions should not be imposed unnecessarily but should protect:

- individual staff, or client privacy
- sensitive material such as security classified or material with dissemination limiting markings, for example any records information security classified ‘Cabinet in Confidence’ or above.

When handling information, staff are reminded of their obligations outlined in their statements of duties and under the Employee Code of Conduct.

RELEASE OF PUBLICLY AVAILABLE INFORMATION

In accordance with our obligations under the Right to Information Act 2009 access to publicly available information will be provided on our website and social media. This is the responsibility of Records Officer.

The public have legislative rights to apply for access to information held by our organisation under the Right to Information Act 2009. This applies to all information held by the agency, whether in officially endorsed records management systems or in personal stores such as email folders or shared and personal drives. Responses to applications for access under Right to Information legislation are the responsibility of the General Manager.

RETENTION OR DESTRUCTION OF RECORDS

Council records are destroyed when they reach the end of their required retention period set out in Records Retention and Disposal Schedules issued by the Tasmanian Archive and Heritage Office (TAHO). Retention periods in disposal schedules take into account all business, legal and government requirements for the records.

Records cannot be disposed of other than in accordance with all relevant Retention and Disposal Schedules and Destruction Authorities authorised by the State Archivist. In addition to this, records cannot be disposed of without the approval of the Records Management Officer and the Corporate Services Manager of the business unit that is the owner or is responsible for the records.

Some records can be destroyed in the normal course of business. These are records of a short-term, facilitative or transitory value that are destroyed as short term value records. Examples of such records include rough working notes, drafts not needed for future use or copies of records held for reference. See the TAHO website for the Retention and Disposal Schedule for Short Term Value Records. To discuss Business Units needs contact Council’s Records Manager Officer.

Central to the Council’s accountability process is the requirement it maintains a Register of Records Destroyed. This is the agency’s formal evidential record of destruction and must be retained permanently by Council. The Register must be clearly identified as the Register of Records Destroyed under Section 20(2)(b) of the Archives Act 1983.

TRANSFER OF RECORDS

At times certain records may be required to be transferred out of the custody of Council. This occurs when records of archival value are no longer being actively used and/or are 25 years or older. In this instance Council transfers them to TAHO. We are still able to access records if a subsequent need arises to consult records in TAHO’s custody.
Another instance where records may be transferred is when records are affected by administrative change and are transferred to an inheriting Council or to a private body. In either case, permission must be sought from TAHO before the records are transferred.

Contact our Council’s Records Manager Officer to discuss the procedures for transferring records.

**Monitoring the Records Management Program**

The records management program will be monitored for breaches of this Policy by the Records Management Officer and Information Technology Officer who will facilitate training as required.

Day-to-day records management audit activities will be coordinated by the Records Management Officer.

REGISTER OF ENDORSED SYSTEMS

For the purposes of Northern Midlands Council’s Information Management Policy, the only systems that are endorsed for the storage of council records and information are:

- Technology One ECM\(^1\)
- Outlook\(^2\)
- User Drive (F Drive)\(^2\)
- SharePoint (for councillor data specifically – data also must be in ECM)
- OpenOffice software (for example, Payroll.NET for payroll data, Finesse for financial data, Procure.Gov for creditors data, Collect for debtors data, Property.Gov for property and rating data)
- IntraMaps (GIS data)
- OpenOffice web modules (planning/building/health/customer service)
- Registers (e.g. Contractors Register, Asbestos Register, Risk Register, etc)
- OpenOffice ApproveTAS (planning/building/plumbing Applications)
- ProMaster Key Manager (electronic key management system)

---

\(^1\) ECM is the primary storage of electronic records for council. All council data should be stored here wherever possible, regardless of whether the data is also stored elsewhere.

\(^2\) Storage in these systems is only permitted for the purposes of ease of access/communication, and only if the data is also registered in ECM.
1. PURPOSE

Northern Midlands Council takes the security of our network very seriously, and puts significant effort into mitigating the risks inherent in today’s online world.

However we also recognise that security is a balancing act between eliminating all risk and unnecessarily stringent protocols which could cause a significant impact on the day to day productivity of staff and visitors.

2. APPLICATION

Accordingly our standard procedures for information security include the following measures:

- All inbound and outbound traffic is inspected by our stateful packet inspection firewall to monitor for suspicious traffic and detect potential attacks as early as possible
- Internet traffic is logged and monitored, both to limit user’s ability to reach malicious/compromised websites, but more generally to ensure that in the event a user’s internet activity is having a significant impact on their own or other’s productivity that the behaviour can be managed
- Inbound email traffic is proactively filtered for spam and malware, and URLs in emails proactively checked to limit the risk of users inadvertently clicking through to malicious websites. All email is archived in a third party system to prevent users from permanently deleting council information, whether inadvertently or with malicious intent
- All of NMC’s on premises data is backed up regularly (at a minimum, daily) in multiple diverse locations to protect from data loss
- Any of NMC’s data that is stored off premises (e.g., in the cloud) is subject to checks for security and backup compliance
- Where possible, two factor authentication is enabled for highly privileged user accounts, e.g. the IT Systems Officer

3. DATA BREACHES

Any individual who suspects that a theft, breach or exposure of Northern Midlands Council data has occurred must provide a description of what occurred to their manager or to the IT Systems Officer as soon as practically possible after.

The IT Systems Officer will investigate all reported thefts, data breaches and exposures, engaging specialist experts if required, to confirm whether a theft, data breach or exposure has actually occurred.

If a theft, data breach or exposure is found to have occurred, Northern Midlands Council will:

- Take steps to contain the theft, data breach or exposure to prevent any further compromise of personal information
- Assess the theft, data breach or exposure of data and where possible, take action to remediate any risk of harm
- Notify affected individuals, and where required under the Notifiable Data Breaches Scheme, also notify the Office of the Australian Information Commissioner
• Review the incident and consider what actions can be taken to avoid a reoccurrence of the theft, data breach or exposure

4. DISASTER RECOVERY PLAN POLICY

Northern Midlands Council will maintain a separate Disaster Recovery Plan outlining the steps to be taken in the event of a disaster which destroys Northern Midlands Council’s critical information technology infrastructure.

This Disaster Recovery Plan will be tested at regular intervals (ideally, every 12 months) to ensure that as far as practically possible, Northern Midlands Council’s information infrastructure can be recovered to a functional state that allows Northern Midlands Council’s critical services to continue operating within a reasonable timeframe. The definition of a reasonable timeframe will depend on the severity of the disaster.

5. EMAIL POLICY (ELECTRONIC COMMUNICATIONS)

Information and Communication Technology Resources and Electronic Communications Acceptable Use Policy

6. PASSWORD PROTECTION POLICY

Northern Midlands Council staff who require access to the corporate network will be provided a username and password to enable access to their allocated workstation/laptop and corporate applications.

Wherever possible, user passwords will be kept in sync with Northern Midlands Council’s active directory so that a single password will provide access to all necessary systems. As this password enables access to privileged data, users must take all practical steps to keep this password secret. If a user suspects that an unauthorised third party has learned their password they must immediately change their password and notify the IT Systems Officer.

**USER PASSWORDS MUST:**
- Be a minimum of 8 characters long
- Meet Microsoft complexity guidelines (contain characters from at least three of the following: upper case characters, lower case characters, numbers, non-alphanumeric characters, or Unicode characters that aren’t upper case or lower case
- Be changed on a regular basis. Policies will be maintained on Northern Midlands Council’s network to enforce password changes at least every 190 days

**USER PASSWORDS MUST NOT:**
- Be shared with other staff, except for the IT Systems Officer for the purpose of computer support and maintenance
- Be used for other non-council systems – it is important to use a unique password
- Be written down and stored in easily accessible locations (e.g. sticky notes under keyboards) or sent via insecure methods such as email.

7. REMOTE ACCESS POLICY

To enable access to network resources from outside Northern Midlands Network, remote access is available to staff. Generally this will be by means of a VPN connection into our network, with access controlled by the user’s normal network username and password.

This access can be provided to staff on a case by case basis as needed by the IT Systems Officer. To ensure that the necessary security protocols are in place, generally this remote access will only be provided from a council owned device.

If remote access is to be provided to network resources using methods other than VPN then wherever possible this shall be locked down to specific IP addresses and not accessible from the open internet. Under no circumstances will remote access be enabled using risky or insecure methods such as direct RDP access from the internet.
8. SERVER SECURITY POLICY

All servers on the Northern Midlands Council network are to have antivirus software installed and internet traffic filtered through a network firewall device.

Only the IT Systems Officer or authorised contractors will be provided with direct administrative access to servers. Authorised contractors will be issued with their own usernames and passwords, which will be given access rights under the concept of ‘least privilege’, ie the least access that is required to perform the functions that contractor has been engaged to perform.

9. SOFTWARE INSTALLATION POLICY

Computers provided to Northern Midlands Council staff will have all the necessary software installed for staff to perform their duties. No other software is to be installed on council devices without prior authorisation from the IT Systems Officer.

Staff will not generally be given local administrator privileges on their council owned computers unless there is a specific need for this access.

Installation of non-council approved applications on council smartphones is allowed, providing installation and use of the applications does not cause risk or disruption to the Northern Midlands Council network. If there is any doubt about whether the application may cause risk or disruption, staff must check with the IT Systems Officer before installing the application.

10. STAFF ONBOARDING / OFFBOARDING POLICY

**Onboarding**

When new staff who require IT systems access are employed at Northern Midlands Council, the People and Culture Business Partner will advise the IT Systems Officer in writing.

In order to provide the appropriate access, the IT Systems Officer will require, as a minimum:

- The new staff member’s full name, position title, and commencement date
- Information on what access is required, and what computer hardware will be used
- Information on what hardware may be required

When access is created for the staff member, the IT Systems Officer will follow an onboarding checklist and document the access that has been provided in case it is required in future.

As soon as practical after the new staff member commences employment, the IT Systems Officer will perform a brief IT induction to impart a basic understanding of the software being used at the Northern Midlands Council and the acceptable use policies in place.

**Offboarding**

When staff members with IT access cease employment at the Northern Midlands Council, the People and Culture Business Partner will advise the IT Systems Officer in writing.

As soon as practical after the staff member’s employment ceases, the IT Systems Officer will disable the staff member’s user account and remove access to all council systems. To do this, the IT Systems Officer will follow a checklist of council systems to ensure no access remains enabled.

If the departing staff member had email access, their email account will either:

- Have an out of office message enabled to advise that the staff member has left employment with Northern Midlands Council, or
- Be forwarded to another staff member to be dealt with
This email arrangement will remain in place for a grace period of at least 30 days, upon which time the email account will be disabled and unlicensed in Office 365.

11. WIRELESS COMMUNICATION POLICY

Access to the Northern Midlands Council corporate wireless network (network name ‘NMC Staff’) is for council provided / managed devices only, and access to this network is secured by means of an individual username and password that is allocated to each user. This is to ensure that devices have the appropriate security measures in place (for example antivirus software) before connecting to the network.

For all other devices, Northern Midlands Council provides wireless internet access via two other wireless networks (named ‘NMC Councillors’ and ‘NMC Guest’) which both provide internet access only and are segregated from the corporate network.

12. WORKSTATION SECURITY

Workstations and laptops on the Northern Midlands Council domain network will require a username and password for access. A disclaimer will be configured on the login screen of each device informing users that access is for authorised users only and is subject to the Northern Midlands Council Acceptable Use Policy (Policy 43 in the Policy Manual).

Workstations and laptops must not be left unlocked when not in use, and a policy will be configured on the network to enforce an auto lock on devices after a period of inactivity.

All workstations and laptops supplied to staff by Northern Midlands Council will have antivirus software installed which is centrally managed by the IT Systems Officer. Other policies will also be enabled on the network to mitigate the risk of computer borne viruses and malware, including but not limited to:

- Software restriction policies that prevent unknown executables running from risky locations
- Office policies limiting the use of macros
- Filtering of web and email traffic to limit access to malicious sites and files

As noted in the Software Installation Policy above, users will not generally be provided with local administrator privileges on their workstation or laptop unless it is deemed necessary by the IT Systems Officer.

Management of Donated Goods After a Disaster

Originated Date: Adopted 19 July 2010, Min. No. 173/10 (as Policy 60)
Amended Date/s: Amended 20 August 2018 – Min. No. 230/18
Amended 21 September 2015 – Min. No. 270/15
Applicable Legislation:

Objective
1) To ensure best practice methods are employed to manage donated goods after a disaster
2) To inform Northern Midlands residents on Council’s policy with regard to managing donated goods after a disaster.

Administration: Governance

Review Cycle/Date: Next review 2019.

BACKGROUND
The Australian Government released the report “Management of Donated Goods after a disaster” in February 2010. The report investigated the phenomenon of unsolicited donations following recent disasters across Australia. The researchers found that the management of unsolicited donated goods creates major problems after a disaster. A large proportion of what is donated in unusable but recovery managers are still required to put significant efforts into administration of the goods e.g. unpacking, sorting, storing and distribution. Disposal at the end of the disaster also required major effort.

The 2009 Victorian bushfires illustrate this well.

“The Victorian bushfires resulted in the donation of in excess of 40,000 pallets of goods from across Australia that took up more than 50,000 square metres of storage space. The costs for managing these donations i.e. 3 central warehouses, 5 regional distribution points, approximately 35 paid staff, material handling equipment and transport costs to distribute the material aid, has amounted to over 8 million dollars. In addition, volunteer numbers reached 1,500 during the first 3 months provided through over 40 shop fronts. Resources in the fire affected areas immediately after the event were severely stretched as a result of the material aid arriving without warning and without adequate resources to sort, store, handle and distribute.”

Experience from this and other disasters indicates that a large proportion of what was donated may be either unwanted or unusable and eventually have to be disposed of, causing further expenditure and possible outrage from the public.

The report contains the viewpoints of community recovery personnel as well as the recipients of donated goods. It concludes with recommendations for the improved management of donated goods in the future.

One of the key recommendations for managing the communities desire to donate is to establish a Hotline phone/website and registry. Council has resolved to implement this recommendation.

POLICY
Council has a Hotline phone/website that local community members and businesses can access after a disaster to register their offers of assistance.

At this point of contact very clear scripts are used that include the following key messages:

- Thanking people for their concern and offer of assistance;
- The best way to assist is to provide cash donations;
- Advice about what is not required e.g. individual donations of food, second-hand clothing and furniture, tents etc.;
- If people register their contact details and offer of donation, they will be contacted if there is an identified need for the offer they have made;
- Other community options for the donation of second hand goods, such as local charities.

Information on this policy is included in the new residents kit and is publicised regularly in the local community newspapers.

1 INTRODUCTION
The Local Government Act 1993 and the Local Government (Meeting Procedures) Regulations 2015 allow for Public Question Time, Public Representations on planning items, Petitions, Recording of Council meetings and the establishment of committees of Council. Whilst the legislation identifies how these processes can occur, there are some lower level procedures required to be set out by Council. This policy stipulates those guidelines.

2 PUBLIC QUESTION TIME
Regulation 31 of the Local Government (Meeting Procedures) Regulations 2015 relates to the provision of Public Question Time during a Council meeting. Regulation 31(7) of the Regulations stipulate that “a Council is to determine any other procedures to be followed in respect of public question time at an ordinary council meeting.”

Public question time is to commence immediately after the meal break at approximately 6:45pm and is to be conducted in accordance with the following guidelines:

- At each Council Meeting up to 20 minutes, or such longer period as Council may determine by resolution at that meeting, is to be provided for persons at the meeting to ask questions.
- A person seeking to ask a question must firstly identify himself or herself by stating their name and the town they reside in.
- If more than one person wishes to ask a question, the Mayor is to determine the order in which those questions are asked.
- Questions must be directed to the Mayor who shall answer or direct the question to the appropriate Councillor or Council Officer. A question will be answered if the information is known otherwise taken on notice and responded to in writing within 10 working days. Questions should preferably be in writing and provided to the General Manager 7 days prior to the Council Meeting.
- A person is entitled to ask no more than 2 questions on any specific subject. If a person has up to two questions
on several subjects, the Mayor may defer those questions until other questions have been asked and refer back to that person only if time permits.
- Each speaker is limited to a maximum of 3 minutes.

3 **REPRESENTATIONS ON PLANNING ITEMS**

A maximum of 4 persons per item (2 for and 2 against) will be permitted to address Council on a planning item. After the representation has been made, Councillors are permitted to ask questions of the party who made the representation.

Each speaker is limited to a maximum of 3 minutes.

4 **PETITIONS**

Part 6, Division 1 of the *Local Government Act 1993* refers to the presentation of a petition to Council. Council is to treat any petition received in accordance with the provisions of the *Local Government Act 1993*.

5 **RECORDING OF COUNCIL MEETINGS**

Regulation 33 of the *Local Government (Meeting Procedures) Regulations 2015* provides for the audio recording of Council meetings.

Regulation 33(4) provides that “a Council may determine any other procedures relating to the audio recording of meetings it considers appropriate.

The purpose of recording meetings of Council is to assist Council officers in the preparation of minutes of proceedings.

The provision of recording of Council meetings in this policy:
- only applies to formal Council meetings (ordinary meetings, special meetings and Annual General meetings);
- does not apply to closed sessions of Council;
- does not apply to Committees of Council;
- the recording will not replace written minutes and a transcript of the recording will not be prepared;
- the recording may be used by Council staff to assist with the preparation of the minutes and by Council during a subsequent meeting within the period that the recording is retained;
- the minutes of a meeting, once confirmed, prevail over the audio recording of the meeting;
- the minutes of a meeting, once confirmed, prevail over the audio recording of the meeting;
- if requested, a recording of a Council meeting to be available to Councillors at no cost within 24 hours of the meeting;
- notices advising that
  - the proceedings of the meeting are to be audio recorded; and
  - the detail relating to the recording of meetings by members of the public are to be on display at each meeting.

A member of the public may only use an audio recorder, or any other recording and/or transmitting device, to record the proceedings of a meeting of Council with the written permission of the General Manager for the express purpose proposed. The Northern Midlands Council reserves the right to revoke such permission at any time.

Unless expressly stated otherwise, Northern Midlands Council claims copyright ownership of the content of recordings of Council meetings (“the Recordings”).

The Recordings may not upload, display, print and/or reproduced without the written permission of the General Manager for the express purpose proposed.

The Northern Midlands Council reserves the right to revoke such permission at any time. Apart from uses permitted under
6 APPOINTMENT OF COUNCIL REPRESENTATIVES TO COMMITTEES OF COUNCIL AND OUTSIDE BODIES

Sections 23 and 24 of the Local Government Act 1993 permit Council to establish council committees or special committees of Council. From time to time Councillors may be invited to represent Council on committees external to Council.

With the exception of appointments made by the Council under any enactment, all representative appointments of the Council to community committees and outside bodies expire at the first Council meeting following every ordinary Council election.

At the first ordinary meeting following a Council election Council is to appoint a Councillor representative to all Council Committees and Special Committees of Council in accordance with the following procedure:

- A list of all Council committees and special committees of Council is to be produced at the ordinary Council meeting;
- Councillors are to nominate which committee/s they wish to be a representative on;
- In the event two or more Councillors nominate for the same committee, all of those Councillors can be appointed as a representative to that committee, except where that committee specifies that there is to be only one Councillor representative, in which case the Councillors are to vote on which Councillor is to be appointed, with the nominee having the least number of votes to be eliminated and this process followed until there is one nominee remaining. In the event there is a tie, the Mayor is to have the casting vote.
- If there is a casual vacancy for a representative appointment made by Council, then the Council is to elect a replacement appointee to fill the vacancy at the earliest available meeting of the Council in accordance with the above procedure.

State Stormwater Strategy 2010
AS3500.3:2003 Plumbing and Drainage
Objective To ensure that stormwater runoff generated by new developments does not adversely impact downstream properties.
Administration Community and Development
Review Cycle/Date: Next review by June 2023.

1. PURPOSE
This policy details the safeguards enforced by Council to ensure that stormwater runoff generated by new developments does not adversely impact downstream and surrounding properties for all storm events up to and including the 100-year Average Recurrence Interval (1% Annual Exceedance Probability) event.

2. DEFINITIONS
Annual Exceedance Probability (AEP) The probability that a given rainfall total accumulated over a given duration will be exceeded in any one year.
Average Recurrence Interval (ARI) The average or expected time period between exceedances of a given rainfall total accumulated over a given duration. It is implicit in this definition that the periods between exceedances are generally random.
Catchment The land area draining to a point of interest.
Council Means Northern Midlands Council established in accordance with the Local Government Act 1993
Councillors Means the individuals holding the office of a member of Northern Midlands Council
Council officer Means the General Manager and staff of Council appointed by the General Manager.
Discharge Rate of flow of stormwater expressed in unit volume per unit time (litres per second).
Drainage System Comprises all components of stormwater infrastructure from the legal point of stormwater discharge to the receiving water body. Includes both constructed assets (pipes, culverts, overland flow paths, roadways, kerb and gutters) and natural assets (waterways and creeks).
On-site Stormwater Detention (OSD) Temporary storage and controlled discharge of stormwater runoff intended to reduce the peak flow from a site.
Overland Flow The surface flow of stormwater runoff that occurs when the volume of runoff exceeds the capacity of the piped drainage system.
Permissible Site Discharge (PSD) The Permissible Site Discharge (PSD) is the maximum allowable post-development discharge from a site for the selected discharge design storm and is estimated on the basis that flows in the downstream stormwater drainage system will not be increased.
Runoff

The portion of rainfall that does not infiltrate into the soil, resulting in the presence of surface water.

3. APPLICATION

This policy applies to:
- All commercial, industrial and special use (e.g. community, educational, recreational) buildings or structures
- Multiple dwellings, and where
- The existing drainage system is unable to accommodate an increase in stormwater discharge from the site.

Refurbishment of existing buildings and hardstand which does not increase the impervious area of the site is exempt from this policy.

4. CONTEXT

*Australian Rainfall and Runoff 2016* and *Australian Standard AS3500.3:2003 Plumbing and Drainage* establish that stormwater runoff in all storm events up to and including the 1% AEP storm event must be conveyed safely and not present a hazard to people, vehicles, or cause significant damage to property.

Council has a responsibility under the *Urban Drainage Act 2013* to ensure that new developments within the municipal district do not adversely impact on the performance of the local stormwater drainage system or cause an unreasonable flow of water on to downstream or surrounding properties.

This will be achieved by ensuring that on-site stormwater detention systems are incorporated into intensely developed sites to reduce the peak flow of stormwater from the site. The on-site detention system reduces the peak flow by temporarily storing stormwater runoff within the development site while discharging to the Council drainage system at a controlled rate.

The need for an on-site stormwater detention system will be assessed by Council upon receipt of a planning or plumbing application. The installation of an on-site stormwater detention system will be enforced as a planning permit condition or plumbing permit condition.

5. EXCEPTIONS

Council may consider waiving a requirement for on-site stormwater detention where:
- The downstream drainage system has been upgraded to accommodate the increase in runoff from the site for all storm events up to and including the 1% AEP event; or
- Where the natural overland flow path is to the road or to an area Council deems as low risk (i.e. not to a developed/developable neighbouring property) Council may only require the 20 year ARI (5% AEP) storm to be detained

6. DESIGN OBJECTIVES

The on-site stormwater detention system must:
- Restrict the rate of stormwater discharge to the permissible rate of discharge during the design storm event specified by Council (up to and including the 1% AEP);
- Provide sufficient storage to ensure peak flow rates at any point within the downstream drainage system do not increase as a result of the development during the design storm event specified by Council (up to and including the 1% AEP), unless the downstream drainage system has been designed to accommodate an increase in stormwater discharge from the site;
- Drain within 72 hours to ensure the storage volume is available for a subsequent storm event.
The on-site stormwater detention system should:

- Be integrated into the design of the development so that adequate storage areas are included in the initial stages of the site design.

7 DESIGN GUIDELINES

- Based on the size of the site and the proposed proportion impervious surfaces Council will provide the permissible site discharge (PSD) of the total development (refer to Table 1).
- For developments where the overland flow path is to the road and/or to an area Council deems as low risk, and the 5% AEP storm event is detailed, Council will provide the required PSD and detention volume (refer to Table 1). This volume is applicable only where the entire site drains to a single detention volume.
- For developments where the 1% AEP storm event is detailed and where the entire site drains to a single detention volume, the detention volume may be calculated as the peak volume from a range of storm durations using methods such as the Boyd or Culp methods. Alternatively, modelling may be undertaken.
- For complicated detention arrangements, i.e. where detention is being provided within a number of separate storages and/or connections, the arrangement must be proven to achieve the permissible site discharge from the entire site, in accordance with methods described Australian Rainfall and Runoff 2016. Council require evidence of how the individual elements and entire system behaves during the duration of the design rainfall events.
- In all situations calculations and/or modelling must be presented to Council which show the PSD is not exceeded.
- Design of the detention system must be undertaken by an accredited engineer eligible for membership of Institute of Engineers Australia or equivalent.

8 MAINTENANCE REQUIREMENTS

The property owner is responsible for the operation, maintenance and replacement of the on-site stormwater detention system. Where the on-site stormwater detention system is located on common property within a multi-dwelling site, the body corporate is responsible for the operation, maintenance and replacement of the system.

Council recommends that on-site stormwater detention systems are installed with anti-blockage devices, e.g. trash screens to prevent orifice blockages, and are cleared of debris and sediment at least once per year to ensure correct operation.

The clearing of below ground storage facilities should be conducted in accordance with the requirements and risk control measures specified in AS2865-2009 Confined Spaces.

OVERHANGING TREES

Originated Date: Adopted March 2015 – Min. No. 79/15 (as Policy 76)
Amended Date/s: Amended 20 February 2017 – Min. No. 49/17
Applicable Legislation: Local Government Act 1993
Local Government (Highways) Act 1982
Objective To provide a fair and consistent approach to the reduction of potential nuisance caused by overhanging trees within the settlement areas of the Northern Midlands.
Administration: Community and Development
Review Cycle/Date: Next review 2021.

INTRODUCTION
The land between the boundary of a property and the carriageway of a road is variously referred to as the footpath or nature strip. Depending on its location, this land can frequently be used by pedestrians, cyclists and horse riders. Each of these users has a reasonable expectation that that they can use this area safely.
Vegetation extending beyond a property boundary can create a potential hazard for users.
Protruding vegetation may be considered as causes, or likely to cause, danger or harm to the health, safety or welfare of the public and thus constitute a nuisance according to the Local Government Act 1993.

DEFINITIONS
Boundary refers to the property boundary as shown on the property title.
Overhanging trees for the purpose of this policy, overhanging trees refers to all vegetation, including but not limited to trees, shrubs and plants, that extends beyond the property boundary and into, over or under a highway.
Highway is all that land encompassing the road and land between the property boundaries on each side

APPLICATION
This policy applies to all properties located within the town boundaries of the municipality of the Northern Midlands.

OPERATION

1 EXPECTATION
Overhanging trees are to be:
• Cut back to boundary; and
• Provide a clear height above an area intended mainly for the use of pedestrians of 2.5 metres; and
• Provide a clear height above an area designated as a horse trail of 3.0 metres; and
• Provide a clear height above the nature strip, on the carriage-way side of a constructed foot path of 4.5 metres.

2 INSPECTION
Every residential street shall be inspected twice per year.
In addition, Councils authorised officer will respond and inspect all sites where an overhanging tree concern is brought to Councils attention.
3  **Process**

i  **Advertise:**
Council will place a time to trim your foliage advertisement in newspapers circulating in the municipality, twice a year. The advertisements are also to be shared on Council’s Facebook page.

ii  **Inspection:**
the authorised officer will conduct an inspection of all residential streets, twice yearly, as well as any properties brought to Council’s attention outside of those times.

iii  **Friendly Reminder:**
where, in the opinion of the authorised officer, there is an overhanging tree, a letter will be sent to the owner or occupier of the land requesting the nuisance to be removed within 14 days of the date of the letter.

iv  **Review of decision:**
The owner of occupier who receives the letter referred to in paragraph iii above, may apply to Council in writing, requesting Council exercise its discretion to remove the overhanging tree based on:
- Heritage grounds; and/or
- Such action will result in the death of the overhanging tree.

An application will be considered by Council’s Works & Infrastructure Manager and Senior Planner and discussed with the property owner. If a resolution cannot be reached between the parties, a report is to be presented to Council for a determination to be made.

v  **Inspection:**
the authorised officer will conduct a follow up inspection of all properties where a friendly reminder letter has been sent after the expiration of 14 days of the date of the letter.

vi  **Abatement Notice:**
where, in the opinion of the authorised officer, there is an overhanging tree, a notice will be served upon the owner or occupier of the land requiring the nuisance to be abated within 14 days (section 200 Local Government Act 1993).

vii  **Appeal or carry out work:**
the owner or occupier of the land must abate the nuisance or appeal to a magistrate within 14 days of the service of the notice, in accordance with the provisions of the Local Government Act 1993.

viii  **Nuisance not abated:**
if the owner or occupier does not abate the nuisance or lodge an appeal within the prescribed 14 day period, a letter will be sent to the owner or occupier advising that Council will carry out the works at the owner or occupier’s expense.

ix  **Send Contractor:**
once the letter referred to in step (vi) is sent, the authorised officer will engage a contractor to do anything reasonably necessary to remove the nuisance.

x  **Charge to owner:**
All costs associated with the contractor, plus an administration fee, will be invoiced to the owner or occupier. This cost will be incurred even if the owner or occupier abates the nuisance, after the expiry of the prescribed period, but prior to the arrival of Council’s contractor.

xi  **Infringement notices may be issued in accordance with s.204A of the Local Government Act 1993.**

The General Manager will inform the customer of the findings on completion of an investigation.

If you are not happy with the outcome of your complaint or our process in dealing with it you may contact:

PUBLIC OPEN SPACE CONTRIBUTION

Originated Date: Adopted 13 December 2004 – Min. No. 406/04 (as Policy 40)
Amended Date/s: Amended 20 February 2012-Min. No. 41/12
Amended 15 June 2009 – Min. No. 169/09
Amended 21 June 2010 – Min. No. 150/10
Amended 16 February 2015 – Min. No. 53/15
Amended 21 October 2019 – Min. No. 352/19
Applicable Legislation: Section 117 of the Local Government (Building & Miscellaneous Provisions) Act 1993
Section 205 of the Local Government Act 1993
Objective To establish a consistent approach on the application of public open space for new subdivisions
Administration: Community and Development

That the Council in accordance with Section 117 of the Local Government (Building and Miscellaneous Provisions) Act 1993 adopt the following policy on the application of public open space for new subdivisions.

APPLICATION OF POLICY

1 Public Open Space shall be taken in accordance with this policy on land zoned general residential, general industrial, light industrial, commercial, local business, general business, low density residential, rural living and village.

2 Public Open Space contributions in excess of this policy may be offered by the developer or in all other circumstances as resolved at a General Council meeting.

3 With regard to subdivision of land, the rate specified in the Local Government (Building and Miscellaneous Provisions) Act 1993 is 5% of the land area contained in the Plan of Subdivision.

4 The location of the land contribution, within the subject land, shall be as determined by Council at a General Council meeting or otherwise agreed between Council and the developer.

5 At Council’s discretion, a cash contribution may be accepted in lieu of all or part of the land requirement.

THE PUBLIC OPEN SPACE RATE

1 The Public Open Space Rate shall be $1,400 per additional lot created (i.e. A subdivision that turns one lot into four has created three additional lots and will attract a public open space contribution/fee of $3,600.)

OR

2 The applicant may, at his or her discretion, obtain a current (not less than one month old) valuation, by a registered land valuer, of the subject land, less one of the proposed lots (or strata units). The Public Open Space Rate shall total 5% of that value.

NO ADDITIONAL LOTS CREATED

1 Where no additional lots are created, the Public Open Space Rate shall be $1,400 per lot that did not meet the requirements for a minimum lot under Section 109 of the Local Government (Building & Miscellaneous Provisions) Act 1993.
OR

2 The applicant may, at his or her discretion, obtain a current (not less than one month old) valuation, by a registered land valuer, of the subject land, less the lots that met the requirements for a minimum lot under Section 109 of the Local Government (Building and Miscellaneous Provisions) Act 1993. The Public Open Space Rate shall total 5% of that value, less any area provided for public open space in the final plan.

EFFECT OF PREVIOUS PUBLIC OPEN SPACE CONTRIBUTION

1 Where it can be shown that previous Public Open Space contributions have been paid in regard to the creation of the subject land title(s), Council may, at the developer’s request, have regard to this and apply a reduced contribution.

2 In its consideration of any request under section 10, the following decision of the Resource Management and Planning Appeal Tribunal is relevant.

3 In *G Cooley v Glenorchy City Council* [2008] (TASRMPAT 256) The Tribunal held that the previous contributions did not preclude the Appellant from having to make a contribution in relation to this subdivision. The Tribunal was satisfied that the additional subdivision further increased the demand for public open space and it was therefore appropriate to require a contribution as a condition of the approval.
1 INTRODUCTION

This policy sets out the parameters of the Northern Midlands Council for setting and collecting Rates and Charges within its area. The purpose of the policy is to outline Council’s approach towards rating its community and to meet the requirements of section 86B of the Local Government Act 1993 which requires Council to have a Rates and Charges policy by 31 August 2019. The policy is reviewable at least every four years or upon adjustment of rates and charges levied, and it must be made available to the public.

2 STRATEGIC PRINCIPLES

In making the policy Council has taken into account the principles that:

a) rates constitute taxation for local government purposes rather than a fee for service

b) the value of rateable land being an indicator of the capacity of the ratepayer in respect of that land to pay rates.

In setting its Rates and Charges, Council considers the following:

- Northern Midlands Strategic Plan 2017-2027
- Long Term Financial and Asset Management Plans
- The 2019-20 Annual Plan & Budget
- Current economic climate and external influences such as legislative reform, grant funding programs, inflation factors and interest rates.
- Specific issues faced by this community, including:
  - the need to maintain and update its large road network and other essential infrastructure
  - maintenance and improvement of community assets to enable the municipal area to be promoted as an attractive place to live, work, invest and visit.
- The impact of Rates & Charges on the community, including:
  - residential, commercial, industrial and primary producers
  - minimising the rate levels by adopting a ‘user pay’ principle where possible
  - new services being funded from new rates raised
  - government grant levels and the need to expend on specific areas
  - provision of concessions to those in the community unable to meet full cost of services.
Council raises revenue for governance and administration, which deliver goods and services to the community. These services are generally not provided by the private sector and may include, amongst others, road, recreation and stormwater infrastructure, waste management, planning, development and health regulatory and compliance activities, economic development and community services.

Council conducts public consultation on a broad range of issues relating to specific programs and future directions of the municipal area. These opportunities are advertised in the local newspapers, put to Local District Committees and other interested groups, and residents are welcome to attend Council meetings. The Council also encourages feedback at anytime and this can be done by visiting www.northernmidlands.tas.gov.au or sending comments to the General Manager.

Northern Midlands Council has adopted land use as a differentiating factor to be used when setting rates and continues to set a minimum payment for general rates. Service charges are applied for waste management services provided within the municipal area. All properties throughout the municipal area are levied for a Volunteer or General Fire Service contribution which is collected on behalf of the State Fire Service Commission. (Further details of Rates and Charges are provided later in this document).

3 RATING STRATEGIES

The following key strategies have been developed consistent with Council’s rating objectives:

- valuation methodology based on Assessed Annual value
- different rates for different land use categories
- contribution methodology based on percentage of total revenue required from each category (adjusted for growth)
- incorporating minimum charges as a component of the general rate
- service and separate rates and charges
- rate rebates
- rate remissions
- rate incentives
- rate payments.

3.1 VALUATION METHOD

Councils may adopt one of three valuation methods to value the properties within its municipal area, namely:

- **Land value** – the value of the land excluding the value of buildings and other improvements,
- **Capital value** – the value of the land and all of the improvements on the land, and
- **Assessed Annual value** – a valuation of the rental potential of the property.

Council has decided to continue to use Assessed Annual value as the basis for valuing land within the municipal area as it considers that this method provides the fairest method of distributing the rate burden across all ratepayers because property rental value is a relatively good indicator of capacity to pay (or wealth). It is noted that Assessed Annual value has a minimum of 4% of Capital Value which generally applies to the majority of rural properties and highly valued residential properties.

The property revaluation for the Northern Midlands area was completed under contract by LG Valuation Services on behalf of the Valuer-General in 2019 and bi-annual adjustment factors will be applied for the rating periods from 1 July 2019 on a bi-annual basis, and supplementary valuation adjustments are provided on an ongoing basis. Valuation adjustments are rated pursuant to Section 89 of the Local Government Act.

Council rates and charges apply for each parcel of land which is shown as being separately valued in the valuation list prepared under the Valuation of Land Act 2001.
3.2 Differential General Rates

All land within the Northern Midlands area is rateable, except for land specifically exempt under the Local Government Act namely:

- land owned and occupied exclusively by the Commonwealth
- land held or owned by the Crown
- land owned by the Hydro-Electric Corporation
- land or part land owned and occupied exclusively for charitable purposes
- aboriginal land
- land or part of land owned and occupied exclusively by a Council.

The Local Government Act provides for raising of revenue for the broad purposes of the Council through a General Rate which applies to all properties, or through differential General Rates which apply within the municipal area according to any or all of the following factors:

- the use or predominant use of the land
- the non-use of the land
- the locality of the land
- any planning zone
- any other prescribed factor.

Northern Midlands Council has decided to apply differential rates in its area according to the following land use categories as determined by the Valuer General and planning zones as determined by the municipal planning scheme:

- Industrial use
- Public Purpose use
- Commercial use
- Residential use
- Quarries and mining use
- Residential use located within the Rural General planning zone
- Residential Low Density planning zone
- Sport & Recreation use
- Primary Purpose use
- Vacant land within the Industrial planning zone
- Vacant land use.

A General Rate must be set every year under section 90 of the Local Government Act by 31st August each year.

3.3 Contribution Methodology

The contribution methodology is an integral component of the overall rating strategy to improve equity in rate distribution across the community, to prevent inequitable shifts in rate responsibility, to minimise the impact of property valuation movements, raise an equitable level of contribution from each land use sector, maintain the relativity within differing communities and between communities, recognising communities where there is a greater consumption of services and resources, and to rank highly against the principles of taxation.

Historically Council modelled its differential rates around the percentage of the 2007 residential rate contribution, and continuing on this basis the following differentials have been determined for the 2019-20 rating year.

### 3.4 Minimum General Rate

A minimum General Rate provides a mechanism by which lower valued properties pay not less than a minimum amount, and it can only apply if there has been no fixed charge applied. The minimum rate must not apply to more than 35 percent of properties in 2019-20.

The reasons for imposing a minimum rate is that Council considers it appropriate that all rateable properties make a base level contribution to the cost of administering council activities, and the cost of creating and maintaining the physical infrastructure that supports each property.

In determining the minimum rates applicable for 2019-20 Council has reviewed the adequacy of the minimum rate level and has set a minimum amount of $488, and varies the minimum rate to $299 for properties with land use of public purposes, quarries & mining, sport & recreation, primary production, and vacant land.

The minimum rate applies to approximately 12.8% of properties within the municipal area.

### 3.5 Service Rates & Charges

#### 3.5.1 Fire Levy

Council is required to collect a mandatory state government service rate for the State Fire Levy.

The rate applicable in 2019-20 for

- Cressy, Campbell Town, Longford, Perth & Evandale Volunteer Fire Brigade rating districts will be 0.382 cents in the dollar of assessed annual value of each property,
- other general land the levy will be 0.35 cents in the dollar of assessed annual value of each property,
- a minimum amount payable in respect of the fire levy will be $41.

Council is required to remit revenue raised to the State Fire Commission, and does not determine how the revenue is to be spent. A commission of 4 percent of revenue is provided by the State Fire Commission for collection of the levy.

#### 3.5.2 Waste Management

A service charge applies to all properties provided with the provision of a kerbside/roadside refuse collection and recycling service.

The waste management service charge for the refuse collection in 2018-19 will be:

- $113 for one 140 litre mobile garbage bin and 240 litre mobile recycling bin
- $169 for one 240 litre mobile garbage bin and 240 litre mobile recycling bin
- $84 for each additional recycling service.

#### 3.5.3 On-site Waste Disposal

A service charge for on-site disposal systems applies to properties where Council provides management of on-site wastewater systems installed on private properties.
The on-site disposal system service charge in 2019-20 will be $640.

3.5.4 Lake River Riverworks

Pursuant to Section 201 of the Water Management Act 1999 and the Local Government Act 1993 Council, as the responsible water entity for the Lake River Water District determines and levies a service rate in order to provide for the costs necessarily incurred in the administration of the Lake River Water Works District and in constructing and operating works necessary for the purpose for which the district was appointed a rate equivalent to $0 per kilometre of river frontage in 2019-20 (Note that this is achieved using a special rate and the remittance provisions for each individual property under of the act).

3.6 Rate Rebates

3.6.1 Pensioner Rebate

Eligible pensioners as at 1 July each year are entitled to a State Government rate rebate of 30 percent up to a maximum in 2019-20 of $459, or a reduced maximum of $312 if they are also a Tasmanian Water customer.

This rebate applies only to pensioner’s principle place of residence, provided they satisfy the requirements of the State Government and hold a

- Pensioner Concession Card (PCC),
- Veterans Affairs Gold Card (TPP), or
- Health Care Card (HCC), but excludes a Senior Health Card.

Council deducts the rebate for previously eligible Pensioner Remissions from rates prior to issuing notices, but require new pensioners, pensioners who have recently relocated to this municipal area, or any pensioner who believes he/she should have been eligible for a Rate Remission, to complete an application form and lodge with Council.

The State Government verifies and approves the rebate applications each year, and if any rebate application is found to be ineligible the rebate amount will be revoked and payable by the ratepayer.

3.6.2 Urban Farm Land

Council has declared property within its area as Urban Farm Land pursuant to Division 8 of the Local Government Act whereby the Valuer-General determines an adjusted (reduced) valuation because of the land use.

This applies for example, to land with an agricultural use, providing the principle livelihood for its owner, but the value is increased because of either

- its proximity to land being used or developed for residential uses, or
- a substantial demand for the land as rural residential land.

3.7 Rate Remissions

Under section 129 of the Local Government Act, Council may remit part or all of rates payable by a ratepayer or class of ratepayers.

Council has had a long standing remission policy to remit General Rates and Fire Levy on

- church properties used for religious or charitable purposes - including church buildings, church halls, and cemeteries
- land used for advancement of education – including Scouts, Cubs, Police Boys, Girl Guides, and Brownies and agricultural show grounds
- aged care facilities – including Eskleigh Hospital and Toosey Aged Care Centre, and has previously resolved that all residential units owned by a charitable institution, occupied by private residents is not a charitable
purpose. However, following a Supreme Court challenge against Local Government these properties have been deemed part of a charitable institution and non-rateable from 1 July 2019.

- Lake Leake and Tooms Lake shack and camping sites, but charge an annual licence fee for these properties
- privately owned and commercially leased properties within the Poatina Village 50 percent of the General Rate.

A remission of the refuse collection service charge is provided for ancillary units occupied by pensioner or disabled invalid persons subject to

- the property being deemed as an ‘ancillary unit’ under the Northern Midlands Planning Scheme 1995
- ancillary unit not having a separate waste collection or reciprocals
- annual application being made providing proof of occupancy.

As an incentive for new development, Council provide a remission to Industrial/Commercial development as follows:

- If the General Rate increase is greater than $20,000 then
  - for a 3 year period, 75 percent of the general rate increase paid and 25 percent of the general rate increase reserved for use on off-site works nominated by the ratepayer (provided the works agreed to by the Council)
  - reserved funds remain for 5 years, after which the balance shall be absorbed into general revenue, or
- If the General Rate increase is greater than $5,000 but less than $20,000, then 75% of the rate increase paid for a 3 year period.

### 3.8 Payment of Rates

Payment of rates may be made in one payment by 31 August 2019 to attract a discount of 1 percent (on current rates and charges), or by three equal instalment payments on 31 August 2019, 30 November 2019 and 28 February 2020.

A notice will be sent to each ratepayer 30 days prior to each instalment being due.

Ratepayers may choose to pay rates by the following methods (detailed on the back of each rate notice):

- Australia Post (at any Post Office, or go to postbillpay.com.au)
- Bpay & BpayView
- Phone - by credit card on 1300886451 or 1300729859
- Service Tasmania at Campbell Town – present notice to cashier between 10.00am to 4.00pm
- Direct Debit
- In person at Council Offices, Longford
- By mail post cheques and money orders to Northern Midlands Council, PO Box 156, Longford, Tasmania 7301

Note that all Northern Midlands Council Rates & Charges included on the annual rate notice are GST exempt.

### 3.9 Late Payment Penalty and Interest

Council has determined that interest and penalty for late payments will be imposed in accordance with section 128 of the Local Government Act, if any rate or instalment is not paid on or before the date it falls due.

There is payable a penalty of:

- 5% of the unpaid rate or instalment imposed on 1 April each year
- 7.5% daily interest in respect of unpaid rate or instalment for the period which it is unpaid.
3.10 Recovery of Rates

Any ratepayer who is experiencing difficulty with meeting the standard payment arrangements is invited to contract the Customer Service Team to discuss alternative payment arrangements.

Should any rate instalment not be paid by the due date, Council may require payment of the total annual Rates & Charges.

Rates which remain in arrears for a period exceeding 30 days will be subject to debt recovery action, and debt collection agency charges and court fees are recoverable from the ratepayer.

Council may sell any property where any rates have been in arrears for three years or more. Council is required to notify the owner of the land of its intention to sell the land if payment of the outstanding amount is not received within 90 days. Except for extraordinary circumstances, Council will enforce the sale of land for arrears of rates.

4 Objections

4.1 Rates Notice

A person may object to a rates notice on the grounds that
a) the land specified in the rates notice is exempt,
b) the amount of rates is not correctly calculated,
c) the basis on which that rates are calculated does not apply,
d) he/she is not liable for payment for the rates specified in the notice, or
e) he/she is not liable to pay those rates for the period specified in the rates notice.

Any objection must be in writing to the General Manager, and made within 28 days after receipt of the rates notice.

A person may appeal to the Magistrates Court for a review if the General Manager
a) fails to amend the rates notice within 30 days after lodging the objection
b) refuses to amend the rates notice.

It is important to note that the lodgement of any objection does not change the due date for payment of rates. Rates must be paid in accordance with the Rates Notice until otherwise notified by Council.

4.2 Valuation or Land Use

If a property owner believes that a particular property has been incorrectly valued or wrongly classified as to its land use, then an objection may be made to the Valuer-General within 60 days of being notified of the land valuation or land use classification.

5 Disclaimer

A rate cannot be challenged on the basis of non-compliance with this policy and must be paid in accordance with the required payment provisions.

Where a ratepayer believes that the Council has failed to properly apply this policy it should raise the matter with the General Manager.

6 Availability of Policy

This policy is available for inspection at the Council Offices during ordinary working hours at no charge.

Copies of this policy will be available from Council’s website www.northernmidlands.tas.gov.au, or in paper form at the Council Offices, 13 Smith Street, Longford, at the cost of a small administration charge.

4. COMPETITIVE NEUTRALITY

For the provision of overnight self-contained RV camping services, councils must appropriately apply the National Competition Policy and the principles of competitive neutrality. The objective of the competitive neutrality principles is to ensure that government bodies (including Local Government bodies) conducting a business within a competitive market operate without net competitive advantages over other businesses as a result of their public ownership i.e. there must be a ‘level playing field’.

Competitive neutrality principles apply to significant government business activities undertaken by Local Government under the broad range of council functions. The key consideration in defining a significant business activity (SBA) under the National Competition Policy, is the impact of the services on the actual or potential market - not the share of a council’s revenue arising from, nor expenditure committed to, that activity. The most appropriate model of competitive neutrality to apply to the operation of camping service facilities is the ‘full cost attribution’ model.

Full cost attribution requires councils to identify all costs of providing a significant business activity as if it were a stand-alone business that does not enjoy any subsidisation derived from its public or council ownership. This would therefore include some costs that a council does not actually incur, but which private businesses do incur in the provision of the same service, such as (where applicable) insurance, rates and taxes. Council has completed a ‘Full Cost Attribution Checklist’ to the implementation of Free Overnight Rest Areas.

5. OVERFLOW PLANNING

It is important to ensure adequate planning is in place to develop appropriate overflow facilities for special events, such as rallies and concerts, and to meet peak period demand.

The following sites have been recognised as overflow facilities for the listed events:
- Morven Park, Evandale – during the annual Evandale Village Fair.

6. DUMP STATIONS

Reduction in Planning Application Fees for Community Projects

Originated Date: Adopted 22 February 2010 – Min. No. 55/10 (as Policy 58)
Amended Date/s: Reviewed 8 December 2014 – Min. No. 336/14
Reviewed 15 February 2016 – Min. No. 44/16
Reviewed 20 August 2018 – Min. No. 230/18
Applicable Legislation: Local Government Act 1993, s.207
Objective
To establish a policy relating to the reduction in application fees for planning approval by not for profit community organizations for projects with a community benefit.
Administration: Corporate Services
Review Cycle/Date: Next review 2019.

1 INTRODUCTION
Each year a number of not-for-profit, community-based, voluntary organizations undertake a number of minor projects with a community benefit. It is normal for these projects to be funded either by grants, donations or by monies raised by their volunteer members of the organisation.

Given the ongoing difficulties associated with fund raising, this policy seeks to minimise the impact of Council fees on qualifying projects.

2 DEFINITIONS
For the purposes of this policy:

Minor project refers to projects such as, but not limited to, pergolas, barbeques, fences, play equipment (in an existing playground), monuments, street furniture and the like.

Not-for-profit organisation refers to individuals, recognised groups, clubs or organisations within the community whose work is principally to improve the environment or lifestyle of the community or quality of life of individuals/families at either no or nominal cost to the recipients.

3 OPERATION
Where a not-for-profit organisation applies for planning approval for a minor project, applicable planning assessment and building assessment fees shall be waived.

Where such a planning application requires public exhibition in accordance with s.57 of the Land Use Planning and Approvals Act 1993, the advertising fee shall be reduced to 50% of the scheduled fee.

4 ACCOUNTING
For the purposes of record keeping, where fees are waived or reduced in accordance with clause 3, the relevant accounts for that section shall record the full fees as if they had been paid with corresponding adjustment entries to record the waived component as a donation.

Council shall be advised, in the information section of its meeting agenda, of all such donations.

This Policy was developed through a working group comprising representatives from the Tasmanian Audit Office, the Local Government Division of the Department of Premier and Cabinet, Clarence City Council and the Local Government Association of Tasmania.

Scope
This policy outlines what is expected of elected members and staff of Council in relation to Australian Accounting Standard AASB 124 Related Party Disclosures (AASB 124).

Specifically, the policy outlines the disclosure requirements under AASB 124 of Key Management Personnel (KMP), which includes elected members. It also outlines the procedures Council will follow to collect, store, manage and report on related party relationships, transactions and commitments.
Under the Local Government Act 1993 and the Audit Act 2008 all local governments in Tasmania must produce annual financial statements that comply with Australian Accounting Standards.

**SUMMARY OF THE STANDARD**

From 1 July 2016, local governments (councils) must disclose related party relationships, transactions and outstanding balances, including commitments, in their annual financial statements.

The objective of the Standard is to ensure that an entity’s financial statements contain the disclosures necessary to draw attention to the possibility that its financial position and profit or loss may have been affected by the existence of related parties and by transactions and outstanding balances, including commitments, with such parties.

Council’s related parties are likely to include the Mayor, councillors, General Manager, senior executives, their close family members and any entities that they control or jointly control. Any transactions between Council and these parties, whether monetary or not, may need to be identified and disclosed.

Key Management Personnel (KMP)

Persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly. In the council context this includes the Mayor, all aldermen or councillors, the General Manager and senior council officers as outlined in the policy.

KMP Compensation

All employee benefits. Employee benefits are all forms of consideration paid, payable or provided by the entity, or on behalf of the entity, in exchange for services rendered to the entity. It also includes such consideration paid on behalf of a parent of the entity in respect of the entity. Compensation includes:

a) short-term employee benefits, such as wages, salaries and social security contributions, paid annual leave and paid sick leave, profit-sharing and bonuses (if payable within twelve months of the end of the period) and non-monetary benefits (such as medical care, housing, cars and free or subsidised goods or services) for current employees;

b) post-employment benefits such as pensions, other retirement benefits, post-employment life insurance and post-employment medical care;

c) other long-term employee benefits, including long-service leave or sabbatical leave, jubilee or other long-service benefits, long-term disability benefits and, if they are not payable wholly within twelve months after the end of the period, profit-sharing, bonuses and deferred compensation;

d) termination benefits; and

e) share-based payment.

Materiality

Information is material when, if omitted or misstated, it could influence decisions that users make on the basis of financial information about a specific reporting entity.

Omissions or misstatements of items are material if they could, individually or collectively, influence the economic decisions that users make on the basis of the financial statements. Materiality depends on the size and nature of the omission or misstatement judged in the surrounding circumstances. The size or nature of the item, or a combination of both, could be the determining factor.

Ordinary Citizen Transactions (OCTs)

Transactions that an ordinary citizen would undertake with Council are usually not material to related party disclosure requirements. OCTs do not apply if the terms and conditions are different to those offered to the general public.

Related Party of Council

People and entities, such as companies, trusts and associations, can be related parties of Council. Most commonly these will be entities related to Council, KMP of Council (including elected members), close family members of KMP and entities that are controlled or jointly controlled by KMP or their close family members.

Related Party Transaction

A transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged.

LINKS TO OTHER LEGISLATION AND AUSTRALIAN ACCOUNTING STANDARDS

There is overlap between the requirements of AASB 124 and the interest provisions in the Local Government Act 1993 (LGA). Beyond the provisions of AASB 124 the LGA requires certain disclosures. Council will make these disclosures separately where not adequately covered by AASB 124 disclosures.

Other legislation referred to in this policy include the Audit Act 2008, Archives Act 1983, Privacy Act 1988, Personal Information Protection Act 2004 (PIP Act) and Right to Information Act 2009.
Other Australian Accounting Standards referred to in this policy include AASB 10 Consolidated Financial Statements; AASB 11 Joint Arrangements; AASB 128 Investments in Associates and Joint Ventures.

**IDENTIFYING RELATED PARTIES**

The following diagram gives an overview of common related parties that a council will have:
1. The General Manager will establish, review and maintain a list of Key Management Personnel for Council.

Key Management Personnel (KMP) for council are:
- the Mayor
- all Aldermen/Councillors
- the General Manager
- other senior executives (including division managers).

2. Those persons identified as KMP will complete an annual declaration which outlines the entities, if any, that are controlled or jointly controlled by that KMP or their close family members and which are likely to have transactions with Council (Appendix 1).

3. For the purpose of this Policy, Close Family Members includes:
- that person’s children and spouse or domestic partner;
- children of that person’s spouse or domestic partner; and
- dependents of that person or of that person’s spouse or domestic partner.

Council may determine other family members, such as a parent, grandparent, sibling, cousin, etc, who may be expected to influence, or be influenced by, that person in their dealings with Council or a Council entity.

Council may seek to ensure alignment between this declaration and the register of interests required under section 54 of the LGA.

**Example for Guidance (Son of CFO employed by Council)**

Sunny Shire Council has recently employed Paul’s son (George) in the Council’s parks and gardens area. Paul is Council’s Chief Financial Officer but was not involved in hiring George. This process was managed by the Director of Parks and Gardens and included an independent assessment process. Paul did not have any influence in George securing the job.

Paul has been identified as a KMP of Council, which makes him a related party.

George will also be a related party of Council because he is a close family member of Paul. The recruitment process that was undertaken for George’s position is irrelevant when assessing whether George is a related party.

**Example for Guidance (Cousin of Mayor)**

The Mayor of Happy Shire Council (Shelley) has lived in the Shire her whole life. In fact her family has been in the area for over five generations.

Shelley's cousin Mavis, owns and operates the local newsagent through a company Happy News Pty Ltd, in which she owns 100% of the shares. Shelley and Mavis have always been close and regularly socialise together.

Shelley has been identified as a KMP of Council. From these facts it would appear that Mavis is a close family member of Shelley because she would be expected to influence, or be influenced by, that person in their dealings with Council.

Both Mavis and the company she controls, Happy News Pty Ltd would therefore be related parties of Council. Any transactions that the Council makes with the newsagent would need to be separately identified and may need to be disclosed.

4. It is the responsibility of General Manager to seek a declaration upon a change of KMP.

5. All KMPs will be asked to provide their declarations by 1 July each year covering the forthcoming financial year. In addition, an updated declaration for the previous financial year will also be provided.

6. It is the responsibility of all identified KMP to update their declaration should they become aware of a change, error or omission.

7. **Register of Related Party Transactions**

   7.1. **Maintain a Register**

The General Manager or Corporate Services Manager is responsible for maintaining and keeping up to date
a register of related party transactions that captures and records the information for each existing or potential related party transaction (including ordinary citizen transactions assessed as being material in nature) during a financial year.

7.2. Contents of Register

The contents of the register of related party transactions must detail for each related party transaction:

a) the description of the related party transaction;
b) the name of the related party;
c) the nature of the related party’s relationship with Council;
d) whether the notified related party transaction is existing or potential;
e) a description of the transactional documents the subject of the related party transaction.

The General Manager or Corporate Services Manager is responsible for ensuring that the information is disclosed in Council’s Financial Statements to the extent, and in the manner stipulated by AASB 124.

8. Council will use the declarations of KMP to establish a list of related parties for the purposes of identifying transactions and reporting under AASB 124.

9. Updates will be provided to KMP and Council staff periodically on changes arising from amendments to Australian Accounting Standards, applicable legislation or policy and procedural requirements.

COUNCIL ENTITIES AND SUBSIDIARIES

For the purpose of this policy, entities controlled by Council, jointly controlled by Council or over which Council has significant influence are related parties of Council. Council will need to identify transactions with these entities and may need to make extra disclosure about them in Council’s financial statements.

When assessing whether Council has control or joint control over an entity, Council will need to consider AASB 10 Consolidated Financial Statements and AASB 11 Joint Arrangements. AASB 128 Investments in Associates and Joint Ventures details the criteria for determining whether Council has significant influence over an entity.

Example for Guidance (Company that is a related party of Council)

Sunny Regional Council (SRC) owns 90% of the shares in Sunny Regional Development Pty Ltd (the company).

SRC has assessed that it has control over the company. The company is therefore a related party of SRC because SRC controls it.

SRC produces consolidated financial statements which include both a parent entity column and consolidated entity column. In these statements all individually significant transactions between SRC and the company will need to be disclosed. For other transactions that are collectively, but not individually, significant SRC will need to disclose a qualitative and quantitative indication of their extent.

SRC must also disclose the nature of its relationship with the company.

ENTITIES CONTROLLED (OR JOINTLY CONTROLLED) BY KMP OR THEIR CLOSE FAMILY

1. KMP will exercise their best judgement in identifying related parties.

2. KMP, including elected members, will carefully assess the information and examples following before declaring, or not declaring, an entity over which they, or a close member of the family, have control or joint control.

   Entities include companies, trusts, joint ventures, partnerships and non-profit associations such as sporting clubs.

   When assessing whether or not a KMP or close member of their family controls, or jointly controls, an entity, Council will need to refer to AASB 10 Consolidated Financial Statements and AASB 11 Investments in Associates and Joint Ventures.
Example for Guidance
Mayor is the President of a local football club.

The Mayor of Sunny Shire Council is the President of League Heroes Inc, the local football club. This club is overseen by a committee which comprises the President and four other committee members. Each member has a single vote when making decisions at meetings. The committee members are not related and do not have agreements to vote with one another. The club has over 100 members that each have a vote in electing the committee members at the club’s annual general meeting.

From these facts it would appear that the Mayor does not control or jointly control the football club so it will not be a related party of Council just because the Mayor is the president of the club.

Example for Guidance (Joint control)
Fred is the Mayor of Sunny Shire Council and owns 50 per cent of the ordinary shares in Sunny Development Company Pty Ltd (the company). Fred’s brother Stan owns the other 50 per cent of ordinary shares. Fred and Stan are the only Directors of the company and have equal voting rights on the board.

Fred and Stan have joint control of the company because any decisions require the unanimous consent of them both. Fred will need to include the company on his related party declaration.

RELATED PARTY DISCLOSURE BY COUNCIL

1. Each year Council will declare the following related party transactions:

1.1. Transactions with Council subsidiaries, by transaction type.

1.2. KMP compensation, including:
- short-term employee benefits;
- post-employment benefits;
- long-term benefits; and
- termination benefits.

1.3. Transactions with other related parties, including:
- purchases or sales of goods (finished or unfinished);
- purchases or sales of property and other assets;
- rendering or receiving of services;
- leases;
- transfers of research and development;
- transfers under licence agreements;
- transfers under finance arrangements (including loans and equity contributions in cash or in kind);
- provision of guarantees or collateral;
- commitments to do something if a particular event occurs or does not occur in the future, including executory contracts (recognised and unrecognised); and
- settlement of liabilities on behalf of the entity, or by the entity on behalf of that related party.

1.4. Transactions of a similar nature will be disclosed in aggregate except when separate disclosure is necessary for an understanding of the effects of a related party transaction on the financial statements of council, having regard to the following criteria:
- the nature of the related party transaction
- the significance of the transaction (individually or collectively) in terms of size or value (including where the materiality arises due to the fact that no consideration for the transaction is given or received by Council)
- whether the transaction is carried out on non-arm’s length terms
- whether the nature of the transaction is outside normal day-to-day business operations.
1.5. Outstanding balances in relation to transactions with related parties, including:
   - Entities controlled by KMPs; and
   - Bad or doubtful debts in respect of amounts owed by related parties.

1.6. Non-monetary transactions such as use of facilities, peppercorn rents.

2. If a KMP or close associate is named individually in disclosure reports, the KMP will be given a copy of the intended disclosure for review and information purposes. Feedback must be provided within seven (7) days.

3. Council will not capture Ordinary Citizen Transactions (OCTs) with related parties. Nor will Council disclose non-material transactions.

4. For the purpose of this Policy, example of OCTs are:

   **Examples of OCTs**
   - Using a council’s public swimming pool after paying the normal fee
   - Parking fees at rates available to the general public
   - Attending council functions that are open to the public
   - Fines on normal terms and conditions
   - Visiting a council art gallery
   - Paying rates and utility charges
   - Dog registration

   **Examples of transactions that are NOT OCTs**
   - Purchases or sales of property
   - Leases
   - Transfers under finance arrangements (e.g., Loans)
   - Settlement of liabilities
   - Infrastructure charges or contributions
   - Purchase of goods and services, regardless of conditions
   - Employee expenses of close family members of KMP

5. Guidance note:

   OCTs are generally not material transactions because of their nature, and therefore Council may wish to identify them upfront and exclude them from being recorded as a related party transaction (step 3).

   Note, however, if the OCTs were to occur on terms and conditions that are different to those offered to the general public, the volume of transactions or other qualitative factors of the transactions may become material and give rise to an audit issue if not disclosed. Care needs to be taken in identifying these types of transactions.

   The list of OCTs will be reviewed periodically with updates provided to KMP.

6. The General Manager will assess the materiality of the related party transactions that have been captured prior to disclosure.

   Council does not have to disclose transactions that are not material. In determining materiality, the size and nature of the transaction individually and collectively will be considered and assessment will be made in consultation with the Audit Office.

6. In making disclosures in the annual financial statements Council will include:

   6.1 Relationships between a parent and its subsidiaries, irrespective of whether there have been transactions between them.

   6.2 KMP compensation in total and for each of the following categories:
   - short-term employee benefits;
• post-employment benefits;
• other long-term benefits; and
• termination benefits.

6.3 Where related party transactions have occurred:
• the nature of the related party relationship; and
• information about the transactions, outstanding balances and commitments, including terms and conditions.

6.4 Separate disclosure in aggregate for each category of related party transactions.

Note: Transactions that are individually significant, either because of their amount or nature, are included in the aggregate disclosure but also need to be disclosed separately.

6.5 The types of transactions disclosed such as:
• purchases or sales of goods;
• purchases or sales of property and other assets or rendering or receiving property and other assets or rendering or receiving goods;
• rendering or receiving of services;
• leases;
• guarantees given or received;
• commitments;
• loans and settlements of liabilities;
• expense recognised during the period in respect of bad debts; and
• provision for doubtful debts relating to outstanding balances.

PRIVACY AND RIGHT TO INFORMATION
Council must comply with the requirements of the Archives Act 1983 (Tasmania), Privacy Act 1988 (Commonwealth), Personal Information Protection Act 2004 (Tasmania) and Right to Information 2009 (Tasmania) in the collection, storage, management, disclosure and reporting of information.

A declaration statement from KMP is incorporated into the Declaration of Related Party Transactions Form (Appendix 1) to enable the disclosure and reporting of information in accordance with AASB 124. A Related Party Information Collection Notice will be provided to KMP and included in their Declarations (Appendix 2).

Guidance note:
In accordance with the PIP Act, Council cannot use personal information for purposes other than the reason it is collected, and unique identifiers cannot be assigned to an individual unless necessary to carry out required functions efficiently.

DISPUTES RESOLUTION
Disputes will be managed in accordance with Council’s dispute resolution policy.

APPENDIX 2: RELATED PARTY INFORMATION COLLECTION NOTICE

Collection Notice

RELATED PARTY TRANSACTIONS DISCLOSURE BY KEY MANAGEMENT PERSONNEL

From 1 July 2016, Council must disclose related party relationships, transactions and outstanding balances, including commitments, in its annual financial statements, in order to comply with Australian Accounting Standard AASB 124 Related Party Disclosures.

PURPOSE OF COLLECTION, USE AND DISCLOSURE OF RELATED PARTY INFORMATION

The reason for disclosure of related party transactions is to ensure that Council’s financial statements contain the information necessary to draw attention to the possibility that its financial position and profit or loss may have been affected by the existence of related parties and by transactions and outstanding balances, including commitments, with such parties.

Council’s related parties are likely to include the Mayor, councillors, General Manager, senior executives, their close family members and any entities that they control or jointly control. Any transactions between Council and these parties, whether monetary or not, may need to be identified and disclosed.

A related party transaction is a transfer of resources, services or obligations between Council and a related party, regardless of whether a price is charged.

A related party transaction must be disclosed in Council’s financial statements if the transaction is material. Information is material when, if omitted or misstated, it could influence decisions that users make on the basis of financial information about a specific reporting entity.

Prior to disclosure, the General Manager will assess the materiality of related party transactions that have been captured, and, if deemed material, will disclose in its financial statements the nature of the related party relationship and information about the transaction. Disclosure in the financial statements may be in aggregate form and/or may be made separately, depending on the nature and materiality of the transaction.

RELATED PARTY TRANSACTIONS DECLARATION BY KEY MANAGEMENT PERSONNEL

Key management personnel (KMP) are the persons who have authority and responsibility for planning, directing and controlling the activities of Council, directly or indirectly and include the Mayor, councillors, General Manager and senior executives. In order to comply with AASB 124, Council has adopted a policy that requires all KMP to declare any existing or potential related party transactions between Council and any of their related parties during a financial year.

Each KMP must provide an annual Related Party Declaration in the approved form, by 1 July each year, and update the Declaration should they become aware of any change, error or omission. KMPs must exercise their best judgement in identifying related parties when declaring, or not declaring, entities over which they, or a close member of their family, have control or joint control.

HOW WILL THE INFORMATION CAPTURED IN THE DECLARATION BE USED?

Council will use the declarations of KMPs to establish a list of related parties of Council for the purposes of identifying transactions and reporting under AASB 124. If a KMP or close family member is named individually in disclosure reports, the KMP will be given a copy of the intended disclosure for review and information purposes.
WHO ARE RELATED PARTIES?

People and entities, such as companies, trusts and associations, can be related parties of Council.

The following diagram gives an overview of common related parties that a council will have.

For related party transaction disclosures under AASB 124, the related party relationship must be disclosed for both the KMP and their close family members, even if the same related party entity is held jointly or in common by them. This is separate and in addition to Council’s register of interests which is required under the Local Government Act 1993.
Under AASB 124, those persons who are prescribed as definitely being close family members of a KMP include:

- that person’s children and spouse or domestic partner;
- children of that person’s spouse or domestic partner; and
- dependents of that person or that person’s spouse or domestic partner.

Council may determine other family members, such as a parent, grandparent, sibling, cousin, etc, who may be expected to influence, or be influenced by, that person in their dealings with Council or a Council entity.

**What is an entity that I, or my close family members, control or jointly control?**

Entities include companies, trusts, joint ventures, partnerships and non-profit associations such as sporting clubs.

You control an entity if you have:

a) power over the entity;
b) exposure, or rights, to variable returns from involvement with the entity; and
c) the ability to use your power over the entity to affect the amount of your returns.

You jointly control an entity if there is a contractually agreed sharing of control of the entity. Joint control exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

In some instances, it may not be easy to determine whether or not you, or your close family members, control or jointly control an entity. If you are unsure and require further clarification, you should contact the General Manager for a confidential discussion.

For more information about Council’s disclosure requirements under AASB 124 Related Party Transactions, please refer to the Council’s Related Party Disclosures Policy, which can be found at [www.northernmidlandscouncil.tas.gov.au](http://www.northernmidlandscouncil.tas.gov.au)

All information collected by Council is in accordance with Council’s Privacy Policy and is protected by law, including the Privacy Act 1988 and the Personal Information Act 2004. Council’s privacy policy can be found at [www.northernmidlandscouncil.tas.gov.au](http://www.northernmidlandscouncil.tas.gov.au)

OVERVIEW

Good governance relies on successful working relationships between all parties, an understanding of role differences, and sharing of relevant information. In practice, council members and officers work together in all domains of a council’s work. However, for good governance to be practiced the relationships between the various parties, councillors, General Manager and staff, should foster partnership, maturity, a high level of respect and above all, trust.

Communities expect their Councils to be well managed with the efficient and effective provision of services and facilities and the efficient and effective management of assets. If elected members are to provide the necessary assurance to their communities about the performance of the Council, they must be kept appropriately informed of governance issues.

Elected members need access to information on a wide range of subjects. The Local Government Act requires council to

- monitor the implementation of strategic plans and budgets; and
- monitor the application of policies, plans and programs.

The General Manager needs to ensure that elected members have appropriate access to such information to enable appropriate monitoring of these areas.

OBJECTIVES

The Council Report is the formal means for providing advice to councillors, giving them relevant data, issues, options and advice that will enable them to consider the matter at hand and make a decision.

Professional staff may, as part of their duties, seek advice and reports from external parties to assist in the implementation of Council’s plans, policies and programs or to prepare for the future or proposed programmes.

Risk Management Policy
“Mapping Our Direction” 2007 – 2017 Strategic Plan

1. Definitions
- Risk: “effect of uncertainty on objectives”.

- A risk is measured in terms of a combination of the consequences of an event and their likelihood.
- Risk may have a positive or a negative impact.
- Consequence: “the outcome or impact of an event”.
- There can be more than one consequence from one event.
- Consequences can range from positive to negative.
- Consequences can be expressed qualitatively or quantitatively.
- Consequences are considered in relation to the achievement of objectives.
- Likelihood: “used as a general description of probability or frequency”.
- Can be expressed qualitatively or quantitatively.
- Risk Management: “the culture, processes and structures that are directed towards realising potential opportunities whilst managing adverse effects”. (AS/NZS ISO31000:2009 Risk Management - Principles and Guidelines).
- Stakeholders: Councillors, Managers, All Staff, Contractors, Volunteers, Community Members.

2. Introduction
Risk Management is critical to the Northern Midlands Council’s ability to achieve the Strategic Objectives contained in the Strategic Plan. The Council has limited human, financial and material resources. Prudent decision making in relation to their use is critical to the Council’s achievement of its endorsed vision of developing the Northern Midlands communities as “vibrant, sustainable and resilient, promoting their diversity and conserving the heritage values of our towns”.

To this end, not only must Council staff identify and minimise threats to the safe and effective employment of Council resources, they also have an obligation to identify and exploit opportunities to make such employment more efficient. By fostering a vibrant Risk Management culture that encourages all staff to systematically apply the principles and procedures outlined in this strategy, the Council seeks to minimise resource waste and ensure that all Council events, activities and projects are undertaken with minimal risk to staff and the general public.

3. Statement of Commitment
The major risk for most organisations is that they fail to achieve their strategic, business or project objectives, or are perceived to have failed by their stakeholders. The Northern Midlands Council is committed to managing this risk by logically and systematically identifying, analysing, evaluating, treating, monitoring and communicating all risks that directly or indirectly impact on the Council’s ability to achieve the vision and strategic objectives outlined in the Council’s adopted Strategic Plan.

This strategy, when read in conjunction with Council’s adopted Risk Management Policy, Risk Register and Strategic Plan demonstrates the Council’s commitment, by detailing the Risk Management framework to be employed by all staff members, contractors, committees and volunteers engaged in Council business and defining the responsibilities of
individuals and committees involved in the Risk Management process. The Council believes that good Risk Management is essential for the successful implementation of the Council Plan, as it:

- Indirectly supports the achievement of the Council’s other strategic objectives, through:
  - Facilitating innovation, cooperation and the sharing of resources;
  - Enhancing the development and delivery of Council programs;
  - Supporting the Council’s key values and ethics;
  - Encouraging a closer working partnership between the Council and the community;
  - Ensuring consultation with all Stakeholders on key issues;
  - Encouraging a proactive approach to problem solving.

4. SCOPE

This Risk Management Strategy will be implemented by all Council departments and across all Council services, functions and activities, whether directly controlled by Council or delivered through third party arrangements.

All employees, contractors, partner organisations and volunteers engaged in the conduct of Council business are to apply consistent, proactive and systematic Risk Management practices in the employment of Council resources and the delivery of Council services. Successful Risk Management relies on input from all stakeholders and ownership of identified risks by responsible staff. To manage risks in accordance with best practice, the Council will observe the principles contained in AS/NZS ISO31000:2009 Risk Management - Principles and Guidelines. The Council’s established business practices, policies and procedures will be reviewed, to ensure that they are not in conflict with this Standard.

5. STRATEGY PRINCIPLES

The principles of the Strategy are to:

- Identify evaluate and prioritise the Council’s risk associated opportunities and threats, with a view to:
  - Exploiting opportunities.
  - Reducing, mitigating, transferring or eliminating threats.
- Promote and support Risk Management processes throughout the Council.
- Recognise that successful Risk Management relies on input from ALL employees and Stakeholders.
- Allow for more effective allocation and use of resources.
- Provide a basis for higher standards of accountability.
- Protect the Council’s corporate image as a professional, responsible and ethical organisation and an employer of choice.

6. RISK MANAGEMENT REQUIREMENTS

Risk Management principles shall be a consideration in all Council decision making processes. In accordance with its common law ‘duty of care’, statutory responsibilities and Council Policy, the Council will ensure that resources are allocated to:

- Minimise the Council’s exposure to loss and litigation;
- Protect and enhance the Council’s reputation;
- Protect the Council’s financial and physical assets;
- Maintain employee Health & Safety programmes.

7. RESPONSIBILITIES

All employees, contractors and volunteers are to be familiar with and competent in the application of the Council’s Risk
Management Policy and Strategy.

Business Unit managers and supervisors are accountable for adherence to this Strategy within their areas of responsibility. Detailed responsibilities are listed at Annexure A.

8. RISK MANAGEMENT PROCEDURE

The Risk Management procedure to be applied within the Northern Midlands Council is based on AS/NZS ISO31000:2009 Risk Management - Principles and Guidelines. As these procedures are developed, they will be detailed at Annexure B.

9. RISK MANAGEMENT PRIORITIES AND RESOURCES

The Council accepts that it does not have the resources to immediately address all of the risks it faces. The Executive Management Team (EMT) will annually review and reprioritise all of the risks identified, determine those which must be afforded the highest priority and determine the resources required to address those risks.

These risks will represent the Council’s corporate focus for the following 12 months and be included in the Council’s budget as a discrete line item. All staff members should note that the absence of a risk from this Strategy does not preclude its management from within departmental resources. Nor is the annual review process inflexible: extreme and high priority risks identified at any time will be assessed and treated in accordance with the procedure described in this Strategy.

10. STRATEGY IMPLEMENTATION

The Council recognises that the implementation of this Strategy represents a significant, but necessary short term workload for all staff involved. A comprehensive review of all the Council’s activities will be undertaken in conjunction with the Strategy’s implementation, through the development and approval of success measures for all the Council events, projects and activities. This is a significant Council undertaking, but integral to the success of an integrated, comprehensive Risk Management Strategy.

11. PERFORMANCE REVIEW

This Strategy takes effect immediately upon adoption by the Council. It is to be reviewed on an annual basis by the Executive Management Committee, to ensure its continued suitability and effectiveness against the requirements of AS/NZS ISO31000:2009 Risk Management - Principles and Guidelines and the Council’s Risk Management Policy. The General Manager shall be responsible for ensuring this review occurs.

Records of such reviews are to be maintained on file. The Risk Management responsibilities detailed at Annexure A are to be incorporated into all Council Position Descriptions and the success measures developed for all staff are to form the basis of annual performance appraisals.

It is important that all staff are made aware of the risk management strategy. Training is a key method for communicating with staff and volunteers about risk management. A Risk Management Strategy is a “working” document. This means that there is a need to constantly monitor, review and update the document.

Although ‘monitoring and reviewing’ might generally be understood to be one of the last steps in the risk management process, in reality, it’s a constant task even before any analysis or assessment is made. In some cases, a manager may be presented with existing risk management arrangements, or a partly completed risk analysis. Nevertheless, the manager must take responsibility for the risk management process.

The imbedding of the Risk Management responsibilities is under the direction of the General Manager and will be incorporated into the annual Staff Appraisal process and Annual preparation. These processes will also assist in the development of a training matrix and programme for the next financial year. This training matrix will assist in identification and closure of potential risk management deficiencies.

RISK MANAGEMENT PROCEDURE

This procedure is based on the Australian Standard AS/NZS ISO31000:2009 Risk Management - Principles and Guidelines. It details the common methodology to be used to assess and address the level of risk inherent in the Northern Midlands Council activities. For guidance in relation to the application of this procedure or assistance in the conduct of risk assessments, contact the Risk Management Officer.

B.1 COMMUNICATE AND CONSULT

Has everybody who needs to know been contacted, involved, informed and kept up to date?

Communication and consultation are important considerations at each stage of the Risk Management process. They should involve a dialogue with all stakeholders (both internal and external) with a focus on consultation, rather than a one-way flow of information from the decision maker to the stakeholders. All Stakeholders must be confident that their views have been appropriately considered and that they have been kept informed of the actions being taken and the reasons behind those actions. This may extend to sending a report to all Stakeholders, regarding the success or otherwise of risk controls put in place as a result of the Risk Assessment being conducted. Broad “ownership” of the risk and the plans to manage it is essential to a successful Risk Management outcome.

B.2 ESTABLISH THE CONTEXT

The first step in Risk Management is to establish the context of the risk. This can be done by asking a series of questions, such as:

• What do we want to do or achieve? Define the desired outcomes of the event, activity or project.
• How will we know we have been successful? Identify the success measure or measures for each desired outcome. For established activities, success measures should have been developed and agreed during the development of the Council’s hierarchy of plans.
• Who will be involved in or affected by what we want to do? Identify the major Stakeholders for this activity, both internal and external to the Council.
• Do any of the Stakeholders need to be involved in the Risk Assessment? All Stakeholders who may feel that they have a right to be consulted should be. A formal risk assessment should not proceed until all appropriate Stakeholders can be assembled and/or consulted. All Stakeholders who are actively involved in the achievement of your success measures must be involved in the Risk Assessment.
• What records do we need to keep? The likely consequences of the decisions to be made and the importance of future stakeholders (including the Courts) being able to understand why these decisions were made, will dictate the level of record keeping required. As a minimum, the electronic Risk Assessment Form mentioned earlier should be used for all risks assessed as moderate or above. Decisions concerning the making and capturing of records should take into account:
  ▪ The legal and corporate governance needs for records.
  ▪ The cost of creating and maintaining records.
  ▪ The benefits of re-using information in the future.
  ▪ What criteria will we use to analyse the risk? Criteria may be either qualitative or quantitative in nature.
  ▪ How will the rest of the risk management process be structured? Determine the elements or steps that the activity/event/project can be subdivided into to create a logical framework that helps ensure significant risks are not overlooked.
B.3 IDENTIFY THE RISKS

What, where, when, how and why can things happen to prevent us from achieving our success measures? Risks that have not been identified cannot be assessed. Alternative methods to identify risks include:

- A brainstorming session with all Stakeholders.
- Checklists developed for this or similar events/activities/projects.
- An examination of previous events/activities/projects of this type.
- The constitution of an Experienced Panel to consider the event/activity/project.
- Risk areas may include, but are not limited to:
  - Management (planning, supervision, leadership).
  - People (competence, skills, experience, reliability, safety, training, insurance).
  - Property and other Assets (availability, suitability, damage, insurance).
  - Financial (funding, sponsorship, salaries, budgeting, control).
  - Regulatory/Legal (statutory requirements, committee duties and responsibilities, Duty of Care to Stakeholders).
  - Political (community participation and support, Government policies, risk of adverse publicity).
  - Weather (heat, cold, rain, fire ban, fog).
  - Communication (Memorandum of Agreement/Memorandum of Understanding required, meetings, marketing, methods and frequency of contact?).
  - Anything else you can think of (nobody knows your activity better than you!)
- All risks identified should be communicated to your immediate supervisor, if he or she not participated in the risk identification exercise.

B.4 ANALYSE THE RISKS

How big are the risks we have identified? Determine how likely a risk is to occur and how large the impact would be if it did occur. These tables are generic in nature and careful consideration should be given to their applicability for the specific risk profile being assessed.

B.5 EVALUATE THE RISKS

Are there any controls already in place? Determine if there are any existing controls already in place to address the identified risks. Existing controls could include any policies, processes or procedures established to:

- Eliminate or reduce the likelihood of a risk occurring.
- Mitigate the impact if a risk does occur.
- Share or transfer the identified risk (eg: insurance and /or indemnity clauses).
- Once existing controls have been identified, risks need to be re-evaluated and prioritised, to ensure that the greatest risks are addressed first. The process to follow is:
  - Note any existing controls identified against the appropriate risks in the interim Risk Register.
  - Re-assess the risk in light of existing controls and adjust its Risk Level accordingly.
  - Make a recommendation as to whether the risk is considered to be acceptable or unacceptable, with the reasons why.
  - Forward a copy of the completed risk assessment and recommendation to the Risk Management Officer, who will then present all information to the Risk Management Committee for confirmation or modification of the recommendation and Risk Level.
- If the risk is deemed unacceptable (a confirmed Risk Level of moderate or above), it will then be:
  - Prioritised in relation to other registered risks (considering the confirmed Risk Level rating, the nature of the people and/or property at risk and the impact on the Council’s reputation and credibility, should the risk event occur).
B.6 **TREAT THE RISKS**

What are we going to do about the risks we have identified? After a risk has been entered onto the Council Risk Register, options to treat it must be considered and action plans developed. Risk Action Plans must detail:

- The actions which will be taken to address the risk.
- The manager responsible for ensuring that the Risk is addressed (Responsible Manager).
- When the specified actions are to be completed by.
- Unless actions are determined and responsibilities for them are allocated, the Risk Identification and Assessment processes will have been wasted. The outcome of any actions specified should be to (in priority order):
  - Eliminate the possibility of a risk occurring.
  - Reduce the likelihood of occurrence to an acceptable level.
  - Mitigate (reduce) the consequences, should a risk occur.
  - Transfer or share the risk, generally through insurance or contracting out.

Actions to be taken in relation to specified Risk Levels are:

- **Extreme** – immediate action to be initiated and Risk Action Plans to be developed and implemented under the direct control of the Executive Management Team and General Manager. All documentation must be retained for future reference.
- **High** – action timeframe to be determined by Executive Management Team, with Risk Action Plans developed by Responsible Business Unit Manager/s for Executive Management Team approval.
- **Moderate** – action timeframe determined and Risk Action Plans developed by Responsible Manager/s, with relevant Business Unit Manager/s kept informed of progress.
- **Low** – Responsible Managers develop or modify policy or procedure to address the risk. If necessary, a simple Risk Action Plan can also be developed,
- **Insignificant** – Risk noted and treated appropriately by those affected.

Remember, all risks identified as Moderate and above are to be entered into the Council Risk Register.

In a climate of constrained resources, careful consideration must be given to how resources are allocated to action plans. You may find it more valuable to reduce higher priority risks to an acceptable level, rather than eliminate them altogether and then use any resources saved to address lower priority risks. Finally, consult your supervisor and any Stakeholders who may not have been available the Risk Assessment, to ensure that you have left nothing out.

B.7 **MONITOR AND REVIEW.**

Have we got it right? Registered risks will remain open until they have been reduced and accepted, or eliminated. The Responsible Manager is to monitor the risk to ensure that agreed actions are being taken and review the risk levels, to reflect changes made. Whenever an action is taken against an Action Plan, the Responsible Officer is to notify the Responsible Manager, who will:

- Assess the effectiveness of the action taken.
- Reassess the Action Plan to:
  - Confirm its continued applicability; or
  - Determine any changes that may now be required.
- Reassess the risk rating and notify the Risk Management Officer of the new suggested rating.
- The details of the reassessment will then be confirmed or modified to determine whether or not the risk rating should be adjusted.

Once all directed actions have been completed, the risk will be re-assessed by the Responsible Manager and a decision presented to the Executive Management Team for approval or modification. Entered onto the Council Risk Register.
made as to its acceptability or otherwise. If a risk is considered to be unacceptable, further action needs to be taken to address that risk. No activity should proceed with a risk that has been identified as unacceptable. If in doubt, all Stakeholders involved with the original Risk Assessment are to be consulted, prior to a risk being closed off.

B.8 RECORD THE RISK MANAGEMENT PROCESS

Each stage of the Risk Management process must be recorded appropriately, as determined during the “Establish the Context” step. For risks assessed as moderate and above, assumptions, methods, data sources, analyses, results and reasons for all decisions should all be recorded.

During the conduct of an event, activity or project for which a Risk Assessment has been undertaken, make notes on how effective the Action Plans have been and what (if any) changes were made to the original Plans. This will allow better planning for the same or similar activities in the future.
1 **PURPOSE**

To extend the current refuse collection and recyclable service in the rural area with all property owners on the route charged for the new service and the costs spread evenly over all properties serviced within the scheme (rural & residential).

2 **WASTE MANAGEMENT CHARGES**

The waste management charges are reviewed each year under the annual Budget and Rating process.

3 **EXEMPTIONS**

No exemptions apply for rural users on the designated collection route, except as follows:

(i) Exempt the charge in rural areas when a doctor has provided evidence that none of the property owner/tenants are capable of wheeling the mobile garbage bin from the property boundary (2 metres inside the entrance) to the roadside for collection.

(ii) Exempt the waste collection service charge where houses are vacant and the service is not used, and an annual application has been provided.

4 **EXTENSIONS**

Any extensions to the service must consider the magnitude of any subsidy to collect a particular property. The Council stated that the waste management service becomes compulsory if a property containing a house is located on the extended designated route.

As a result any extension to the designated route must satisfy two essential criteria - these being:

(i) that any Council subsidy is limited to 50% of the additional collection cost, and;

(ii) that every property (with a dwelling) located on the proposed extended route agree to the waste management service.

4.1 **PROCEDURE**

4.1.1 The Kerbside Collection Administration Officer assesses the degree of subsidy for a request to include a new route.

The calculation is as follows:

\[
\text{Garbage} = \text{Length of road to gate & back again} = \text{......km ('L')}\]
Number of occupied properties along proposed route = ….. ('No')
Formula 1 = L x $1.50 + No x $1.53
= $.....
Formula 2 = No x $1.53
= $.....
Subsidy Ratio = Formula 1
= Formula 2
= ..........

If Subsidy Ratio > 2, then subsidy too great to provide service.

Recycling
Length of road to gate & back again = …..km ('L')
Number of occupied properties along proposed route = ….. ('No')
Formula 1 = L x $1.50 + No x $1.71
= $.....
Formula 2 = No x $1.71
= $.....
Subsidy Ratio = Formula 1
= Formula 2
= ..........

If Subsidy Ratio > 2, then subsidy too great to provide service.

4.1.2 If both subsidy ratio less than or equal to 2, then seek an accurate cost to collect services along proposed route from Waste Management Contractor and Recycling Contractor then recalculate subsidy ratio as shown below:
Formula 1 = Collection cost provided by contractor + No x $1.50
= $.....
Formula 2 = No x $1.50
= $.....
Subsidy Ratio = Formula 1
= Formula 2
= ..........

4.1.3 If Subsidy Ratio confirms to be less than or equal to 2, then write to every property (containing a dwelling) along the proposed new route seeking their comments on being included within the waste management area.

4.1.4 Upon the return of all questionnaires, then extend waste management service to new area only if 100% support.

4.1.5 Advise rate collector of extended area to amend rate records and prepare invoices for part year services.

4.1.6 Send invoices and information brochures to properties.

4.1.7 Arrange for waste and recycling contractor to deliver wheelie bins and begin service.

5 REVIEW

Originated Date: 16 April 2018
Amended Date/s:
Applicable Legislation: Northern Midlands Council Interim Planning Scheme 2013

Objective To regulate a time period for developers to place a shipping container on premises under the exemption in the Northern Midlands Council Interim Planning Scheme 2013
Administration: Community and Development
Review Cycle/Date: Every 2 years. Next review 2020.

1. BACKGROUND
The following is exempt from requiring a permit under the Northern Midlands Council Interim Planning Scheme 2013.

   The erection of temporary buildings or works to facilitate development for which a permit has been granted or for which no permit is required provided they are not occupied for residential use and are removed within 14 days of completion of development.

A shipping container to be used by a developer may therefore be placed on a site that is to be developed in accordance with a planning permit, or in accordance with the no permit required criteria of the planning scheme.

2. PURPOSE AND APPLICATION
The purpose of this policy is to stipulate a timeframe, prior to development commencing, for shipping container to be placed on land, as well as the location of the container, to ensure containers are not left on land for prolonged periods.

A person must take a written application to the General Manager to place a shipping on a premises before development commences. The application must include a site plan to scale showing the intended location of the shipping container and the date that the development is to commence. The shipping container must not be placed on site unless written approval is given by the General Manager.

6. REVIEW
This policy is due for review every two years.
**INTRODUCTION**

Where a planning permit is required for solar panels, the Northern Midlands Council has determined that assessment should have specific regard to the visual impact of the proposal.

**OBJECTIVES**

To ensure that solar panels are designed and located to minimise the impact on heritage-listed buildings and the streetscape.

**APPLICATION OF THE POLICY**

When considering an application for solar panels on heritage listed buildings and in heritage areas, Council's Development Services Department shall consider the following criteria:

Solar panels should be placed on roof areas away from the street, where that roof area faces between north and east, and between north and west.

Solar panels must not:

- Be installed above the highest part of the roof (hip line and ridge line), excluding the chimney;
- Extend beyond a gable end;
- Project more than 200mm from the roof surface.
1. PURPOSE

It has been identified that the installation of a town entrance statement provides a sense of identity, place and belonging for the community of that town.

A town entrance statement is a structure to identify a town, constructed of stonework, metal and/or timber and located at the entrance of the town.

An entrance statement can be used to help define the character of a region.

2. LOCATION

An entrance statement is to be located as closely to the town boundary as possible, whilst giving consideration to the following:

- Topography;
- Line of sight from the road;
- Existing infrastructure;
- Speed limits; and
- Access (for maintenance purposes).

The entrance statement is to be designed to ensure vehicle and pedestrian sightlines are not compromised.

3. DESIGN AND MATERIALS

The type of structure and the material used for an entrance statement should take into consideration factors such as susceptibility to vandalism.

The following factors ought to be considered in the design of an entrance statement:

- Large, flat surfaces should be avoided;
- The design should be in keeping with, and sympathetic to any heritage features of the town (if applicable);
- Materials should be low maintenance and complimentary to the heritage features of the town (if applicable);
- Consideration should be given to lighting of the entrance statement using, where possible, solar power or low energy lighting systems.

4. PLANNING AND OTHER APPROVALS

The entrance statement design is to be compliant with any applicable planning and building requirements and approved by Council.

Where required, consultation is to be had, and approval sought from the State Government roads department.

Consultation and approval should also be sought from any other affected land owners and members of the community.

The 2015 the ABS Census identified that there were approximately 2225 people aged 10-24 residing in the Northern Midlands municipality comprising 17% of the total population.

In 2018 Council undertook a youth survey targeting students in schools across the municipality with 170 participants aged 10-17.

Young people surveyed identified the following as the primary issues for youth in the region:

Bullying, drugs and alcohol, mental health, violence, unemployment, homelessness, smoking, lack of things to do, lack of support, body image, personal safety.

Participants also expressed ideas about how Council may support young people in the future identifying the need for more services, programs and activities in areas of recreation, sport, improvement of access to youth support such as counselling, group programs, camps and other events.

Subsequent liaison with the schools and service providers in the Northern Midlands region has confirmed that these are issues that young people face and there is a considerable lack of service provision in the region to target these key areas.
