

NORTHERN MIDLANDS COUNCIL

AGENDA

ORDINARY MEETING OF COUNCIL

Monday, 20 March 2023

Des Jennings GENERAL MANAGER

QUALIFIED PERSONS ADVICE

The Local Government Act 1993 Section 65 provides as follows:

- (1) A general manager must ensure that any advice, information or recommendation given to the council or a council committee is given by a person who has the qualifications or experience necessary to give such advice, information or recommendation.
- (2) A council or council committee is not to decide on any matter which requires the advice of a qualified person without considering such advice unless
 - (a) the general manager certifies, in writing -
 - (i) that such advice was obtained; and
 - (ii) that the general manager took the advice into account in providing general advice to the council or council committee;

and

(b) a copy of that advice or, if the advice was given orally, a written transcript or summary of that advice is provided to the council or council committee with the general manager's certificate.

I therefore certify that with respect to all advice, information or recommendation provided to the Council in or with this Agenda:

- i) the advice, information or recommendation is given by a person who has the qualifications or experience necessary to give such advice, information or recommendation; and
- ii) where any advice is directly given by a person who does not have the required qualifications or experience, that person has obtained and taken into account in that person's general advice, the advice from an appropriately qualified or experienced person.

RECORDING OF COUNCIL MEETINGS

A copy of the recording of the meeting will be placed on Council's website as soon as practicable after the meeting, the Closed Council session of the meeting will be redacted.

Regulation 33 of the Local Government (Meeting Procedures) Regulations 2015 provides for the audio recording of Council meetings.

The purpose of recording meetings of Council is to assist Council officers in the preparation of minutes of proceedings. Council's Policy includes the following provisions:

- only applies to formal Council meetings (ordinary meetings, special meetings and Annual General meetings);
- does not apply to closed sessions of Council;
- does not apply to Committees of Council;
- the recording will not replace written minutes and a transcript of the recording will not be prepared;
- the recording may be used by Council staff to assist with the preparation of the minutes and by Council during a subsequent meeting within the period that the recording is retained;
- the minutes of a meeting, once confirmed, prevail over the audio recording of the meeting;
- the official copy of the recording of a Council meeting is to be retained by Council for at least a period of 6 months from the date of a meeting and deleted after that period has expired;
- if requested, a recording of a Council meeting to be available to Councillors at no cost within 24 hours of the meeting;
- notices advising that
 - the proceedings of the meeting are to be audio recorded; and
 - the detail relating to the recording of meetings by members of the public;

are to be on display at each meeting.

A member of the public may only use an audio recorder, or any other recording and/or transmitting device, to record the proceedings of a meeting of Council with the written permission of the General Manager for the express purpose proposed. The Northern Midlands Council reserves the right to revoke such permission at any time.

Unless expressly stated otherwise, Northern Midlands Council claims copyright ownership of the content of recordings of Council meetings ("the Recordings").

The Recordings may not be uploaded, displayed, transcribed and/or reproduced without the written permission of the General Manager for the express purpose proposed.

The Northern Midlands Council reserves the right to revoke such permission at any time. Apart from uses permitted under the *Copyright Act* 1968, all other rights are reserved.

Requests for authorisations, including authorisations for the use of recordings, should be directed to the General Manager, 13 Smith Street, Longford TAS 7301.

GENERAL MANAGER

GUIDELINES FOR COUNCIL MEETINGS

MEETING CONDUCT

- People attending Council Meetings are expected to behave in an appropriate manner.
- The following is not acceptable:
 - Offensive or inappropriate behaviour;
 - Personal insults; and
 - Verbal abuse.
- In the case of any inappropriate outburst or derogatory behaviour, an apology from the offending party or parties will be requested. Anyone at the meeting, if they feel offended in any way by any such behaviour specified above, should immediately bring the behaviour to the notice of the Chairperson by the way of a Point of Order.
- The Chairperson has the right to evict from a meeting any person who is not behaving to an appropriate standard.

PUBLIC QUESTIONS AND STATEMENTS

Regulation 31 of the *Local Government (Meeting Procedures) Regulations 2015* makes provision for Public Question Time during a Council meeting.

Public question time is to commence at approximately 5.30pm and is to be conducted in accordance with the following guidelines:

- At each Council Meeting up to 20 minutes, or such longer period as Council may determine by resolution at that meeting, is to be
 provided for persons at the meeting to ask questions.
- A person seeking to ask a question must firstly identify himself or herself by stating their name and the town they reside in.
- If more than one person wishes to ask a question, the Mayor is to determine the order in which those questions are asked.
- Questions must be directed to the Mayor who shall answer or direct the question to the appropriate Councillor or Council Officer. A question will be answered if the information is known otherwise taken on notice and responded to in writing within 10 working days.
- Questions should preferably be in writing and provided to the General Manager 7 days prior to the Council Meeting.
- A person is entitled to ask no more than 2 questions on any specific subject. If a person has up to two questions on several
 subjects, the Mayor may defer those questions until other questions have been asked and refer back to that person only if time
 permits.
- Each submission speaker is limited to a maximum of 3 minutes.

REPRESENTATIONS ON PLANNING ITEMS

A maximum of 4 persons per item (2 for and 2 against) will be permitted to address Council on a planning item. After the representation has been made, Councillors are permitted to ask questions of the party who made the representation.

Each speaker is limited to a maximum of 3 minutes.

PETITIONS

In relation to the receipt of petitions, the provisions of the *Local Government Act 1993*, Part 6 - Petitions, polls and public meetings, S57 and S58, should be noted.

 - (a) has an interest; or
 - (b) is aware or ought to be aware that a close associate has an interest.
- (2) A councillor must declare any interest that the councillor has in a matter before any discussion on that matter commences.

5 PROCEDURAL

5.1 CONFIRMATION OF COUNCIL MEETING MINUTES

5.1.1 Confirmation Of Minutes: Ordinary Council Meeting

RECOMMENDATION

That the Open Council Minutes of the Ordinary Meeting of the Northern Midlands Council held at the Council Chambers, Longford on Monday, 20 February 2023, be confirmed as a true record of proceedings.

5.2 DATE OF NEXT COUNCIL MEETING

Mayor Knowles advised that the next Ordinary Council Meeting of the Northern Midlands Council would be held at 5.00pm on **Wednesday, 26 April 2023** in person only.

5.3 MOTIONS ON NOTICE

The following notice of Motion/Motions have been received.

5.3.1 Notice Of Motion: Reconciliation Action Plan

Responsible Officer: Des Jennings, General Manager

OFFICER'S RECOMMENDATION

That Council provide a funding allocation in the Draft 2023/2024 Municipal Budget to prepare a Reconciliation Action Plan.

Councillor Terrett has requested the below Notice of Motion be tabled at the 20 March 2023 Council Meeting.

NOTICE OF MOTION

That Council develop a Reconciliation Action Plan (RAP) in consultation with Tasmanian Aboriginal groups, such as Reconciliation Tasmania and the local Tasmanian Aboriginals community.

BACKGROUND

In November 2020 Council commenced flying the Aboriginal flag permanently outside the Council Chambers in Longford. The Mayor met with Reconciliation Tasmania in October 2019 and it was proposed that Council consider preparing a Reconciliation Action Plan. To date no RAP has been considered by Council.

Despite not having a RAP, Council has looked at adopting dual naming the Macquarie River/ Tinamirakuna and Campbell Town/ Pantukina has dual naming on its entry signs. Regrettably the signage to Perth still has the words "Settled in 1821" which is offensive to first nations people. The area has been settled for thousands of years by the Tasmanian Aboriginals, the Panninher Clan.

This highlights the importance in having a RAP and showing respect to first nations people in the Council area and throughout Tasmania.

OFFICER'S RECOMMENDATION

Pursuant to the Local Government Act 1993 Section 63, the General Manager must ensure that Council receives advice from persons who have the necessary qualification or experience to give such advice, information or recommendation on the matter before Council.

RECOMMENDATION:

That Council provide a funding allocation in the Draft 2023/2024 Municipal Budget to prepare a Reconciliation Action Plan.

6 COUNCIL COMMITTEES - CONFIRMATION OF MINUTES

RECOMMENDATION

That the following Minutes of the Meetings of Council Committees be received.

Minutes of meetings of the following Committees are attached:

Date	Committee	Meeting
2 February 2023	Avoca, Royal George & Rossarden Local District Committee	Ordinary
7 February 2023	Perth Local District Committee	Ordinary
7 March 2023	Campbell Town Local District Forum	Ordinary
7 March 2023	Evandale Advisory Committee	Ordinary
7 March 2023	Ross Local District Committee	Ordinary
7 March 2023	Perth Local District Committee	Ordinary

Matters already considered by Council at previous meetings have been incorporated into **Information Item: Officer's Actions**.

In the attached minutes of Council Committees, recommendations of Committees are listed for Council's consideration in the Agenda Item 7 below.

7 COUNCIL COMMITTEES - RECOMMENDATIONS

7.1 CAMPBELL TOWN DISTRICT FORUM

At the ordinary meeting of the Campbell Town District Forum held on 7 March 2023 the following motion/s were recorded for Council's consideration:

TRAFFIC MANAGEMENT - HEAVY HAULAGE:

Officer Recommendation:

That Council notes the matters raised by Campbell Town District Forum and officers continue to monitor roads being utilised by heavy haulage.

Committee Recommendation:

That Council provide to the Campbell Town District Forum, a Traffic Management Plan for the intersections of West Street, Midlands Highway, Clare Street, Grant Street and North Street.

Officer Comment:

Although the Committee recommendation relates to construction which is occurring at Lot 3 Midland Highway Campbell Town, Committee members and residents have expressed concern about the traffic management of "heavy haulage" more generally and the impact that it is having on drivers as well as both West Street and West Street East:

- 1. During the construction of the Midlands Highway; and
- 2. During the construction of the proposed "Elders" store located at Lot 3 Midland Highway Campbell Town

Committee members advised they are personally affected by heavy haulage vehicles and that concerned residents have also raised this matter with them describing West Street as follows:

- The condition of this street has deteriorated significantly.
- The road surface is no longer intact.
- There are large, deep potholes, deep edges,
- Loose gravel and large mounds on this street making it dangerous for road users.
- Road users are travelling on the incorrect side to avoid damaged road sometimes I the path of oncoming traffic.

Council acknowledges that there is an increase in heavy haulage movements around Campbell Town due to the upgrades of the Midlands Highway and other developments, and that this will be ongoing for some time.

Council Officers have previously advised the Forum, that Council is aware of issues and is working with the contractors, in conjunction with State Growth, to maintain West Street to a condition that can then be sustainably monitored and maintained for the duration of the Midlands Highway upgrades and this was reiterated at the 7 March 2023 meeting.

7.2 PERTH LOCAL DISTRICT COMMITTEE

At the ordinary meeting of the Perth Local District Committee held on 7 February 2023 the following motion/s were recorded for Council's consideration:

TRAIN PARK PLAYGROUND EQUIPMENT:

Advice provided - no decision required:

The Committee have been advised that the equipment was ordered and a deposit paid on 20 July 2022, delivery of the equipment is awaited and will be installed when received; and the old equipment does not meet current specifications and will not be reused.

Committee Recommendation:

The committee requests updates on the purchase and installation of the new play equipment for the Train Park Playground.

Is the old equipment being retained and if not what will happen to this play equipment?

Officer Comment:

The Committee have been advised that delivery of that the equipment was ordered and a deposit paid on 20 July 2022, delivery of the equipment is awaited and will be installed when received; and the old equipment does not meet current specifications and will not be reused.

RECONCILIATION ACTION PLAN:

Advice provided - no decision required:

The Committee were advised of the inclusion within this Agenda of a Notice of Motion put forward by Councillor Terrett which relates to the preparation of a Reconciliation Action Plan.

Committee Recommendation:

Could we please have an update on the Northern Midlands Council Reconciliation Action Plan. This was an issue raised 12 months ago. If this issue needs budget consideration could it please be included in the budget.

Officer Comment:

The Committee were advised of the inclusion within this Agenda of a Notice of Motion put forward by Councillor Terrett which relates to the preparation of a Reconciliation Action Plan.

PURPOSE OF REPORT

In accordance with the Vision, Mission and Values of Council as identified in the *Council's Strategic Plan 2021-2027* and the *Local Government Act 1993, S57-S60*, provision is made for Council to receive petitions tabled at the Council Meeting.

OFFICER'S COMMENT

In relation to the receipt of petitions, the following provisions of the *Local Government Act 1993*, Part 6 - Petitions, polls and public meetings, S57 and S58, should be noted:

Section 57. Petitions

[Section 57 Substituted by No. 8 of 2005, s. 46, Applied:01 Jul 2005]

- (1) A person may lodge a petition with a council by presenting it to a councillor or the general manager.
- (2) A person lodging a petition is to ensure that the petition contains
 - (a) a clear and concise statement identifying the subject matter and the action requested; and
 - (b in the case of a paper petition, a heading on each page indicating the subject matter; and
 - (c) in the case of a paper petition, a brief statement on each page of the subject matter and the action requested; and
 - (d) a statement specifying the number of signatories; and
 - (e) at the end of the petition
 - (i) in the case of a paper petition, the full name, address and signature of the person lodging the petition; and
 - (ii) in the case of an electronic petition, the full name and address of the person lodging the petition and a statement by that person certifying that the statement of the subject matter and the action requested, as set out at the beginning

of the petition, has not been changed.

(3) In this section –

electronic petition means a petition where the petition is created and circulated electronically and the signatories have added their details by electronic means;

paper petition means a petition where the petition is created on paper which is then circulated and to which the signatories have added their details directly onto the paper;

petition means a paper petition or electronic petition;

signatory means -

- a) in the case of a paper petition, a person who has added his or her details to the paper petition and signed the petition; and
- (b) in the case of an electronic petition, a person who has added his or her details to the electronic petition.

58. Tabling petition

- (1) A councillor who has been presented with a petition is to
 - (a)
 - (b) forward it to the general manager within 7 days after receiving it.
- (2) A general manager who has been presented with a petition or receives a petition under subsection (1)(b) is to table the petition at the next ordinary meeting of the council.
- (3) A petition is not to be tabled if -
 - (a) it does not comply with section 57; or
 - (b) it is defamatory; or
 - (c) any action it proposes is unlawful.
- (4) The general manager is to advise the lodger of a petition that is not tabled the reason for not tabling it within 21 days after lodgement.

All Food premises are due for at least one inspection from 1 July of each year. The number of inspections in the table above is the total number carried out since 1 July in each financial year.

Inspections are conducted according to a risk-based assessment and cover all aspects of food storage, handling and preparation.

A total of 35 criteria are assessed for either compliance, non-compliance or serious non-compliance.

The Tasmanian Department of Health has produced a legal framework, the Food Business Risk-Classification System (RCS), to classify food premises for registration and notification purposes under the *Food Act 2003*.

Actions, including follow-up inspections, are taken according to the outcome of inspections, the RCS can be used to prioritise the inspection of food businesses, with inspection frequency being increased for high risk classified food premises. In addition, poorly performing food premises would be inspected more frequently.

For those enquiring about opening a food business i.e. Home based food business, officers inspect the premises and after a risk assessment determine whether a food licence is to be issued.

The following is applicable regarding food business registrations:

- A Food Business Application is to be completed and lodged with Council each year (Financial) Sections 84 or 87 or 89 of the Food
 Act
- Council conducts a desk top assessment of the application in accordance with the Food Business Risk Classification System issued by Tasmanian Department of Health. The assessment is based on the information provided by the applicant.
- Based on the Risk assessed an invoice is issued to the applicant.
- Upon receipt of payment Council issues a Certificate of Registration.
- Council conducts an inspection of the premises during their operation to ensure compliance with the Food Act and Regulations
 and the Food Standards Code. The business is also assessed in line with their Risk Classification.
- Further inspections may be required to ensure any non-compliance issued have been addressed.

On-site Wastewater Assessments are completed after receiving a system design report from a consultant which basically determines what type of sewage system is required (septic or AWTS) and the method of distributing the sewage effluent on site based on AS1547.

A place of assembly is required for any mass outdoor public event. This means an event with over 1000 people for 2 hours or more. It may be any performance, exhibition, circus, festival, food festival, pageant, regatta, sports event, dance or publicly advertised lecture.

Notifiable Disease investigations are carried out by Council's Environmental Health Officer at the request of the Department of Health. Investigations typically relate to cases of food borne illness. While some investigations are inconclusive others can be linked to other cases and outbreaks within Tasmania and across Australia. Under the Public Health Act 1997, investigations are confidential.

8.17 NORTH WEST TRANSMISSION LINES DEVELOPMENT APPLICATION: LAND OWNER CONSENT

Prepared by: Paul Godier, Senior Planner

The North West Transmission Line Developments, being progressed by TasNetworks, include 240kms of new and upgraded transmission lines that will link Cressy, Burnie, Sheffield, Staverton, Hampshire and East Cam. The Palmerston (near Cressy) to Sheffield route runs through the Northern Midlands. TasNetworks will be requesting landowner consent from the Council's General Manager to the making of the planning application where the route runs through land owned or administered by the Council. The General Manager intends to grant this consent under delegation.

PUBLIC QUESTIONS AND STATEMENTS

Regulation 31 of the *Local Government (Meeting Procedures) Regulations 2015* makes provision for Public Question Time during a Council meeting.

Public question time is to commence at approximately 5:30pm and is to be conducted in accordance with the following guidelines:

- At each Council Meeting up to 20 minutes, or such longer period as Council may determine by resolution at that meeting, is to be provided for persons at the meeting to ask questions.
- A person seeking to ask a question must firstly identify himself or herself by stating their name and the town they reside in.
- If more than one person wishes to ask a question, the Mayor is to determine the order in which those questions are asked.
- Questions must be directed to the Mayor who shall answer or direct the question to the appropriate Councillor or Council Officer. A question will be answered if the information is known otherwise taken on notice and responded to in writing within 10 working days.
- Questions should preferably be in writing and provided to the General Manager 7 days prior to the Council Meeting.
- A person is entitled to ask no more than 2 questions on any specific subject. If a person has up to two questions on several subjects, the Mayor may defer those questions until other questions have been asked and refer back to that person only if time permits.
- Each submission speaker is limited to a maximum of 3 minutes.

PUBLIC QUESTIONS

10 COUNCIL ACTING AS A PLANNING AUTHORITY

RECOMMENDATION

That the Council intends to act as a Planning Authority under the Land Use Planning and Approvals Act 1993 for Agenda Item/s 11.1 to 11.3.

Section 25 (1) of the Local Government (meeting procedures) Regulations require that if a Council intends to act at a meeting as a Planning Authority under the *Land Use Planning and Approvals Act 1993,* the Chairperson is to advise the meeting accordingly.

10.1 STATEMENTS

REPRESENTATIONS ON PLANNING ITEMS

A maximum of 4 persons per item (2 for and 2 against) will be permitted to address Council on a planning item. After the representation has been made, Councillors are permitted to ask questions of the party who made the representation. Each speaker is limited to a maximum of 3 minutes.

11 PLANNING REPORTS

11.1 SECTION 40K REPORT ON DRAFT AMENDMENT 03 TO THE NORTHERN MIDLANDS LOCAL PROVISIONS SCHEDULE, 38 & 44 PHILLIP STREET, PERTH

Responsible Officer: Des Jennings, General Manager Report prepared by: Paul Godier, Senior Planner

RECOMMENDATION

That the Council planning authority, under section 40K of the *Land Use Planning and Approvals Act 1993*, provide the Tasmanian Planning Commission with the report at attachment 11.1.1 of this report in relation to draft amendment 03 to the Northern Midlands Local Provisions Schedule:

- 1) Stating that the representation from the Department of State Growth has merit with regard to the noise concerns raised; and
- 2) Stating that the draft amendment does not meet the LPS criteria Schedule 1 Part 2 objective h) of the *Land Use Planning and Approvals Act* to protect public infrastructure (Midland Highway) due to a contemporary noise assessment not having been undertaken determining the actual extent of noise impacts; and
- 3) Recommending that the draft amendment be rejected due to the land being adjacent to the Midland Highway and a contemporary noise assessment not having been undertaken to determine the actual extent of noise impacts. Without such an assessment the draft amendment does not demonstrate consistency with policy RIN-P4 and actions RIN-A7 and RIN-A8 of the *Northern Tasmania Regional Land Use Strategy* and does not demonstrate consistency with Schedule 1 Part 2 objective h) of the *Land Use Planning and Approvals Act* to protect public infrastructure (Midland Highway); and
- 4) Should the draft amendment not be rejected, recommending that the draft amendment be modified to apply the Perth Specific Area plan to the land.

1 PURPOSE OF REPORT

This report advises the Northern Midlands Council planning authority of a representation received to draft Amendment 03 to the Northern Midlands Local Provisions Schedule (LPS) and recommends a response to the Tasmanian Planning Commission (TPC).

2 INTRODUCTION/BACKGROUND

Under the former Northern Midlands Interim Planning Scheme 2013, numbers 38 and 44 Phillip Street were zoned Particular Purpose – Future Residential. Council's draft LPS proposed to zone the two properties Future Urban. A representation to the draft LPS requested that 44 Phillip Street be revised to the General Residential Zone.

The Tasmanian Planning Commission (TPC) held hearings into the representations to the draft LPS in June 2022. The TPC's decision was received on 4 October 2022. Regarding 44 Phillip Street the decision states:

The representor requested that the land at 44 Phillip Street, Perth be revised to the General Residential Zone. The reasons include:

- the Perth Structure Plan identifies the area for urban growth and states that "based on prior studies and analysis, this area is highly underutilised and represents an opportunity for future residential development";
- the demand and supply assumptions outlined in the Perth Structure Plan are outdated and the land is needed for residential use and development given current demand for new housing; and

• infrastructure matters for resolution that are described in the Structure Plan and the Northern Midlands Council Land Use and Development Strategy can be addressed adequately through the subdivision provisions of the State Planning Provisions (SPPs).

Commission consideration

The Commission is persuaded that the General Residential Zone should be applied instead of the Future Urban Zone at 38 and 44 Phillip Street. The Commission is satisfied that sufficient demand for the land exists given current housing affordability and supply issues in the area. The Commission is also satisfied that the General Residential Zone is consistent with the regional strategy, the Perth Structure Plan and the Northern Midlands Council Land Use and Development Strategy. The Commission notes that the land can be serviced as required to meet the requirements of GRZ 1 of Guideline No. 1.

Commission decision under section 35KB

Draft amendment directed to the Northern Midlands LPS:

• Revise the zoning of 38 and 44 Phillip Street, Perth (folios of the Register 23463/1 and 23463/2) to General Residential as shown in Attachment 3 (see below).

Draft Amendment 03 to the Northern Midlands Local Provisions Schedule

Under section 35KB(1) of the Land Use Planning and Approvals Act 1993, the Tasmanian Planning Commission directed the Northern Midlands Council planning authority to prepare draft amendments under Part 3B of the Act, of the Northern Midlands Local Provisions Schedule.

38 and 44 Phillip Street, Perth (folios of the Register 23463/1 and 23463/2)

Apply the General Residential Zone to 38 and 44 Phillip Street, Perth (folios of the Register 23463/1 and 23463/2) and adjoining road centrelines and reserved roads, as shown in Figure 1 below:

3 STRATEGIC PLAN & INTEGRATED PRIORITY PROJECTS PLAN

3.1 Strategic Plan 2021-2027

The Strategic Plan 2021-2027 provides the guidelines within which Council operates.

Lead: Serve with honesty, integrity, innovation and pride Leaders with Impact Strategic outcomes:

- 1.1 Council is connected to the community
- 1.2 Councillors serve with integrity and honesty

3.2 Integrated Priority Projects Plan 2021

This plan has been developed with a coordinated perspective to align with local, regional, state and federal plans. Rather than grouping projects by town or assembling a long list of 'nice to have' projects, this plan takes a Councilwide view of needs and opportunities in relation to the strategic investment drivers in the region. This matter has relevance to:

4 POLICY IMPLICATIONS

There are no policy implications.

5 STATUTORY REQUIREMENTS

5.1 Land Use Planning and Approvals Act 1993

40K. Report to Commission about draft amendments

- (1) A planning authority, within 35 days after the end of the exhibition period in relation to a draft amendment of an LPS in relation to the municipal area of the planning authority or a longer period allowed by the Commission, must provide to the Commission a report in relation to the draft amendment of an LPS.
- (2) The report by a planning authority in relation to the draft amendment of an LPS is to contain –
- (a) a copy of each representation made under section 40J in relation to the draft amendment before the end of the exhibition period in relation to the draft amendment, or, if no such representations were made before the end of the exhibition period, a statement to that effect; and
- (b) a copy of each representation, made under section 40J in relation to the draft amendment after the end of the exhibition period in relation to the draft amendment, that the planning authority, in its discretion, includes in the report; and
- (c) a statement of the planning authority's opinion as to the merit of each representation included under paragraph (a) or (b) in the report, including, in particular, as to –
- (i) whether the planning authority is of the opinion that the draft amendment ought to be modified to take into account the representation; and
- (ii) the effect on the draft amendment, and the LPS to which it relates, as a whole, of implementing the recommendation; and
- (d) a statement as to whether it is satisfied that the draft amendment of an LPS meets the LPS criteria; and
- (e) any recommendations in relation to the draft amendment that the planning authority thinks fit.
- (3) Without limiting the generality of subsection (2)(e), the recommendations in relation to a draft amendment of an LPS may include recommendations as to whether –
- (a) a provision of the draft amendment of an LPS is inconsistent with a provision of the SPPs; or
- (b) the draft amendment of an LPS should, or should not, apply a provision of the SPPs to an area of land; or

- (c) the draft amendment of an LPS should, or should not, contain a provision that an LPS is permitted under section 32 to contain.
- (4) A planning authority must not include in a recommendation in relation to a draft amendment of an LPS a recommendation to the effect that the content of a provision of the SPPs should be altered.

The LPS criteria to be met by a relevant planning instrument are that the instrument –

- (a) contains all the provisions that the SPPs specify must be contained in an LPS; and
- (b) is in accordance with section 32; and
- (c) furthers the objectives set out in Schedule 1; and
- (d) is consistent with each State policy; and
- (da) satisfies the relevant criteria in relation to the TPPs; and
- (e) as far as practicable, is consistent with the regional land use strategy, if any, for the regional area in which is situated the land to which the relevant planning instrument relates; and
- (f) has regard to the strategic plan, prepared under section 66 of the Local Government Act 1993, that applies in relation to the land to which the relevant planning instrument relates; and
- (g) as far as practicable, is consistent with and co-ordinated with any LPSs that apply to municipal areas that are adjacent to the municipal area to which the relevant planning instrument relates; and
- (h) has regard to the safety requirements set out in the standards prescribed under the Gas Safety Act 2019.

6 FINANCIAL IMPLICATIONS

There are no financial implications to Council.

7 RISK ISSUES

No risk issues to Council are identified.

8 CONSULTATION WITH STATE GOVERNMENT

The Council planning authority notified the Department of State Growth and TasWater of the draft amendment. Tas Water advised that it does not object and has no formal comments for the Tasmanian Planning Commission in relation to the matter.

The Department of State Growth provided the attached response, making the following comments:

Noise

State Growth notes that the land proposed to be rezoned to the General Residential Zone is adjacent to the Midland Highway (Perth bypass). Prior to construction of the Perth bypass, State Growth noise modelling identified that, once constructed, noise impacts may occur beyond the 50-metre road or railway attenuation area.

As part of the assessment of the suitability of the land for residential purposes, a contemporary noise assessment should be undertaken by the proponent to determine the actual extent of noise impacts. Without such an assessment, State Growth considers the draft amendment does not demonstrate consistency with policy RIN-P4 and actions RIN-A7 and RIN-A8 of the Northern Tasmania Regional Land Use Strategy (regional strategy).

Passenger Transport

Bus services in Perth were rerouted after construction of the Perth bypass. Services between Cressy, Longford and Launceston travel via the Midland Highway instead of Drummond Street which no longer connects to Illawarra Road.

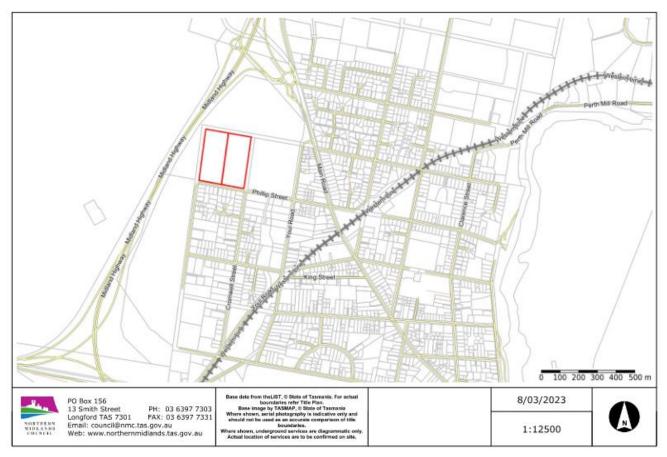

Services between Evandale and Launceston travel via Clarence Street. All services then travel along Main Road, where the main attractors such as shops and services are located. Bus services would not deviate into the western side of Perth as it is not a logical extension of the network.

The nearest bus stops for the subdivision are Main Road/Phillip Street which is 450-480m from the site, which is considered an acceptable walking distance.

In rural areas bus stops are typically 800 metres apart however some people may have to travel further to the bus stop.

Future subdivisions should be designed to ensure good connections to Main Road where the bus routes are. Access to the bus stops on Main Road can be improved by providing good pedestrian amenity such as cut-throughs, footpaths and pedestrian crossings.

[^]Location of subject site in relation to the Midland Highway

Response

Policy RIN-P4 and actions RIN-A7 and RIN-A8 of the Northern Tasmania Regional Land Use Strategy are:

RIN-P4 Recognise the Department of State Growth Road Hierarchy and protect the operation of major road and rail corridors (existing and planned) from development that will preclude or have an adverse effect upon existing and future operations.

RIN-A7 Protect the region's road and rail infrastructure network and enable a transition between compatible land uses and an adequate separation between conflicting development that would compromise safe and efficient operations of existing and future planned road and rail corridors.

RIN-A8 Protect strategic road corridors that are predominately State Roads (Category 1-3) under Tasmanian Road Hierarchy which include: The Midland Highway

The Perth Structure Plan identifies that the land could be subdivided to create around 55 residential lots.

It is submitted that a contemporary noise assessment should be undertaken by the proponent to determine the actual extent of noise impacts is required.

The Department's advice that the nearest bus stops for the subdivision are Main Road/Phillip Street which is 450-480m from the site, which is considered an acceptable walking distance, is noted.

The Department's comment regarding subdivision design is relevant to future applications for subdivision, but not to this draft amendment for rezoning.

9 COMMUNITY CONSULTATION

The draft amendment was placed on public notification from 23 January 2023 to 20 February 2023. No representations from the public were received.

10 OPTIONS FOR COUNCIL TO CONSIDER

Council can report to the Tasmanian Planning Commission that:

- The representation has merit, and the draft amendment should be rejected; or
- The representation does not have merit and the draft amendment should be approved.

11 OFFICER'S COMMENTS/CONCLUSION

The Land Use Planning and Approvals Act requires a draft amendment to the LPS to be consistent with the objective to protect public infrastructure and other assets and enable the orderly provision and co-ordination of public utilities and other facilities for the benefit of the community.

The Department of State Growth commented that:

The land proposed to be rezoned to the General Residential Zone is adjacent to the Midland Highway (Perth bypass). Prior to construction of the Perth bypass, State Growth noise modelling identified that, once constructed, noise impacts may occur beyond the 50-metre road or railway attenuation area.

As part of the assessment of the suitability of the land for residential purposes, a contemporary noise assessment should be undertaken by the proponent to determine the actual extent of noise impacts. Without such an assessment, State Growth considers the draft amendment does not demonstrate consistency with policy RIN-P4 and actions RIN-A7 and RIN-A8 of the Northern Tasmania Regional Land Use Strategy (regional strategy).

Policy RIN-P4 and actions RIN-A7 and RIN-A8 of the Northern Tasmania Regional Land Use Strategy are:

RIN-P4 Recognise the Department of State Growth Road Hierarchy and protect the operation of major road and rail corridors (existing and planned) from development that will preclude or have an adverse effect upon existing and future operations.

RIN-A7 Protect the region's road and rail infrastructure network and enable a transition between compatible land uses and an adequate separation between conflicting development that would compromise safe and efficient operations of existing and future planned road and rail corridors.

RIN-A8 Protect strategic road corridors that are predominately State Roads (Category 1-3) under Tasmanian Road Hierarchy which include: The Midland Highway

The Perth Structure Plan identifies that the land could be subdivided to create around 55 residential lots.

It is therefore considered that the draft amendment has the potential to adversely impact the operation of the state highway. It is submitted that a contemporary noise assessment should be undertaken by the proponent to determine the actual extent of noise impacts is required.

It is therefore recommended that the draft amendment be rejected.

Should the draft amendment not be rejected, it is recommended that the Perth Specific Area Plan, which applies to the General Residential Zone adjoining the land, should also apply to the subject land.

11.2 SECTION 40K REPORT ON DRAFT AMENDMENT 04 TO THE NORTHERN MIDLANDS LOCAL PROVISIONS SCHEDULE, 18 WILMORES LANE, 116, 120 & 140 CATHERINE STREET AND 130 BRICKENDON STREET, LONGFORD

File: 13/026/007/171

Responsible Officer: Des Jennings, General Manager Report prepared by: Paul Godier, Senior Planner

RECOMMENDATION

That the Council planning authority, under section 40K of the Land Use Planning and Approvals Act 1993, provide the Tasmanian Planning Commission with the report at attachment 11.2.1 of this report in relation to draft amendment 04 to the Northern Midlands Local Provisions Schedule:

- 1) Stating that, in relation to the merit of the representation, the planning authority is of the opinion that the draft amendment ought not to be modified; and
- 2) Stating that the draft amendment meets the LPS criteria; and
- 3) Recommending that the Tasmanian Planning Commission give its approval to the draft amendment.

1 PURPOSE OF REPORT

This report advises the Northern Midlands Council planning authority of a representation received to draft Amendment 04 to the Northern Midlands Local Provisions Schedule (LPS) and recommends a response to the Tasmanian Planning Commission (TPC).

2 INTRODUCTION/BACKGROUND

Under the Northern Midlands Interim Planning Scheme 2013, 18 Wilmores Lane, 116 Catherine Street, 120 Catherine Street, 140 Catherine Street and 130 Brickendon Street were zoned Rural Resource.

Council's draft LPS proposed to apply the Agriculture Zone to the land.

Representations to the draft LPS requested that 116 and 120 Catherine Street and 18 Wilmores be revised from the Agriculture Zone to the Rural Living Zone C.

The TPC held hearings into the representations to the draft LPS in June 2022. The TPC's decision was received on 4 October 2022:

The Commission agrees that the Rural Living Zone C is consistent with the regional strategy, and therefore is consistent with RLZ 2 (a). The Commission is of the opinion that the Rural Living Zone C should also be applied to 140 Catherine Street and 130 Brickendon Street in order to provide a contiguous zoning pattern in the area.

The TPC directed to the Northern Midlands Council to:

Revise the zoning of 18 Wilmores Lane (folio of the Register 116434/3), 116 Catherine Street (folio of the Register 168940/1) and 120 Catherine Street (folio of the Register 168940/2), 140 Catherine Street (folio of the register 116434/2) and 130 Brickendon Street, Longford (folio of the register 116434/1) to Rural Living Zone C.

Draft Amendment 04 to the Northern Midlands Local Provisions Schedule

Under section 35KB(1) of the Land Use Planning and Approvals Act 1993, the Tasmanian Planning Commission directed the Northern Midlands Council planning authority to prepare draft amendments under Part 3B of the Act, of the Northern Midlands Local Provisions Schedule.

Wilmores Lane, Catherine Street, and Brickendon Street, Longford

Apply the Rural Living Zone C to 18 Wilmores Lane (folio of the Register 116434/3), 116 Catherine Street (folio of the Register 168940/1) and 120 Catherine Street (folio of the Register 168940/2), 140 Catherine Street (folio of the register 116434/2), 130 Brickendon Street, Longford (folio of the register 116434/1) and adjoining road centrelines and reserved roads, as shown in Figure 1 below:

3 STRATEGIC PLAN & INTEGRATED PRIORITY PROJECTS PLAN

3.1 Strategic Plan 2021-2027

The Strategic Plan 2021-2027 provides the guidelines within which Council operates.

Lead: Serve with honesty, integrity, innovation and pride

Leaders with Impact

Strategic outcomes:

- 1.1 Council is connected to the community
- 1.2 Councillors serve with integrity and honesty

3.2 Integrated Priority Projects Plan 2021

This plan has been developed with a coordinated perspective to align with local, regional, state and federal plans. Rather than grouping projects by town or assembling a long list of 'nice to have' projects, this plan takes a Councilwide view of needs and opportunities in relation to the strategic investment drivers in the region. 5 STATUTORY REQUIREMENTS

5.1 Land Use Planning and Approvals Act 1993

40K. Report to Commission about draft amendments

- (1) A planning authority, within 35 days after the end of the exhibition period in relation to a draft amendment of an LPS in relation to the municipal area of the planning authority or a longer period allowed by the Commission, must provide to the Commission a report in relation to the draft amendment of an LPS.
- (2) The report by a planning authority in relation to the draft amendment of an LPS is to contain -
- (a) a copy of each representation made under section 40J in relation to the draft amendment before the end of the exhibition period in relation to the draft amendment, or, if no such representations were made before the end of the exhibition period, a statement to that effect; and
- (b) a copy of each representation, made under section 40J in relation to the draft amendment after the end of the exhibition period in relation to the draft amendment, that the planning authority, in its discretion, includes in the report; and
- (c) a statement of the planning authority's opinion as to the merit of each representation included under paragraph (a) or (b) in the report, including, in particular, as to –
- (i) whether the planning authority is of the opinion that the draft amendment ought to be modified to take into account the representation; and
- (ii) the effect on the draft amendment, and the LPS to which it relates, as a whole, of implementing the recommendation; and
- (d) a statement as to whether it is satisfied that the draft amendment of an LPS meets the LPS criteria; and
- (e) any recommendations in relation to the draft amendment that the planning authority thinks fit.
- (3) Without limiting the generality of subsection (2)(e), the recommendations in relation to a draft amendment of an LPS may include recommendations as to whether –
- (a) a provision of the draft amendment of an LPS is inconsistent with a provision of the SPPs; or
- (b) the draft amendment of an LPS should, or should not, apply a provision of the SPPs to an area of land; or
- (c) the draft amendment of an LPS should, or should not, contain a provision that an LPS is permitted under section 32 to contain.
- (4) A planning authority must not include in a recommendation in relation to a draft amendment of an LPS a recommendation to the effect that the content of a provision of the SPPs should be altered.

6 FINANCIAL IMPLICATIONS

There are no financial implications to Council.

7 RISK ISSUES

No risk issues to Council are identified.

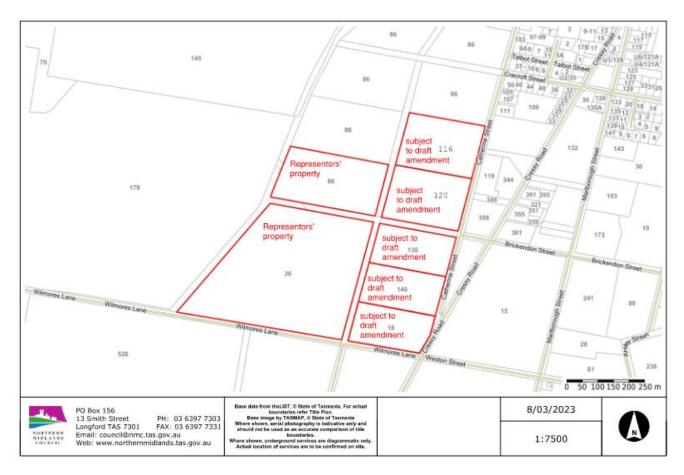

8 CONSULTATION WITH STATE GOVERNMENT

The Council planning authority notified the Department of State Growth and TasWater of the draft amendment. Tas Water advised that it does not object and has no formal comments for the Tasmanian Planning Commission in relation to the matter. The Department of State Growth did not provide a submission.

9 COMMUNITY CONSULTATION

The draft amendment was placed on public notification from 23 January 2023 to 20 February 2023. One representation (attached) was received, from Rebecca Green & Associates on behalf of Martin and Nerinda McConnon, owners of 26 Wilmores Lane, Longford (CT54261/7) and Lot 6 Catherine Street, Longford (CT54260/6). The representation is considered in this report.

^Location of representors' properties in relation to the subject site

I have been engaged by the owners of 26 Wilmores Lane, Longford (CT54261/7) and Lot 6 Catherine Street, Longford (CT54260/6), Martin and Nerinda McConnon to lodge a representation on their behalf against the proposed draft amendment 04, to the Local Provisions Schedule of the Tasmanian Planning Scheme – Northern Midlands. My clients properties, are located immediately to the west of the lands subject to the draft amendment, together with a licenced portion of the unmade section of Wilmores Lane in which they are licensees (DPIPWE Ref: 256669).

In 2016 a residential use was approved by the Council (P16-154) at 18 Wilmores Lane within the Rural Resource Zone under the Northern Midlands Interim Planning Scheme 2013. The residential use (dwelling and sheds) was applied for and approved as the use was considered at the time of approval to not constrain or conflict with resource development uses on adjoining land, and vice versa. In 2017 a residential use was approved (P17-094) at 140 Catherine Street with the same justification as P16-154. Similarly, a new residence has been recently constructed at 130 Brickendon Street.

My clients sought and gained planning approval in February 2019 (PLN18-0312) on land at 26 Wilmores Lane for a dwelling and shed as it was demonstrated that the dwelling was integral and subservient to resource development under P1.1 a) of 26.3.2 of the Northern Midlands Interim Planning Scheme 2013. Intensive grazing was proposed, and hay production in relation to my clients established Hampshire Down sheep stud. To date the resource development use is established and the shed has been constructed.

My clients have concerns that a change in zoning from Agriculture to Rural Living C on the adjacent properties to the east will impose further constraints on their ability to use the land for resource development, and potential further uses that supports the use of the land for agricultural uses.

The Rural Living Zone use table allows a greater number of permissible land uses, particularly of note is the No Permit Required use classification of a single dwelling, which would have no consideration of the constraints on adjoining land in the Agriculture zone a residential use may pose, where these two zones will be bordering each other.

The proposed zone change is inconsistent with the LPS criteria in that it is not consistent with the regional land use strategy and there is no strategic plan, prepared under section 66 of the Local Government Act 1993, that applies in relation to the subject lands. A strategic review of the settlement strategy of Longford must be undertaken firstly to determine if any changes to the zoning are warranted. This draft amendment is therefore premature.

It is noted that AZ6(e) of Guideline No.1 provides that land identified as potentially suitable for agriculture may be considered for alternative zoning if the land has limited or no potential for agriculture. This may be the case for the lands subject to the draft amendment, provided that agricultural assessment provides sufficient evidence to support the conclusion that the lands have limited agricultural potential and that the Rural Zone should be applied instead of the Rural Living Zone due to the lack of local strategic plans/ structure plans at this point in time for the area.

My clients therefore strongly oppose the draft amendment 04 for the Rural Living zone to be applied to land adjoining their properties due to demonstrated and future potential land use conflict and constraints for agricultural use(s) and believe that as there is a lack of local strategic plans for the area, the change is zoning is premature.

Response: Completion Certificates under the *Building Act 2016* have been issued for single dwellings on 18 Wilmores Lane (P16-154), 140 Catherine Street (P17-222), and 130 Brickendon Street (B21-81). A house exists on 120 Catherine Street (folio of the Register 168940/1) is vacant.

The concern raised in the representation regarding the impact of uses permitted in the Rural Living Zone on the agricultural use of the land is considered to be without merit for the following reasons.

Completion Certificates under the *Building Act 2016* have been issued for single dwellings on 18 Wilmores Lane (P16-154), 140 Catherine Street (P17-222), and 130 Brickendon Street (B21-81). A house exists on 120 Catherine Street (folio of the Register 168940/2). 116 Catherine Street (folio of the Register 168940/1) is vacant.

Under the Rural Living C Zone:

- New lots can be no smaller than 4.5ha, in accordance with clause 11.5.1 P1. None of the lots subject to the draft amendment could be further subdivided as they all have an area less than 9ha.
- Multiple Dwellings are prohibited.
- To comply with the acceptable solution, a building for sensitive use must be separated from an agricultural use not less than 200m or if the setback of an existing building is within 200m, not less than the existing building
- Visitor accommodation permitted use. If located in a new building must be separated from an agricultural use not less than 200m or if the setback of an existing building is within 200m, not less than the existing building or comply with the performance criteria:
- Buildings for a sensitive use must be sited so as to not conflict or interfere with uses in the Agriculture Zone or Rural Zone, having regard to: (a) the size, shape and topography of the site; (b) the separation of any existing buildings for sensitive uses on adjoining properties; (c) the existing and potential use of adjoining properties; (d) any proposed attenuation measures; and (e) any buffers created by natural or other features

Consideration is given to the following alternative zones:

Rural Zone. Domestic Animal Breeding, Boarding or Training, and Storage, if for (a) a contractors yard; (b) freezing
and cooling storage; (c) grain storage; (d) a liquid, solid or gas fuel depot; or (e) a woodyard are Permitted uses,
with buildings for these uses to be setback at least 5m from all boundaries. Such permitted uses have the
potential to impact on the amenity of the existing dwellings on adjoining land. Application of the Rural Zone to the
land is therefore not supported.

Low Density Residential Zone. This zone is considered inappropriate as it allows multiple dwellings as a discretionary use, with setbacks of at least 5m from all boundaries. It is noted that if the land were zoned Low Density Residential and the Longford Specific Area Plan NOR-S6.0 were applied to the land, multiple dwellings would be prohibited under clause NOR-S6.5 and lot size would be an absolute minimum of 8,000m2 under clause NOR-S6.8.3.

The Northern Midlands Council Strategic Plan 2021-2027 was adopted at the Council meeting held on 16 August 2021. The Strategic Plan applies to the Northern Midlands Municipality and therefore applies to the subject lands. The draft amendment is not inconsistent with the Strategic Plan

10 OPTIONS FOR COUNCIL TO CONSIDER

Council can report to the Tasmanian Planning Commission that:

- The representation does not have merit and the draft amendment should be approved; or
- The representation has merit, the draft amendment does not meet the LPS criteria, and the draft amendment should be rejected; or
- The representation has merit, the draft amendment does not meet the LPS criteria, and the draft amendment should be modified to the Rural Zone; or
- The representation has merit, the draft amendment does not meet the LPS criteria, and the draft amendment should be modified to the Low Density Residential Zone and be subject to the Longford Specific Area Plan.

11 OFFICER'S COMMENTS/CONCLUSION

The draft amendment is considered to meet the LPS criteria as discussed in the attached report. It is found that the Rural Living C Zone has provisions for the protection of land in the Agriculture Zone, the lots are already developed with single dwellings and the zone does not allow for further subdivision or multiple dwellings.

11.3 SECTION 40K REPORT ON DRAFT AMENDMENT 06 TO THE NORTHERN MIDLANDS LOCAL PROVISIONS SCHEDULE, FOLIO OF THE REGISTER 169994/1, HONEYSUCKLE ROAD, ROSS

File: 13/026/007/171

Responsible Officer: Des Jennings, General Manager Report prepared by: Paul Godier, Senior Planner

RECOMMENDATION

That the Council planning authority, under section 40K of the *Land Use Planning and Approvals Act 1993*, provide the Tasmanian Planning Commission with the report at attachment 11.3.1 of this report in relation to draft amendment 06 to the Northern Midlands Local Provisions Schedule:

- 1) Stating that in relation to the merit of the representation, the planning authority is of the opinion that the draft amendment ought not to be modified; and
- 2) Stating that the draft amendment meets the LPS criteria; and
- 3) Recommending that the Tasmanian Planning Commission give its approval to the draft amendment.

1 PURPOSE OF REPORT

This report advises the Northern Midlands Council planning authority of a representation received to draft Amendment 06 to the Northern Midlands Local Provisions Schedule (LPS) and recommends a response to the Tasmanian Planning Commission (TPC).

2 INTRODUCTION/BACKGROUND

Folio of the Register 169994/1 (the Land) was zoned Rural Resource and Priority Habitat under the Northern Midlands Interim Planning Scheme 2013. The Land is subject to a Restrictive Covenants pursuant to section 34 of the *Nature Conservation Act 2002*.

Council's draft Local Provisions Schedule (LPS) proposed to zone the land Agriculture. The State Planning Provisions do not allow a Priority Vegetation Area to be applied to the Agriculture Zone.

Representations to the draft LPS requested that land with a restrictive covenant pursuant to section 34 Nature Conservation Act be zoned Landscape Conservation or Rural and that the Priority Vegetation Area be applied.

The Tasmanian Planning Commission (TPC) held hearings into the representations to the draft LPS in June 2022. The TPC's decision was received on 4 October 2022. Regarding the land the decision states:

The representors requested that land subject to conservation covenants, or land which is not included in the State land potentially suitable for the agriculture zone mapping, be revised to the Landscape Conservation Zone or the Rural Zone. The rezoning of these titles to either the Rural Zone or Landscape Conservation Zone would allow the Priority Vegetation Area overlay to be applied.

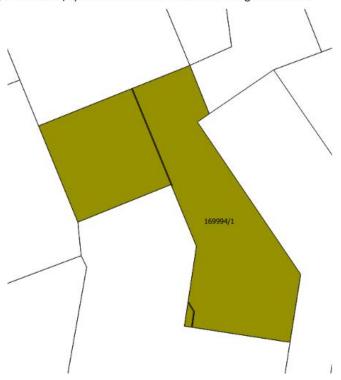

Commission decision under section 35KB

201. Draft amendment directed to the Northern Midlands LPS:

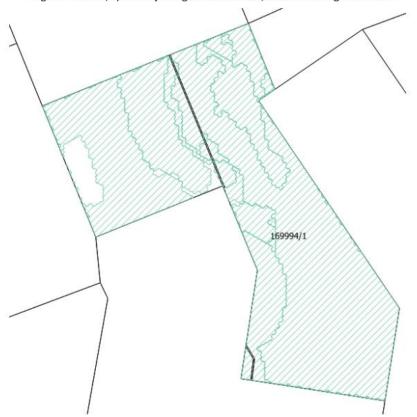

Revise the zoning of properties (including Folio of the Register 169994/1) to Landscape Conservation and apply the Priority Vegetation Area overlay consistent with the Regional Ecosystem Model as show below:

Apply the Landscape Conservation Zone to Honeysuckle Road, Ross (folio of the Register 169994/1) and reserved road as shown in Figure 5 below:

Apply the Priority Vegetation Area overlay to Honeysuckle Road, Ross (folio of the Register 169994/1) and adjoining reserved roads, as shown in Figure 6 below:

5 STATUTORY REQUIREMENTS

5.1 Land Use Planning and Approvals Act 1993

40K. Report to Commission about draft amendments

- (1) A planning authority, within 35 days after the end of the exhibition period in relation to a draft amendment of an LPS in relation to the municipal area of the planning authority or a longer period allowed by the Commission, must provide to the Commission a report in relation to the draft amendment of an LPS.
- (2) The report by a planning authority in relation to the draft amendment of an LPS is to contain –
- (a) a copy of each representation made under section 40J in relation to the draft amendment before the end of the exhibition period in relation to the draft amendment, or, if no such representations were made before the end of the exhibition period, a statement to that effect; and

- (c) the draft amendment of an LPS should, or should not, contain a provision that an LPS is permitted under section 32 to contain.

(4) A planning authority must not include in a recommendation in relation to a draft amendment of an LPS a recommendation to the effect that the content of a provision of the SPPs should be altered.

6 FINANCIAL IMPLICATIONS

There are no financial implications to Council.

7 RISK ISSUES

No risk issues to Council are identified.

8 CONSULTATION WITH STATE GOVERNMENT

The Council planning authority notified the Department of State Growth of the draft amendment. Tas Water advised that it does not object and has no formal comments for the Tasmanian Planning Commission in relation to the matter. The Department of State Growth did not provide a submission.

9 COMMUNITY CONSULTATION

The draft amendment was placed on public notification from 23 January 2023 to 20 February 2023. One representation (attached) was received from Peter White on behalf of Peter, Jae and Brock White.

The representation states:

I wish to apply for a grazing permit to our land with reference folio of the Register 169994/1.

We have owned this land since April 2015 and now that I have retired, we need to be able to graze the property to generate some form of income.

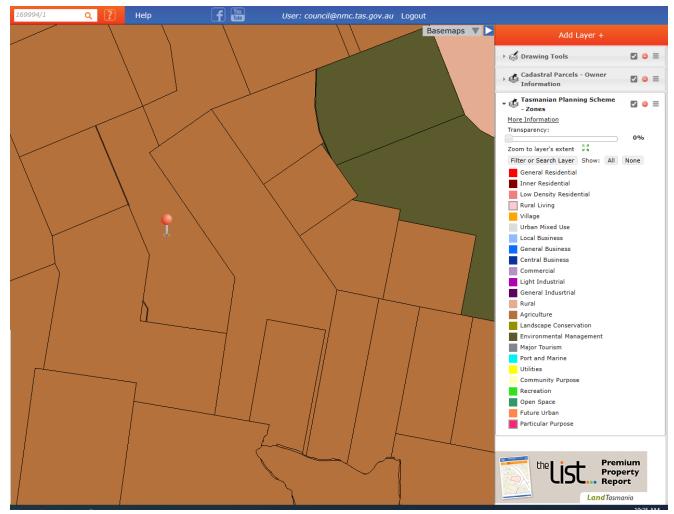

This income is required to repair and, in most instances, replace the boundary fences that have had no attention for many years by the previous owners and adjoining neighbours.

We look forward to a favourable response to our request regarding grazing permission.

In relation to grazing, the restrictive covenant states that the owner agrees not to introduce exotic species except livestock for grazing the land as the Minister authorises in writing. This applies regardless of zone the Land is in.

The Landscape Conservation Zone does not prohibit grazing. Grazing (resource development) is a discretionary use in the Landscape Conservation Zone and must be compatible with landscape values having regard to the nature, scale and extent of the use, the characteristics and type of the use, the landscape values of the site, the landscape value of the surrounding area, and measures to minimize or mitigate impacts.

Grazing is 'no permit required' in the Rural zone and the Agriculture zone. Under the State Planning Provisions, a Priority Vegetation Area can be applied to the Rural Zone and the Landscape Conservation Zone, but it cannot be applied to the Agriculture Zone.

^Subject site – Agriculture Zone

10 OPTIONS FOR COUNCIL TO CONSIDER

Council can report to the Tasmanian Planning Commission that:

- The representation does not have merit and the draft amendment should be approved; or
- The representation has merit, the land should be zoned Rural, or Agriculture, and the draft amendment should be rejected.

11 OFFICER'S COMMENTS/CONCLUSION

The draft amendment is considered to meet the LPS criteria as discussed in the attached report. It is found that the Landscape Conservation Zone provisions allow for a permit for grazing to be applied, while allowing the application of the Priority Vegetation Area to the land.

13 GOVERNANCE REPORTS

13.1 AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION (ALGA) - 2023 NATIONAL GENERAL ASSEMBLY OF LOCAL GOVERNMENT: CALL FOR MOTIONS AND CONFERENCE ATTENDANCE

Responsible Officer: Des Jennings, General Manager Report prepared by: Des Jennings, General Manager

RECOMMENDATION

That Council

- a) note the report and the provision within the policy for
 - i) Mayor Mary Knowles, and
 - ii) Deputy Mayor Lambert

to attend the 2023 National General Assembly of Local Government to be held in Canberra from 13 to 16 June 2023; and

- b) submit the following motions for consideration at the ALGA conference:
 - i)
 - ii) ..

1 PURPOSE OF REPORT

The purpose of this report is to determine any notices of motion to be submitted for consideration at the 2023 National General Assembly of Local Government Conference to be held at the National Convention Centre in Canberra from 13 to 16 June 2023.

2 INTRODUCTION/BACKGROUND

Convened annually by the Australian Local Government Association (ALGA), the National General Assembly (NGA) of Local Government is the peak annual event for Local Government, the event provides a unique opportunity for Local Government to engage directly with the Federal Government, to develop national policy and to influence the future direction of councils and our communities.

The theme for the 2023 Annual event is *Our Communities, Our Future*, this theme conveys the critical importance of our communities, how they are the focus of our attention, and how they are at the centre of all our work. Our communities are the reason that local governments exist, and it is the health and wellbeing of our communities that will shape Australia's future.

The attached discussion paper is a call for councils to submit motions for debate at the 2023 NGA. A notice of motion to this year's NGA should either:

- Focus on practical and deliverable programs and policies that the Australian Government can support and work directly with the local government sector to build our communities; or
- New program ideas that would help the local government sector to deliver national objectives.

Motions should be concise, practical and able to be implemented, and must also meet the guidelines for motions outlined in the discussion paper.

Each year, the Australian Local Government Association (ALGA) writes to Councils inviting them to participate in that year's National General Assembly (NGA) by submitting a notice of motion.

Motions must be lodged electronically using the online form and be received no later than **11:59pm on Friday 24 March 2023**.

a) Submission of Motions

To be eligible for inclusion in the NGA Business Papers, and subsequent debate on the floor of the NGA, motions must meet the following criteria:

- Be relevant to the work of local government nationally.
- Not be focused on a specific jurisdiction, location or region unless the project or issue has national implications.
- Be consistent with the themes of the NGA.
- Complement or build on the policy objectives of ALGA and your state or territory local government association.
- Be submitted by a council which is a financial member of their state or territory local government association.
- Propose a clear action and outcome i.e. call on the Australian Government to act on something.
- Not be advanced on behalf of external third parties that may seek to use the NGA to apply pressure to Board members, or to gain national political exposure for positions that are not directly relevant to the work of, or in the national interests of, local government.
- Address issues that will directly improve the capacity of local government to deliver services and infrastructure for the benefit of all Australian communities.
- Not seek to advance an outcome that would result in a benefit to one group of councils to the detriment of another.
- Be supported by sufficient evidence to support the outcome being sought and demonstrate the relevance and significance of the matter to local government nationally.

Motions must commence with the following wording: *This National General Assembly calls on the Australian Government to* ...

The attached discussion paper provides guidance to councils developing Motions for Debate at the National General Assembly.

b) The Conference

This year, the National General Assembly of Local Government is to be held in Canberra from 13 to 16 June.

3 STRATEGIC PLAN & INTEGRATED PRIORITY PROJECTS PLAN

3.1 Strategic Plan 2021-2027

The Strategic Plan 2021-2027 provides the guidelines within which Council operates.

Lead: Serve with honesty, integrity, innovation and pride Leaders with Impact

Strategic outcomes:

- 1.2 Councillors serve with integrity and honesty
- 1.3 Management is efficient, proactive and responsible

3.2 Integrated Priority Projects Plan 2021

This plan has been developed with a coordinated perspective to align with local, regional, state and federal plans. Rather than grouping projects by town or assembling a long list of 'nice to have' projects, this plan takes a Councilwide view of needs and opportunities in relation to the strategic investment drivers in the region. This matter has relevance to:

Not applicable.

4 POLICY IMPLICATIONS

Attendance at the conference is in accordance with Council's *Councillors Allowances, Travelling & Other Expenses* Policy, as follows:

6. CONFERENCES & SEMINARS

The budget will be allocated to the following conferences

LGAT & LGMA conference to be attended by up to 6 councillors

ALGA conference attended by Mayor & Deputy Mayor

Australian Roads conference attended by 1 councillor

'Other' conferences and seminar sessions as approved.

Attendance to all conferences, seminars and training sessions with a cost in excess of \$150 are to be in compliance with a resolution of the Council, except on emergency situations, where approval must be given by a unanimous approval from Council Executive.

Attendance to all conferences, seminars and training sessions with a cost in excess of \$200 are to be in compliance with a resolution of the Council, except on emergency situations, where approval must be given by a unanimous approval from Council Executive.

Following attendance of a conference by any councillor, a report must be submitted to Council setting out the relevance to local government, and the benefits that can be further investigated by Council. Where two or more councillors attend a conference, a joint report may be submitted.

5 STATUTORY REQUIREMENTS

N/a.

6 FINANCIAL IMPLICATIONS

There is no fee to submit a motion.

Council each year allocates a budget for elected members to attend conferences and professional development, the 2022/2023 budget allocation is \$20,140. An amount of \$9,468 has been expended to end February 2023, with \$10,672 still available of the allocation.

Registration costs are as follows:

- Registration per attendee Early Bird \$895 before 19 May 2023;
- Registration per attendee for Virtual Delegates \$689;
- Registration for the Regional forum is \$425
- Accommodation prices at approximately \$350 to \$500 per night.
- Return flights to Canberra are approximately \$500 to \$1,200;

Historically, two elected members and the General Manager have attended the NGA Conference.

7 RISK ISSUES

There is no risk in submitting a motion to the NGA.

10 OPTIONS FOR COUNCIL TO CONSIDER

Council is to consider whether or not to submit a motion or motions to the 2023 National General Assembly of Local Government conference.

11 OFFICER'S COMMENTS/CONCLUSION

The report provides the necessary background to the conference.

Advice on Council's nominated representatives (or expressions of interest from Councillors) is sought along with notice of motions.

Motions must be lodged electronically using the online form and be received no later than **11:59pm on Friday 24 March 2023**.

It should be noted the ALGA Program for the NGA has not yet been made available and will be circulated on receipt thereof.

13.2 LOCAL ROADS AND COMMUNITY INFRASTRUCTURE PROGRAM - LAYCOCK STREET PLAYGROUND

Responsible Officer: Des Jennings, General Manager Report prepared by: Lorraine Green, Project Officer

RECOMMENDATION

That Council approve the nomination of the Laycock Street (Longford) Playground Development project for funding through Phase Four of the Local Roads and Community Infrastructure Program, with the Laycock Street Playground project to receive \$500,768.

1 PURPOSE OF REPORT

The purpose of this report is to:

- i) provide Council with background on the Federal Government's Local Roads and Community Infrastructure Program (LRCI), and
- ii) seek Council's approval for the nomination of the Laycock Street Playground Development project for funding through Phase Four of the LRCI Program.

2 INTRODUCTION/BACKGROUND

The Federal Government created the LRCI Program in 2020 to support all Australian Councils to deliver priority local road and community infrastructure projects to achieve a community-led recovery from COVID-19 by supporting local jobs, firms and procurement (Councils are required to, where possible, use local businesses and workforces to deliver the projects). The Program is administered by the Department of Infrastructure, Transport, Regional Development, Communications and the Arts.

The Federal Government determines the funding allocation to each Council by a formula that takes into account road length and population. Councils are required to nominate projects for approval by the Federal Government Delegate.

The LCRI Program is now entering its fourth year of funding.

In Phase One of the Program Council received \$960,936; \$993,841 in Phase Two, and \$1,921,874 in Phase Three, with this funding allocated as follows:

Phase One:

•	Longford Sports Centre Upgrade and Expansion:	\$ 575,936
•	Ross Village Green Development:	\$ 385,000

Phase Two:

•	Cressy Swimming Pool Complex Upgrade:	\$ 200,000	
•	Cressy Recreation Ground Upgrade:	\$ 107,571	
•	Gatty Street Western Junction Detention Basin:	\$ 126,270	
•	Longford Waste Transfer Station Recycling Centre:	\$ 100,000	
•	Longford Sports Centre Squash Courts Upgrade:	\$ 50,000	
•	Seccombe Street Reserve Perth Amenities Facility:	\$ 60,000	
•	Talisker Street Perth Amenities Facility:	\$ 100,000	
•	Perth Recreation Ground Electronic Scoreboard:	\$ 90,000	
•	Campbell Town War Memorial Oval Irrigation System	\$ 160,000	

Phase Three:

Perth Early Learning Centre Development: \$ 1,121,874
 Cressy Swimming Pool Complex Upgrade: \$ 600,000
 Cressy Recreation Ground Upgrade: \$ 100,000
 Pioneer Park Evandale Playground Redevelopment: \$ 100,000

(The Phase Three projects have a completion deadline of 30 June 2023. The playground redevelopment has experienced delays and the plan for the playground has yet to be finalised. As this project cannot be completed by 30 June 2023, Council has requested the funding be reallocated to the redevelopment of the Pioneer Park public toilet block).

The Federal Government originally allocated \$500 million to Phase Four of the LRCI Program, and Council was advised our allocation was \$960,937. The Albanese Government has allocated a further \$250 million to Phase Four of the Program and Council has not yet been advised of the allocation made to the Northern Midlands.

It is anticipated Council will within the next month be requested to nominate projects for funding through Phase Four. Council has been advised the funding will be allocated from 1 July 2023, with projects to be delivered by 30 June 2025.

3 STRATEGIC PLAN & INTEGRATED PRIORITY PROJECTS PLAN

3.1 Strategic Plan 2021-2027

The Strategic Plan 2021-2027 provides the guidelines within which Council operates.

Lead: Serve with honesty, integrity, innovation and pride

Leaders with Impact

Strategic outcomes:

- 1.1 Council is connected to the community
- 1.2 Councillors serve with integrity and honesty
- 1.3 Management is efficient, proactive and responsible
- 1.4 Improve community assets responsibly and sustainably

Progress: Economic health and wealth - grow and prosper

Strategic Project Delivery - Build Capacity for a Healthy Wealthy Future

Strategic outcomes:

2.1 Strategic, sustainable, infrastructure is progressive

People: Culture and society - a vibrant future that respects the past

Sense of Place - Sustain, Protect, Progress

Strategic outcomes:

3.4 Towns are enviable places to visit, live and work

Place: Nurture our heritage environment

Environment - Cherish, Sustain our Landscapes and Preserve, Protect Our Built Heritage for Tomorrow Strategic outcomes:

4.4 Our heritage villages and towns are high value assets

3.2 Integrated Priority Projects Plan 2021

This plan has been developed with a coordinated perspective to align with local, regional, state and federal plans. Rather than grouping projects by town or assembling a long list of 'nice to have' projects, this plan takes a Councilwide view of needs and opportunities in relation to the strategic investment drivers in the region. This matter has relevance to:

6 FINANCIAL IMPLICATIONS

Council at its February 2023 Meeting resolved to fund \$460,169 of the Longford Memorial Hall Upgrade Project from the LRCI Phase Four allocation of \$960,937.

The Laycock Street Playground Development project in its entirety (including the amenities block and a half-court basketball court) has been costed at \$513,516.

The Memorial Hall Upgrade project will be nominated for a LRCI Program allocation of \$460,169, and it is proposed that the Laycock Street Playground Development be nominated for the remaining \$500,768. As this level of funding is less than the estimated project cost, it is proposed that the half-court basketball court be removed from this stage of the playground's development, as this component of the development was not included in the concept plan that went out for community consultation.

7 RISK ISSUES

If Council is in a position to nominate projects for funding through Phase Four of the LRCI Program as soon as the call for nominations is announced, this will ensure Council is one of the first of the 537 responses the Delegate will receive for approval, and if approved, will allow Council sufficient time to complete the projects by the deadline of 30 June 2025.

8 CONSULTATION WITH STATE GOVERNMENT

N/A

9 COMMUNITY CONSULTATION

The draft landscape concept plan was received in October 2021 and was released for community consultation in late November 2021 via a feature in the Northern Midlands Courier, Council's facebook page and display at the Council Offices. The closing date for community feedback was 31 January 2022. One response was received from Councillor Brooks who advised several local residents had suggested the incorporation of a basketball court – full or half size.

10 OPTIONS FOR COUNCIL TO CONSIDER

Council can either approve or not approve the nomination of the Laycock Street Playground Development for funding through Phase Four of the LRCI Program.

11 OFFICER'S COMMENTS/CONCLUSION

The LRCI Program has over the past four years enabled Council to ensure Federal Government stimulus funding flows into our local communities. Phase Four of the LRCI Program will enable Council to continue partnering with the Federal Government to build infrastructure that delivers benefits and supports jobs in our local communities.

5 STATUTORY REQUIREMENTS

Road closures must be completed in accordance with legislative and Australian standard requirements.

6 FINANCIAL IMPLICATIONS

A budget allocation of \$16,500 has been approved for costs relative to ANZAC Day Services.

7 RISK ISSUES

A risk is presented when implementing a road closure. Engagement of qualified traffic management operators to implement traffic management is required to mitigate the risk.

3 STRATEGIC PLAN & INTEGRATED PRIORITY PROJECTS PLAN

3.1 Strategic Plan 2021-2027

The Strategic Plan 2021-2027 provides the guidelines within which Council operates.

Progress: Economic health and wealth - grow and prosper

Strategic Project Delivery - Build Capacity for a Healthy Wealthy Future

Strategic outcomes:

2.1 Strategic, sustainable, infrastructure is progressive

People: Culture and society - a vibrant future that respects the past

Sense of Place - Sustain, Protect, Progress

Strategic outcomes:

- 3.1 Sympathetic design respects historical architecture
- 3.2 Developments enhance existing cultural amenity
- 3.4 Towns are enviable places to visit, live and work

Place: Nurture our heritage environment

Environment - Cherish, Sustain our Landscapes and Preserve, Protect Our Built Heritage for Tomorrow Strategic outcomes:

- 4.1 Cherish and sustain our landscape
- 4.2 Meet environmental challenges
- 4.4 Our heritage villages and towns are high value assets

3.2 Integrated Priority Projects Plan 2021

This plan has been developed with a coordinated perspective to align with local, regional, state and federal plans. Rather than grouping projects by town or assembling a long list of 'nice to have' projects, this plan takes a Council-wide view of needs and opportunities in relation to the strategic investment drivers in the region. This matter has relevance to:

Enabling Project/s:

Projects which are considered to be incrementally important – usually by improving existing facilities or other complementary upgrades to infrastructure (does not include Council's business as usual projects including renewal and maintenance of existing assets)

5.4 Subdivisions:

Several at Cressy, Evandale, Longford & Perth - the Northern Midlands Council is a planning authority with responsibilities specified in the Land Use Planning and Approvals Act 1993 (LUPAA). These responsibilities include developing planning schemes, proposing amendments to planning schemes, supporting or rejecting changes proposed by others and making decisions on individual developments in accordance with the planning scheme. Several significant subdivisions in the Northern Midlands region have recently been identified and are in various stages of conceptual design or planning.

4 STATUTORY REQUIREMENTS

4.1 Land Use Planning & Approvals Act 1993

The planning process is regulated by the *Land Use Planning & Approvals Act 1993*, section 43 of which requires Council to observe and enforce the observance of its planning scheme.

4.2 Building Act 2016

The Building Act 2016 requires Council to enforce compliance with the Act.

5 RISK ISSUES

Lack of public awareness is a risk to Council. If people are not aware of requirements for planning, building and plumbing approvals, this may result in work without approval. Council continues to promote requirements to ensure the public is aware of its responsibility when conducting development.

6 COMMUNITY CONSULTATION

Discretionary applications are placed on public notification in accordance with Section 57 of the Land Use Planning &

Approvals Act 1993.

From time to time, articles are placed in the Northern Midlands Courier and on Council's Facebook page, reminding the public of certain requirements.

7 OFFICER'S COMMENTS/CONCLUSION

There have been 3 commercial building approvals valued a total of \$16,000,000 for 2022/23 (year to date) compared to 19 commercial building approvals valued a total of \$13,275,930 (year to date) for 2021/2022.

In total, there have been 148 building approvals valued at \$43,963,113 (year to date) for 2022/2023 compared to 148 building approvals valued at \$34,861,429 (year to date) for 2021/22.

RECOMMENDATION

That Council:

- i) receive and note the Monthly Financial Report for the period ending 28 February 2023, and
- ii) authorise Budget 2022/23 alterations as listed in Item 4.

1 PURPOSE OF REPORT

The purpose of this report is to present the monthly financial reports as at 31 March 2023.

2 INTRODUCTION/BACKGROUND

The Monthly Financial Summary for the period ended 31 March 2023 is circulated for information.

3 STRATEGIC PLAN & INTEGRATED PRIORITY PROJECTS PLAN

3.1 Strategic Plan 2021-2027

The Strategic Plan 2021-2027 provides the guidelines within which Council operates.

Lead: Serve with honesty, integrity, innovation and pride

Leaders with Impact

Strategic outcomes:

- 1.1 Council is connected to the community
- 1.2 Councillors serve with integrity and honesty
- 1.3 Management is efficient, proactive and responsible
- 1.4 Improve community assets responsibly and sustainably

3.2 Integrated Priority Projects Plan 2021

This plan has been developed with a coordinated perspective to align with local, regional, state and federal plans. Rather than grouping projects by town or assembling a long list of 'nice to have' projects, this plan takes a Councilwide view of needs and opportunities in relation to the strategic investment drivers in the region.

15.2 AUDIT COMMITTEE: EXPRESSIONS OF INTEREST - MEMBERSHIP

File: N/a

Responsible Officer: Maree Bricknell, Corporate Services Manager
Report prepared by: Maree Bricknell, Corporate Services Manager

RECOMMENDATION

That Council appoint Ms Jan Lynch as member / chairperson of the Northern Midlands Council Audit Committee for a term of four years.

1 PURPOSE OF REPORT

The purpose of this report is to appoint an independent Audit Committee member/s.

2 INTRODUCTION/BACKGROUND

All Tasmanian Councils are required to maintain an audit committee/panel. Northern Midlands Council has operated an Audit Committee since 2013 with two external independent members along with two councillors, supported by ex officio members including senior governance, finance and risk management staff.

The process for establishment of an Audit Committee is under section 24 of the Local Government Act 1993 as a Special Committee of the Council. The procedures for the conduct of meetings of the Audit Committee are in accordance with the Local Government (Meeting Procedures) 2005.

The Council adopted an updated Audit Committee Policy in February 2022 setting out its terms of reference.

A distinguishing feature of an audit committee is its independence and objectivity from management and governance functions. For councils, an audit committee provides an independent mechanism to review council processes and decision making. However, they are not responsible for management activities, nor can they act as a substitute for management controls or the accountability functions of a council.

The Council called for nominations for independent member/s of its Audit Committee in the Examiner newspaper on 25th and 28th January 2023, and nominations closed on Friday 24th February 2023.

An audit committee must have between three and five members and:

- If the committee has three members, at least one must be an independent person,
- If the committee has four or five members, a minimum of two must be independent persons,
- May contain a councillor/s, other than the mayor of council,
- May be appointed for a period of one to four years, and can be reappointed once their term expires.

An audit committee must not contain:

- The general manager, mayor or a council employee of the council, or
- A councillor or employee of another council.

3 STRATEGIC PLAN 2021-2027

3.1 Strategic Plan 2021-2027

The Strategic Plan 2021-2027 provides the guidelines within which Council operates.

Lead: Serve with honesty, integrity, innovation and pride Leaders with Impact

Strategic outcomes:

- 1.1 Council is connected to the community
- 1.2 Councillors serve with integrity and honesty
- 1.3 Management is efficient, proactive and responsible
- 1.4 Improve community assets responsibly and sustainably

3.2 Integrated Priority Projects Plan 2021

This plan has been developed with a coordinated perspective to align with local, regional, state and federal plans. Rather than grouping projects by town or assembling a long list of 'nice to have' projects, this plan takes a Councilwide view of needs and opportunities in relation to the strategic investment drivers in the region. This matter has relevance to:

Not applicable.

4 POLICY IMPLICATIONS

Council adopted an updated Audit Committee Policy in February 2022 setting out its terms of reference.

5 STATUTORY REQUIREMENTS

The process for establishment of an Audit Committee is under section 24 of the Local Government Act 1993 as a Special Committee of the Council. The procedures for the conduct of meetings of the Audit Committee are in accordance with the Local Government (Meeting Procedures) 2005.

6 FINANCIAL IMPLICATIONS

Council has allocated \$10,710 in the 2022/23 Budget for the operations of an Audit Committee.

7 RISK ISSUES

There is a risk that Council cannot perform an important function of its operations without at least one independent audit committee member.

8 CONSULTATION WITH STATE GOVERNMENT

N/a

9 COMMUNITY CONSULTATION

Expressions of interest was called via an advertisement in the Examiner newspaper.

10 OPTIONS FOR COUNCIL TO CONSIDER

Council has received limited interest for membership of the audit committee and has the option to:

- 1. Appoint a single independent member, or
- 2. Appoint two independent members.

11 OFFICER'S COMMENTS/CONCLUSION

Councillors Adams and Terrett are Council's internal members of the audit committee.

Former independent audit committee members Mr Ben Coull and Ms Carol Scholes-Robertson recently resigned from the committee due to current work commitments.

15.3 TRANSFER OF OWNERSHIP: PERTH COMMUNITY CENTRE AND PERTH TENNIS COURT

Responsible Officer: Maree Bricknell, Corporate Services Manager
Report prepared by: Maree Bricknell, Corporate Services Manager

RECOMMENDATION

That Council agree to accept ownership from Department of Education of the Perth Community Centre and Perth Tennis Court property parcels known as PID 7257319 and PID 7257327

1 PURPOSE OF REPORT

The purpose of this report is for Council to consider an offer from the Department of Education to accept ownership of the Perth Community Centre and Perth Tennis Courts which have previously been under long-term lease agreements with Council and the Tennis club respectively.

2 INTRODUCTION/BACKGROUND

On 20th February 2023 Council received an email from Brett Chandler, Senior Asset Data and Systems Consultant, Facility Services, Department of Education, Children and Young People enquiring about Council's intentions going forward with the Perth Community Centre building and carpark following the relocation of the childcare services.

Council officers advised that there would be no change to the continued community use of the Perth Community Centre and carpark.

On 1 March 2023 Mr Chandler advised that his department would look at possibly transferring the centre and the carpark to Council as a Section 12 Land Transfer under the Crown Lands Act 1976, if Council approved.

On 6th March 2023 Council advised that Council would also like the Tennis Court to be transferred to Council ownership.

Mr Chandler wrote back on the 7th March 2023 to advise that the department had a change of mind regarding transfer of the carpark area and would prefer to keep the car park in their ownership, but would consider the transfer of the bulk of the Community Centre and the Tennis Courts to Council as per the following red and orange highlighted areas on the image of the property.

He further advised that the School Association is in the process of determining their support to transfer the Community Centre and Tennis Courts to Council.

The Department is now awaiting Council's acceptance, or otherwise, of this proposed transfer of land.

3 STRATEGIC PLAN & INTEGRATED PRIORITY PROJECTS PLAN

3.1 Strategic Plan 2021-2027

The Strategic Plan 2021-2027 provides the guidelines within which Council operates.

Lead: Serve with honesty, integrity, innovation and pride

Leaders with Impact

Strategic outcomes:

- 1.1 Council is connected to the community
- 1.3 Management is efficient, proactive and responsible
- 1.4 Improve community assets responsibly and sustainably

People: Culture and society - a vibrant future that respects the past

Sense of Place - Sustain, Protect, Progress

Strategic outcomes:

- 3.3 Public assets meet future lifestyle challenges
- 3.4 Towns are enviable places to visit, live and work

3.2 Integrated Priority Projects Plan 2021

This plan has been developed with a coordinated perspective to align with local, regional, state and federal plans. Rather than grouping projects by town or assembling a long list of 'nice to have' projects, this plan takes a Councilwide view of needs and opportunities in relation to the strategic investment drivers in the region. This matter has relevance to:

Not applicable.

4 POLICY IMPLICATIONS

N/A

5 STATUTORY REQUIREMENTS

The following Acts, legislation, and standards relevant to this matter:

• Crown Lands Act 1976

6 FINANCIAL IMPLICATIONS

The land would be transferred to Council for nil consideration.

Council will have to pay the stamp duty on the land transfer which is a statutory cost payable to the State Revenue Office.

Council would need to pay future ongoing land ownership costs including land tax.

7 RISK ISSUES

Without ownership or a long-term lease agreement Council has a risk that the facilities will not be available for community use and enjoyment.

8 CONSULTATION WITH STATE GOVERNMENT

As described above.

9 COMMUNITY CONSULTATION

The Perth Tennis Club have been lobbying separately for the ownership of the Tennis Courts to be transferred to Council ownership so that they are able to access infrastructure grant funding to improve their facilities.

10 OPTIONS FOR COUNCIL TO CONSIDER

The following are options for Council to consider:

- Accept transfer of Perth Community Centre and Perth Tennis Court land.
- Not accept transfer of Perth Community Centre and Perth Tennis Court land.
- Council request transfer of 50 percent of the carpark in addition to the Community Centre and Tennis Courts.

11 OFFICER'S COMMENTS/CONCLUSION

The land to be transferred comprises of 3,284m².

The Perth Community Centre and Perth Tennis Court property parcels are known as PID 7257319 and PID 7257327.

The community funded the construction of the Perth Community Centre through a Special Rate levied on the Perth township for several years in the 1980's.

16 WORKS REPORTS

16.1 STICKY BEAKS CAFE CORNER (CNR WELLINGTON AND MARLBOROUGH STREETS): UPGRADES AND SAFETY

Responsible Officer: Leigh McCullagh, Works Manager
Report prepared by: Jonathan Galbraith, Engineering Officer

RECOMMENDATION

That Council Officers continue to lobby the Department of State Growth for funding to carry out a detailed safety analysis of the intersection.

1 PURPOSE OF REPORT

The purpose of this report is for Council to consider the recently completed works on Stickybeaks Corner and the motion from the Council meeting held on December 12th, 2022.

2 INTRODUCTION/BACKGROUND

Following safety concerns raised by residents and nearby businesses Council engaged JMG Engineers to review the safety of the intersection and provide some design options for improvement works.

JMG investigated three options:

- 1. Installing a physical barrier to protect the building
- Closing Wellington St to through traffic at the intersection in one or both directions estimated cost \$26,000 -\$42,000
- 3. Constructing a roundabout. estimated cost 2.5 million

At the Council meeting on December 13th, 2021 the Council chose option 1, and approved the construction of outstands and concrete planters, as a physical barrier to protect the building.

The JMG report suggested three possible types of barrier to achieve option 1.

- a) Concrete planters (the design chosen by Council)
- b) Steel bollards
- c) Guardrail

Council chose the concrete planters as their preferred barrier type based on the visual appearance and cost. If steel bollards were installed a large number of closely located bollards would have been required.

State Roads have not assessed barrier types b) and c); if a change is to be made to the existing installation (bollards and planters) a detailed assessment, including suitable colours for visibility, would have to be undertaken by the Department.

Council did not support the closing of Wellington Street because of concerns regarding the impact this may have had on businesses and residents in the area, and the construction of the roundabout was not supported due to the cost.

Following this decision from Council the design plan provided by JMG was sent to the Department of State Growth for them to give approval for the works to take place. Approval was received from the Department of State Growth on January 17th, 2022.

A planning application was approved on June 20th, 2022. No representations were received from the public. The application included concept plans from the Council's heritage adviser, David Denman, and as part of this application heritage advice on the appearance of the bollards was provided to Council by Mr. Tony Purse, Council's heritage adviser when Mr Denman has had input to an application on the Council's behalf. The plans were also again referred to the Department of State Growth as part of this process and they accepted the plans without providing any further comment.

Works commenced in November 2022 and were carried out for Council by a contractor.

The matter was discussed at the December 2022 Council meeting prior to the completion of the works and a foreshadowed notice of motion was passed;

FORESHADOWED MOTION

Deputy Mayor Lambert/Cr Brooks

- 1. That Council Officer's prepare a report regarding the works at Sticky Beak's Corner (cnr Wellington and Marlborough Streets) to be presented to a future Council Meeting.
- 2. That the Officers report specifies: works that have been wholly or substantially carried out; other opportunities to improve the safety of the area; and insurance status.

As a result of this motion Council's Engineering Officer was requested to prepare a report to be presented to a future Council Meeting and Council requested, "That the Officers report specifies: actions specified in the resolution; whether actions have been wholly or substantially carried out."

2.1 Other opportunities to improve the safety of the area

The concrete blocks that have been installed provide protection for the building and pedestrians but do not address the issues relating to the design of the intersection. The engineers at JMG who prepared the design options for Council have advised that the only way to further improve safety is to look at the overall intersection layout.

Previous proposals for a roundabout have been considered by Council but have not been progressed due to the costs involved and the need for land acquisition, and that the intersection is a State responsibility.

Marlborough Street and the area of the intersection is the responsibility of the Department of State Growth. Council may choose to continue to lobby the Department of State Growth to do a detailed safety analysis of the intersection and commit funding towards upgrades.

There were three recent crashes at the intersection which caused damage to private buildings and Council Infrastructure. The Department of State Growth has provided historic information regarding reported crashes at the intersection, advising that two crashes occurred in 2014.

The proposed upgrades to the Longford Main Street will assist in traffic calming and therefore reduce the speeds of vehicles approaching from the north, which will improve safety at this intersection.

2.2 Insurance status

The proposed works have been certified by a qualified and experienced Civil Engineer who has considered the risks of a vehicle impacting the bollards and the risk that the bollards may obscure a drivers view of pedestrians crossing at the intersection. The site distance when turning at the intersection has also been considered and the site has been inspected by the engineer when works were completed.

Works have also been installed in accordance with the design plans which were approved by the Department of State Growth and funded through their Vulnerable Road Users Program.

Comment from Council's insurer has been sought but nothing received at time of this report being issued.

2.3 Concerns regarding compatibility with the heritage values of the area

Following the installation of the concrete blocks John Izzard, a local resident, has raised concerns about compatibility with the heritage values of the area. He contacted Mr. Ian Boersma of Heritage Tasmania who advised that in his opinion the concrete boxes would be more compatible with the heritage values of the area if painted a similar colour to the building.

A design for the cladding of the boxes was developed by Council's heritage advisor Mr. David Denman and the colours used were those recommended by Mr. Denman. As part of the planning process this design was reviewed by an independent architect, Mr. Tony Purse.

Council officers have considered this advice and it is their opinion that the colours that have been chosen are more appropriate for safety at the intersection because there is some contrast between these bollards and the building behind. It is noted that the colours chosen are heritage colours and were recommended by a heritage advisor.

2.4 Other concerns raised by Mr. John Izzard

Mr. Izzard has also raised a number of other concerns around the design and approval process for the works, and whether they should be assessed under Vicroads Traffic Barrier Guidelines or other related guidelines. He also expressed concern that the planters may create a traffic hazard.

The design was carried out by an experienced traffic engineer who has experience in intersection and safety barrier design and as they were engaged by Council there was no requirement that they follow the Vicroads Guidelines for the initial design work. The design was based on using locally produced products that have been certified by the engineers at JMG as being suitable for this location, and in accordance with standard engineering practice an additional factor of safety was applied in the design and calculations.

The design was then assessed and approved by the Department of State Growth and their approval indicates that they were satisfied with the design that was prepared by the traffic engineer.

3 STRATEGIC PLAN & INTEGRATED PRIORITY PROJECTS PLAN

3.1 Strategic Plan 2021-2027

The Strategic Plan 2021-2027 provides the guidelines within which Council operates.

Lead: Serve with honesty, integrity, innovation and pride

Leaders with Impact

Strategic outcomes:

1.4 Improve community assets responsibly and sustainably

Progress: Economic health and wealth - grow and prosper

Strategic Project Delivery - Build Capacity for a Healthy Wealthy Future

Strategic outcomes:

2.1 Strategic, sustainable, infrastructure is progressive

People: Culture and society - a vibrant future that respects the past

Sense of Place - Sustain, Protect, Progress

Strategic outcomes:

3.1 Sympathetic design respects historical architecture

3.2 Integrated Priority Projects Plan 2021

This plan has been developed with a coordinated perspective to align with local, regional, state and federal plans. Rather than grouping projects by town or assembling a long list of 'nice to have' projects, this plan takes a Councilwide view of needs and opportunities in relation to the strategic investment drivers in the region. This matter has relevance to:

Foundation Project/s:

Projects which are expected to have a transformational impact on the community. Council considers these projects to be a focal point for investment in the Northern Midlands region.

4.1 Main Street Upgrades - Campbell Town, Longford & Perth:

These projects will improve visual amenity, enhance connectivity and help to capitalise on each town's existing attractions, historical features and natural assets.

4 POLICY IMPLICATIONS

N/A

5 STATUTORY REQUIREMENTS

The following Acts, legislation, and standards relevant to this matter:

- Local Government Highways Act 1982
- LGAT Tasmanian Municipal Standard drawings
- Standard drawings transport services

6 FINANCIAL IMPLICATIONS

The works are now complete and the there are no further works proposed for the intersection at this time.

The cost of works was \$80,076, of which Council will receive \$20,000 from the Vulnerable Road Users Grant.

7 RISK ISSUES

A detailed assessment of the risk at this intersection was carried out by the design engineers as part of their works and it was noted that whilst this design does not address all the issues with the intersection layout it does provide increased protection for pedestrians and the building.

8 CONSULTATION WITH STATE GOVERNMENT

Several onsite meetings have been held between Council Officers and officers from the Department of State Growth (DSG) and there has been ongoing discussion between Council Officers and representatives of the Department of State Growth since that time. Most recently, Council officers met with Garry Hills, Department of State Growth, on 24 August 2021.

9 COMMUNITY CONSULTATION

A number of community members have written to Council and attended Council meetings to raise their concerns over this matter and in preparation of their initial report on this intersection JMG staff carried out community consultation with several nearby business owners.

The consultation identified a number of concerns including the risk of damage to buildings, the risk of a pedestrian being stuck by a vehicle mounting the kerb and concerns about what impact a partial closure of the intersection may have on nearby businesses.

Council regularly posts project updates to Facebook and on 22 December 2022, a post titled "Sticky Beaks Corner Update", was added.

The post attracted 97 positive reactions and was shared a further 5 times by community members. When shared posts were investigated, there was a range of views portrayed in the comments however the majority indicated an understanding of why the planters were installed and an acknowledgement of safety concerns at the intersection.

10 OPTIONS FOR COUNCIL TO CONSIDER

The following are options for Council to consider

- Take no further action and continue to monitor safety at the intersection
- Continue to lobby the State and Federal Governments for funding to carry out a detailed safety analysis and upgrade the intersection if required.

11 OFFICER'S COMMENTS/CONCLUSION

The works which were funded by the vulnerable road user program and approved by the Department of State Growth are now complete and Council Officers will continue to monitor safety at the intersection.

It should be noted that the Department of State Growth have the primary responsibility for this intersection as the road owner and at this stage they have indicated that they do not see this upgrade as their highest priority.

It is recommended that Council continue to lobby the Department of State Growth to look more closely at this intersection and that they consider reviewing the priority they have placed on this matter. Engineers at JMG have advised that there are limited opportunities to do further safety improvements on the corner without a full re-design of this State Growth maintained intersection.

11.1 Heritage concerns

Two independent architects with significant experience in heritage and planning matters, Mr. Tony Purse and Mr. David Denman provided input into the design and the planning assessment of these works. The colours that have been chosen are heritage colours which provide some contrast with the building behind which improves visibility for road users.

11.2 Safety concerns

The design was carried out by an experienced traffic engineer who considered sight distance, pedestrian safety and the effect of a vehicle impact on the barriers as part of the design work. Supporting documentation has been provided to Council addressing all of these issues.

An onsite inspection was carried out with the design engineers from JMG following the completion of the works. At this inspection the engineers confirmed that the installed height of the pits (nominally 950mm) and all other aspects of the work matched design plans. Sight distances for pedestrians using the crossing and vehicles exiting the intersection were also checked and advice was provided confirming that the sight distances met the requirements of the Austroads standards.

11.3 - Concerns regarding the Department of State Growth Assessment Process

The Department of State Growth is the road authority responsible for Marlborough Street, is not a Council road, but Council are responsible for the maintenance of kerb and channel and footpaths. The particular design guidelines or standards which may have been used by the Department of State Growth in their assessment are not a matter for Council to comment on, but the Department of State Growth approved this design on three separate occasions; for the vulnerable road user funding, for planning approval and for construction approval.
