

Devon Hills Community Emergency Plan

Emergency Alerts is a national telephone based emergency warning system to warn the public in the event of major emergencies, including serious bushfires. **Emergency Warning** messages may be sent by Emergency Services as recorded voice messages to fixed phones or as SMS text messages to mobile phones to people in affected areas.

Fire alerts are provided by Tasmanian Fire Service through its website www.fire.tas.gov.au and ABC local radio on 91.7FM

IN THE CASE OF AN EMERGENCY or a fire travelling from the direction of the Midlands Highway towards Devon Hills and an **EMERGENCY WARNING** has been issued for residents of Devon Hills to evacuate the area, an evacuation route has been planned through Woodville Estate Reserve.

To gain access to the evacuation route residents would travel along Devon Hills Road to the entrance of Woodville Estate Reserve where they would have access to travel through the Reserve onto Perth Mill Road. The reserve gate is situated between number's 64 and 66 Devon Hills Road and directly opposite the rear entrance to number 67 Devon Hills Road.

*View of Entrance to
Woodville Estate Reserve
from Devon Hills Road*

A track runs from the entrance of the reserve through the reserve to the exit gate, which is opposite the old Gunns Timber Mill, and onto Perth Mill Road. On reaching Perth Mill Road turning right will take the driver towards Perth and turning left will take them towards Western Junction.

Within the Devon Hills community there are four (4) residents who have possession of keys to the locks attached to the gates at Woodville Estate Reserve.

- Phil & Cheryl Canning, 57 Devon Hills Road – Mobile 0407 138 689, phone 63982915
- Graeme Gliddon, 21 Summit Drive – Mobile 0419339625
- Margaret and Greg Webster, 46 Summit Drive –Phone 6398 20 71
- Ron & Jan Coghlan, 66 Devon Hills Rd – Mobile 0458187321, phone 63981863

These people can be contacted by residents, Council Officers, Tas Fire, Police and SES for the purpose of opening these gates to allow residents access to the reserve in an emergency.
